THE FRONT END of a car driven by Richard Young, 23, of Green Bay, dangles over the waters of the Fox River after roadway and the raised span Friday night. Young, alone in the car, was killed. It took over an hour to free the wreck. It crashed through a warning gate and wedged between the gate. (AP Wirephoto)

## Soviet Reply To East-West Aims Sought

UNITED NATIONS, N.Y. — The Nixon administration looked to a meeting between Secretary of State William P. Rogers and Foreign Minister Andrei A. Gromyko tonight for signs of whether the Soviets intend to negotiate seriously on some outstanding East-West issues.

Items for the dine-and-talk session at Rogers' Waldorf suite included the long-awaited Kremlin answer to President Nixon's bid to begin missile curbs talks, the Middle East crisis, European security and Berlin.

It is the first private, high-level U.S.-Soviet parley since Nixon took office with his "negotiation rather than confrontation" as posture toward relations with the Communist world.

**Russ Responses Slow**  
Moscow's responses to the new U.S. leadership, in Washington's opinion, have added up to a mixture of pluses and minuses—and an unexpectedly long silence on the U.S. notice, given June 11, of American readiness to begin talks with the Russians on limitation of missiles and other strategic arms.

Finnish Foreign Minister Ahti Karjalainen said over the weekend that the two nuclear superpowers probably will start the disarmament talks in Helsinki in mid-October. But U.S. officials said no word had been received yet from the Russians.

Some clues to the Kremlin's negotiating stance appeared in Gromyko's speech Friday to the U.N. General Assembly—which U.S. diplomats rated as standard Soviet fare and somewhat disappointing—and in private contacts.

**Hopes Dimmed**  
On Vietnam, for instance, Gromyko's strong public rebuff of Nixon's plea for help in persuading Hanoi to accept U.S. hopes for a favorable reaction should Rogers broach the question with Gromyko.

On the Middle East, Rogers

## Moslem Leaders Seen Softening Summit Demands

RABAT, Morocco (AP) — Leaders of 24 Moslem countries—most of them moderates on the Arab-Israeli question—met today in Morocco's capital to discuss Israel's annexation of Jerusalem. But a dispute appeared likely over Arab demands for stronger words.

Revolutionary Arab leaders, including Egypt's President Gamal Abdel Nasser, sent word they would not attend the three-day meeting.

Non-Arab leaders were expected to limit their protests to adoption of resolutions condemning the annexation of Jerusalem by Israel after the 1967 war and the fire Aug. 19 in Jerusalem's Al Aksah mosque, one of Islam's most holy places.

The conference was called to take advantage of the widespread indignation which the burning of the mosque caused in Arab lands. The Arab states hoped to widen the discussion from Jerusalem to a general condemnation of the Israeli occupation of parts of Jordan, Egypt and Syria.

## Astronaut Fails In Big Game Hunt

LANDER, Wyo. (AP) — James A. McDivitt and William A. Anders won warrior ratings but fellow astronaut Walter R. Cunningham had to eat with the women after the 26th annual One-Shot Antelope Hunt.

Those who bagged their game with a single shot were served with the male company of warriors. The others ate with the women.

## Plan More GI Cuts

WASHINGTON (AP) — The Pentagon announced plans today to cut U.S. armed strength by another 77,500 men, sidelining more than 200 planes and mothballing another 22 ships. The new economy moves will save an estimated \$356 million this year.

**Manpower Reductions**  
The manpower reductions include deactivation of two-thirds of the 5th Marine Division which was activated for the Vietnam war in March 1966.

A total of 20,300 Marines are involved but the division's 26th Regiment will stay in Vietnam. The Navy ship layup, which brings the total for the year to 98, includes the intelligence gathering ship Banner—sister ship of the USS Pueblo which was seized by North Korea—and the Palm Beach.

**AF To Cut 50,000**  
The Air Force will reduce its manpower strength by 50,000

and is to cut its civilian employee payroll by 13,000.

A total of 209 planes will be cut off the Air Force active inventory phased out.

These include such special types as 24 WB47 weather reconnaissance aircraft, F100 and F4 fighters and big cargo planes.

The Navy also is deactivating

11 aviation units including four attack aircraft squadrons at Cecil Field, Fla., and Lemoore, Calif.

**Rely On Destroyers**

A Pentagon spokesman said the spy functions of the retiring Banner and Palm Beach—which are listed officially as "environmental research ships"—will be assumed by other ships and reconnaissance aircraft.

Pentagon sources have indicated that the Navy will rely more on destroyers and less on lightly armed and thus highly vulnerable vessels for future intelligence missions.

The bulk of the 5th Marine Division which is being deactivated consists of the 27th and 28th Regiments stationed at Camp Pendleton, Calif. The outfit has served as a rotation base for Marines going to and from Vietnam.

The Pentagon announcement said that elements of the 3rd Marine Division which was recently tabbed to leave Vietnam will be based at Camp Pendleton and Okinawa.

Pentagon spokesmen also said that men of the 3rd Division with 12 months service will be allowed to redeploy from Vietnam.

The normal Marine tour in Vietnam is 13 months. Spokesmen said this still applies to Marine units remaining in Vietnam.

## Reds Denounce Talk Of Illness To Mao

MOSCOW (AP) — The Chinese Communist Embassy denounced as "lies and slander" today reports circulating in Moscow that Chairman Mao Tse-tung is critically ill.

The reports, lacking any official Soviet confirmation, have been attributed to "reliable Communist sources." One report said Mao had suffered a stroke Sept. 2 and that only massive medical attention was keeping him alive.

**Mao Tse - Tung**  
"This is typical of the lies and slander of the American bourgeois press which is always hostile to People's China," said a Chinese Embassy spokesman. Informed that Communist sources in Moscow had circulated the report, he snapped "That is the same thing."

Mao

## Attorney Asks Open Trial For 2 Green Berets

SAIGON (AP) — The civilian attorney for two of the Green Beret officers accused of murdering a suspected Vietnamese double agent said today he would demand a "completely open" trial "with all relevant evidence put on the table."

Attorney Henry B. Rothblatt, who arrived today from New York City, also said the defense would call Gen. Creighton W. Abrams, commander of U.S. forces in Vietnam, as a witness "if his testimony is relevant to the case."

Rothblatt is an attorney for Maj. David E. Crew of Cedar Rapids, Iowa, and Capt. Leland J. Brumley of Duncan, Okla. Brumley and two others are scheduled to go before a general court-martial Oct. 20, but the defense is expected to ask for a postponement. The other three officers are to be tried later, but the charges against them may be dropped if the first three are acquitted.

**Berlin Election Eyed**  
On Berlin, some western diplomats suspect Moscow's latest approach to Bonn are aimed at influencing the West German elections next Sunday.

The European security question has been raised frequently by the Soviets this year. As Washington sees the Communist proposal for an East-West meeting of European powers to work out a permanent settlement, it seems similar to past Moscow efforts to get withdrawal of U.S. forces from Europe without an equivalent Soviet cutback.

The Soviets have not made clear whether United States would be invited to the proposed European security conference, U.S. sources said.

**Moslem Leaders Seen Softening Summit Demands**

RABAT, Morocco (AP) — Leaders of 24 Moslem countries—most of them moderates on the Arab-Israeli question—met today in Morocco's capital to discuss Israel's annexation of Jerusalem. But a dispute appeared likely over Arab demands for stronger words.

Revolutionary Arab leaders, including Egypt's President Gamal Abdel Nasser, sent word they would not attend the three-day meeting.

Non-Arab leaders were expected to limit their protests to adoption of resolutions condemning the annexation of Jerusalem by Israel after the 1967 war and the fire Aug. 19 in Jerusalem's Al Aksah mosque, one of Islam's most holy places.

The conference was called to take advantage of the widespread indignation which the burning of the mosque caused in Arab lands. The Arab states hoped to widen the discussion from Jerusalem to a general condemnation of the Israeli occupation of parts of Jordan, Egypt and Syria.

The line stretched six miles at one time and the delay grew to three to four hours. Inspectors manned all 16 gates with orders to make thorough checks of all vehicles and occupants.

**20,000 Pedestrians**  
There also were 20,000 returning pedestrians.

Treasury Secretary David M. Kennedy and Atty. Gen. John M. Mitchell announced in a joint statement Sunday that Operation Intercept was in full swing and would continue indefinitely.

A spokesman for the program in Los Angeles said a rented airplane leaving Mexico tried to evade Operation Intercept aircraft but was forced to land at Bakersfield Friday.

It carried 1,000 pounds of marijuana, the spokesman said, and is to cut its civilian employee payroll by 13,000.

## Public Airing Due On Rioting

LONDON (AP) — The Roman Catholics of Bogside took down more barricades today as a three-man tribunal opened a public inquiry into the religious warfare that rocked Northern Ireland last month.

The tribunal, headed by British High Court Justice Sir Leslie Scarman, met under the guard of British troops in Londonderry's county court house.

As three more barricades came down today, residents immediately painted a four-inch-wide white line across their street as a symbolic barrier.

The Derry Citizens Association will retain control of the district, and Northern Ireland police may not cross the line.

Troops took up positions outside the line but did not put up barbed wire checkpoints as they have done in Belfast. The barricades came down there last week.

A Catholic spokesman said the rest of the Bogside barricades would be down in a few days.

Virtually all the barricades have already come down in Belfast, but one was hastily rebuilt last night after a bomb exploded in a children's play street.

A gelfin charge blew out factory windows last night in a square 300 yards from the city hall. No one was injured.

## Body Of Man, 62, Found In Lake

CHAPLEAU, Ont. (AP) — The body of David E. Johnson, 62, of Baldwin, Mich., was found floating in Kennedy Lake 30 miles south of here Friday, seven days after he disappeared during a fishing trip.

An autopsy is to be held at Sault Ste. Marie, Ont., about 110 miles northeast of here, but no date was announced.

**Today's Chuckle**  
Often a man will let his wife rule the household, fearing that if she can't reign, she'll storm.

## Fighting On Increase In Da Nang War Zone

SAIGON (AP) — North Vietnamese troops shot down five American helicopters, including three during an infantry assault today on the edge of the Que Son Valley south of Da Nang.

A U.S. spokesman said it was not known immediately how badly the three choppers were damaged.

**Immediate Contact**  
A fleet of helicopters landed American infantrymen from the 196th Brigade in a hilly area 34 miles south of Da Nang. The men immediately made contact with North Vietnamese troops, triggering a 3½-hour fight.

The U.S. Command said one American was killed and nine wounded, but it could not say whether any of the casualties were in the helicopters shot down or all were in the ground fighting.

Three North Vietnamese soldiers were reported killed.

The fighting occurred eight miles east of Hiep Duc, a refugee resettlement town which has been threatened since last month by two regiments of the North Vietnamese 2nd Division. In two weeks of heavy fighting in the area last month, the U.S. Command reported 75 American and up to 1,000 North Vietnamese killed.

**2 Helicopters Destroyed**  
The other two American helicopters shot down were destroyed and raised to 3,040 the total of U.S. helicopters reported lost in Vietnam.

One of them, a small Army observation helicopter, was downed last Friday about 12 miles west of where the three troop-carrying helicopters were hit Monday, the U.S. Command

TWO JAPANESE leftist students caught fire during clash with police during recent riot in Tokyo. Their clothes were ignited when they tried to hurl Molotov cocktails at the police. They put out the flames by rolling on the ground and then disappeared into the milling crowd. (AP Wirephoto)

SAID. Three Americans were wounded.

An Army Cobra gunship was downed in Thua Thien province Sunday 26 miles northwest of Da Nang, wounding one man aboard.

The South Vietnamese government reported that Viet Cong terrorists raided two refugee camps in Quang Ngai Province early Saturday and killed 19 persons, including eight members of the family of a national policeman.

**11 Persons Wounded**  
Eleven other civilians or militiamen were wounded in the attacks, about 100 miles south of Da Nang.

North Vietnamese soldiers surprised American infantrymen who had just dug shallow foxholes Sunday night along a ridgeline 92 miles southeast of

Da Nang and blasted them with heavy mortar and rifle fire. Eleven Americans were killed and 10 others wounded. U.S. headquarters said enemy losses were not known.

The U.S. infantrymen from the Americal Division's 11th Brigade had set up a circular night bivouac with claymore mines placed outside the perimeter, but no barbed wire was strung.

A division spokesman said first reports indicated the perimeter had not been penetrated. He said most of the casualties were caused by the barrage of 45 mortar shells.

After the shelling, Army helicopter and Air Force gunships raked the suspected North Vietnamese positions.

Scattered fighting was reported elsewhere across South Vietnam.

## Escanaba Boy Killed On M-35

A 9-year-old Escanaba boy became Delta County's fourth traffic fatality for 1969 when he was struck by a car while running across the Ford River Bridge on M-35 at 4:50 p. m. Sunday.

Robert A. Johnivan, 9, Rte. 2, Escanaba, was fleeing some rock-throwing pursuers with his sister when he darted out in front of a car being driven by Roswell J. Schwandt, 50, Minneapolis, Minn. Schwandt was headed south at the time of the accident.

The boy was taken by city ambulance to St. Francis Hospital where he was pronounced dead on arrival by Dr. Donald Fitch.

Bonnie J. Johnivan, 10-year-old sister of the victim, told State Troopers that some boys were throwing rocks at her and her brother forcing them to flee across the bridge.

No traffic citation was issued and Schwandt was released.

The Johnivan boy was born in Iron River on Aug. 22, 1960. He was a student at the Ford River School.

He is survived by his parents, Mr. and Mrs. Arnold Johnivan, Ford River; three brothers, Gary, Dennis and Ronald; four sisters, Shirley, Bonnie, Mary and Gladys; two step-sisters, Mrs. Robert Coulard, Green Bay, Wis., and Mrs. Lewis Stap, Omaha, Neb.; two step-brothers, William Johnivan, Iron Belt, Wis., and Bernard Johnivan, St. Paul, Minn.; and a paternal grandmother.

**Two Men Injured In Plane Mishap**

HOLBROOK, Ariz. (AP) — A Fort Worth Tex., pilot and his Berrien Springs, Mich., passenger have been seriously injured in a plane crash here.

Holbrook police said the single-engine plane crashed while taking off Friday from the Navajo Mission Airfield.

The pilot, Robert C. Emont, Fort Worth, was listed in fair condition in Holbrook Hospital today. Passenger Gordon Engen, Berrien Springs, was reported in very guarded condition.

SAID. Three Americans were wounded.

An Army Cobra gunship was downed in Thua Thien province Sunday 26 miles northwest of Da Nang, wounding one man aboard.

The South Vietnamese government reported that Viet Cong terrorists raided two refugee camps in Quang Ngai Province early Saturday and killed 19 persons, including eight members of the family of a national policeman.

**11 Persons Wounded**  
Eleven other civilians or militiamen were wounded in the attacks, about 100 miles south of Da Nang.

## Racial Hiring Plans Rapped

ATLANTIC CITY, N.J. (AP) — The leader of 3.5 million AFL-CIO construction union members denounced government officials and civil rights groups today for trying to force racial hiring quotas on the building trades unions.

"We are being harassed by so-called Black coalitions right now in several cities," said President C. J. Haggerty of the AFL-CIO Construction and Building Trades Department.

Demonstrating Black militants have shut down construction projects in Pittsburgh and Chicago in demanding more jobs for Negroes.

Haggerty said the construction unions have recruited some 4,000 Negro and other minority youth apprentices in the past two years and will take in more.

But "our apprentice training programs are going to remain in the hands of our crafts and our contractors. They are not going to be turned over to any coalition," Haggerty told the department's biennial convention.

"Ours is an industry of highly skilled workmen. Without those skills it would be impossible to provide the needed building and construction. Our members have those skills because they were trained and trained properly," Haggerty said.

He accused the press, civil rights groups and some government officials of branding construction unions as still lily-white despite government figures showing Negro representation has risen to about 4 per cent nationally and much higher in some cities.

## Fact-Finders To Prepare Economic Report On U.P.

By JEAN WORTH  
Of Panax Newspapers

**MENOMINEE** — An economic fact-finding tour of the Upper Peninsula ended Saturday and this week four participants started preparation of a report on its findings and recommendations.

Headed by Richard Whitmer, director of the Michigan Department of Commerce, the tour visited 10 Upper Peninsula cities and heard the problems and hopes of virtually every sizeable community north of Mackinac.

There were large turnouts at all cities visited and organized presentations of what each community regarded as its top needs involving state support.

The Upper Peninsula is a huge area and the economies of its communities are greatly diversified. In Sault Ste. Marie, which has lost all its basic industries, the overriding dread is the scheduled closing of Kincheloe Air Force Base in October, 1970, with a loss of about \$20 million a year in base spending and 300 civilian jobs.

**Munising Forceful**  
In Calumet, the worry is about the 1,200 jobs lost with the closing of the mines and mills of the Calumet & Hecla Division of Universal Oil Products. Marquette hopes to recover the loss of 330 jobs lost with the closing of Royal Oak's charcoal and wood chemical plant.

## Honor Authors Of Education History

Authors of The History of Education in Michigan Series and the Michigan Historical Commission were complimented by Dr. Ira Polley, superintendent of public instruction, at a dinner meeting honoring the authors at Mount Pleasant Thursday night.

Representing the citizens of Michigan, Dr. Polley said he not only wished to honor the authors of the History of Education series but also to "pay respects to the Michigan Historical Commission."

"The Commission has exercised good taste, dignity, and mental honesty in administering the John M. Munson Fund" which financed the publications he said.

Dr. Polley also paid tribute to Michigan's historians whose work adds to "essential human knowledge of this and future generations," and does honor to the memory of Dr. Munson, who died in 1950. Dr. Munson provided in his will a substantial trust fund to finance historical studies and their publication.

The authors of the four volumes are Floyd R. Dain, Charles R. Starring and James O. Knauss, Donald W. Disbrow and Willis F. Dunbar. Knauss

was unable to attend because of illness.

Willard Wichers, Holland, Commission president, conducted the dinner program. Guests included F. Clever Bald, historian and author, Ann Arbor; and Mrs. Ruth Butler, Marquette, honorary trustee of the Historical Society of Michigan.

Attending from Escanaba were Clint Dunathan, Historical Commission member, and Mrs. Dunathan, president of the Delta County Historical Society.

## Huebler Heads Optimist Club

William S. Huebler

The Optimist Club of Escanaba installed officers at a banquet at the Dells Supper Club Friday night, with William S. Huebler, the new president, succeeding Dr. John R. LeMire, outgoing president.

Master of ceremonies for the evening was Gary LaPlant, who was also co-chairman of the banquet with Thomas Butch.

Dr. LeMire told of the Club's achievements and of the goals hoped for in the near future. Besides the Club's usual projects, such as bicycle safety, Michigan Week youth day, it was announced by Dr. LeMire that the Club plans to build a "Tot Lot" at Ludington Park.

One of the highlights of the evening was a preview of some of the songs of "Mame" performed by the Players de Noc, who came to the Dells to entertain the Optimists.

Huebler will take over as president immediately. He is active in the Boy Scouts, and has been active in community projects since he moved to Escanaba with his family in August of 1963.

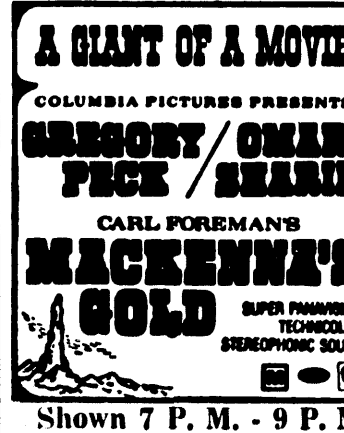

The other officers are Robert Bink and Richard Derusha, vice presidents; Lawrence Ambeau, secretary; and Joseph Jazdzewski, treasurer.

## Police Officer Completes School Safety Training

Patrolman Ronald Kallenbach of the Escanaba Police Department has returned from Michigan State University, East Lansing, where he completed a school safety education course.

He received information on the latest methods in implementing school safety patrol programs and will work with students and teachers in the improvement of school safety in the community.

Police Chief Richard Fredrick said that Officer Kallenbach will be available to schools and school groups as an informed consultant in the solution of safety problems.

## Garden Hosts GOP Meeting

A record turnout of 50 Garden residents attended the monthly meeting of the Delta County Republican party held at the Garden Public Library last Thursday and heard Rick Jurmu and Karen Olson tell of their recent session at a Teenage Republican Club held near Flint.

Jurmu and Miss Olson said the purpose of the camp was to educate teenagers in legislative procedures and party indoctrination.

"Besides a lesson in practical party politics," Jurmu said, "we took under consideration and debated bills such as parochialism, sex education and motorcyclists safety."

The Delta County teenagers were five of 110 other Michigan high school students who attended. Jurmu was elected a regional representative from the Upper Peninsula and will attend three other TAR sessions to be held during the year.

Both the young people said they felt the expense of the camp, provided by the Delta County Republican Party was "money well spent."

Mrs. Barbara Nebel of Kipling gave a report on the eighth biennial leadership convention held on Mackinac Island Sept. 12-14.

Republican County Chairman H. H. Dubblede announced to the Garden residents recently approved task force appointees are Arthur Pope of Gladstone, higher education task force; Mrs. Alice Fawcett, Escanaba, election laws; and Mrs. Barbara Nebel, natural resources and pollution problems.

Garden residents discussed plans for a recognition day breakfast for Rep. Charles Varnum to be held Oct. 23.

## Second Building Started On Bay Campus Today

Construction work on the second building on the Bay College campus began today. President Rinehart of the College announced that final processing of the bond sale made it possible for the contractors to begin work.

He also stated and reported to the State Government officials touring the Upper Peninsula that this bond sale was a fine example of the Upper Peninsula's willingness to help itself whenever possible. He pointed out that the bond issue sale to fifteen Upper Peninsula banks represented a major reinvestment of funds in the development of the area.

He noted that the State Bank of Escanaba had purchased the largest amount of the bond issue and that all the participating banks were receiving an expression of appreciation from the College for their investment.

One of Africa's smallest and most primitive tribes, the El Molo live along the bleak shores of remote Lake Rudolf in northern Kenya, the National Geographic Society says.

## Picture Spotty

The picture was a spotty one, with islands of industrial progress and swamps of economic reverses. The Sault seems strongly organized now for industrial development. Escanaba is in an industrial boom, Iron Mountain and Kingsford have diversified their industry and increasingly believe that well-organized recreational activities qualify as a full-fledged industry.

Ontonagon County's White Pine reported a unique problem — difficulty in filling all the jobs available at the huge White Pine Copper Co.'s mine, with 2,700 currently employed in one of the Peninsula's greatest work forces. White Pine has a housing problem, with some of its workers commuting as much as 150 miles a day each way to work and back and housing shortages were also reported in Escanaba and elsewhere, with prefabricated housing and mobile homes coming in strong to fill the vacuum.

Whitmer's recommendations to Gov. William Milliken to stimulate the Upper Peninsula's economy probably will cover a broad range of activities, and also may touch on what the Peninsula's communities might do for themselves as they survey their problems and inventory the tools that they can use to brighten their futures.

## Never Shrinks

The tour brought some expressions on the archaic structuring of local government and many evidences of it. Population may diminish but government never seems to shrink. Whitmer and his aides, B. M. Conboy, director of the Office Of Economic Expansion, and Ward Mayrand, executive assistant, were told. Public facilities of adjoining villages were found back-to-back, but the awareness of the costly duplication and the need for an area concept of development is clearly growing and the state officials were told that Houghton and Hancock and some other adjoining communities, of which there are many in the U.P., may have a wedding.

A lively interest in education, and especially vocational schooling, was found everywhere. Menominee wants a foundry for its new high school shop. Dickinson and Iron counties want a community college. Michigan Tech wants more research projects. Northern Michigan University wants to help with community development activities.

Conboy told local government officials worried about their shrinking tax base that the state and federal forest lands, which now make up more than 40 per cent of the Upper Peninsula, are a tremendous resource for the future of the Upper Peninsula; that it can plan a future of development in a way in which metropolitan Detroit no longer can.

But that, suggested Munising, doesn't help it with its immediate problems as the federal government proceeds with acquisition of lands for Pictured Rocks National Lakeshore, but not with the development of the park upon which the area counts so heavily for recreation business income.

## Fact-Finders To Prepare Economic Report On U.P.

By JEAN WORTH  
Of Panax Newspapers

MENOMINEE — An economic fact-finding tour of the Upper Peninsula ended Saturday and this week tour participants started preparation of a report on its findings and recommendations.

Headed by Richard Whitmer, director of the Michigan Department of Commerce, the tour visited 10 Upper Peninsula cities and heard the problems and hopes of virtually every sizeable community north of Mackinac.

There were large turnouts at all cities visited and organized presentations of what each community regarded as its top needs involving state support.

The Upper Peninsula is a huge area and the economies of its communities are greatly diversified. In Sault Ste. Marie, which has lost all its basic industries, the overriding dread is the scheduled closing of Kincheloe Air Force Base in October, 1970, with a loss of about \$20 million a year in base spending and 300 civilian jobs.

**Munising Forceful**

In Calumet, the worry is about the 1,200 jobs lost with the closing of the mines and mills of the Calumet & Hecla Division of Universal Oil Products. Marquette hopes to recover the loss of 330 jobs lost with the closing of Royal Oak's charcoal and wood chemical plant.

**Adv.**

**WOMEN OFTEN HAVE BLADDER IRRITATION**

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at druggists today.

**Adv.**

Munising spoke forcefully for almost all communities in describing the need of aid from somewhere to cope with the new state standards on sewage treatment. This is probably a state complaint, with national echoes. Many communities have large bonded debts on sewage plants which are now described as obsolete and public officials question both the capacity and willingness of voters to authorize more millions to modernize.

Demands for better state highways were heard everywhere and usually described as a necessary step toward realization of the Upper Peninsula's tourist potential and an industrial need for commodity movement by truck. The condition of U.S. 2 was described to the task force by Menominee Attorney Michael J. Anuta, a traffic expert, as "abominable" and he called U.S. 41 a "death trap."

**Ask For Jobs**

Virtually all communities asked aid in the creation of jobs and said that the lack of them sent their high school graduates forth to the big cities for their careers; dooming the U.P. to a declining population and loss of the skills that are the greatest inducement to industrial plant location.

The fringe requests varied widely: tax reduction, aid with mausoleums to end winter burials, aid on ambulance services, support for vocational education was asked everywhere and was high on everyone's list, help with bonding, and especially help for smaller communities in finding the routes to federal aid on public works.

Only two counties in the Upper Peninsula, Menominee and Ontonagon, are not on the U.S. Department of Labor's distressed area list because of unemployment, but Whitmer heard many expressions of confidence

## Honor Authors Of Education History

Authors of The History of Education in Michigan Series and the Michigan Historical Commission were complimented by Dr. Ira Polley, superintendent of public instruction, at a dinner meeting honoring the authors at Mount Pleasant Thursday night.

## Governor Names 3 To Task Force

Appointments to Governor William Milliken's newly organized task forces include three residents of Delta County.

Appointed are Mrs. John Fawcett of Escanaba, election laws task force; Arthur T. Pope, higher education; and Mrs. Ernest Nebel of Kipling, natural resources and pollution problems.

The job of these committees will involve a study of the particular subjects with recommendations to be made to the Governor.

Mrs. Fawcett, teacher and businesswoman, has a BS degree in History from Carlton college. She has been the county coordinator for Delta County.

## WNMR Recalls Silent Movies

MARQUETTE — The old days of the silent movies will be recalled at 9 p. m. Tuesday when WNMR-TV broadcasts "The Eternal Tramp," a documentary about Charlie Chaplin narrated by Gloria Swanson.

Miss Swanson, "the queen of the silents" who is a close personal friend of Chaplin, will talk about Chaplin the man and present an in-depth analysis of the little tramp, Chaplin's folk hero.

Other featured programs this week on Northern Michigan University's educational TV station include:

"Still a Brother," a study of the Negro middle class produced by two blacks, at 7 p. m. tonight.

Film highlights of Saturday's NMU-North Dakota State football game, at 10 p. m. Tuesday.

A discussion of the news media's responsibilities in providing for the expression of opposing points of view, at 7:30 p. m. Wednesday.

"Dublin One," an adaptation of James Joyce's collection of short stories depicting life in Dublin, at 9 p. m. Friday.

ty Republicans for six years and is active in the Upper Peninsula Chapter of the Girl Scouts of America.

Pope is an inactive colonel in the U.S. Army and presently is director of Industrial Technology at Bay de Noc Community College. He is furthering his education at Northern Michigan University in Marquette and working for an advanced degree.

Mrs. Nebel, a reporter and photographer for The Delta Reporter, is an active member of the Delta County Republican party and the Association of Great Lakes Outdoor Writers.

Members of the Delta County Republican Party attending the 8th biennial Republican leadership conference at Mackinac Island this past weekend were Mr. and Mrs. Harold Gasman, Miss Mary Woodard and Paul Opeferkuch of Escanaba, Mrs. H. R. VonBlaskewicz of Gladstone and Mrs. Ernest Nebel of Kipling.

G O P National Chairman Rogers C. B. Morton of Maryland addressed the conference and said, "a new kind of leadership should come from the Republican party. Along with this leadership should come the desire to change the scope of political leadership in the nation. President Nixon has oriented this nation into one of solution, not one becoming wrapped up in philosophy."

"Let's get together and build a better life on this planet for the present generation, the opportunity is now as it's never been," Morton concluded.

## Rock

### PTA TONIGHT

Gladstone 4-H Club members will present a demonstration at the Rock PTA meeting at 8 tonight in the Rock School. Participating will be Mary Jo DeKeyser on pressing flowers and Kathy and Lynn Madden on creating with bottles. Officers will be installed, lunch will be the home ec room, and the public is invited.

## DeGRAVE

The family of MRS. GEORGE (MARGIE) DeGRAVE wishes to take this means of saying 'Thank You' to the Nurses on the 3rd floor of St. Francis Hospital. Drs. John and Donald LeMire, to all the Priests and Nuns, to all the friends who paid their last respects, to all who sent spiritual and floral bouquets and Mass Cards, to the Pallbearers, Allo's Funeral Home and a special thank you to Father Arnold Thompson and to all the women who served the lunch at St. Thomas Church.

May God Bless Each And Everyone Of You.

The DeGrave And Bergeon Families

## Swamp Saves Lives Of 102 As Plane Falls

MEXICO CITY (AP) —

Swampy ground off the end of a runway at Mexico City's International Airport probably saved the lives of many of the passengers aboard a Mexicana Airlines jet that crashed Sunday as it was landing after a flight from Chicago.

The Boeing 727 was carrying 111 passengers, many of them U.S. tourists bound for Mexico City and Acapulco, and a crew of seven.

The count of the dead and injured varied widely. An Associated Press newsmen saw 15

## Aboard Plane

At least 10 Michigan residents were reported today to have been aboard a Mexicana airliner which crashed Sunday at Mexico City Airport on a flight from Chicago. At least one from Michigan was reported killed.

bodies laid out on a hill 20 yards from the wreckage. Another newsmen said there were nine bodies on the other side of the plane.

Other sources said from 17 to 20 persons were killed, but one spokesman for the airline said more than 40 persons were dead.

Another spokesman for the line said 102 persons had been taken to hospitals. A check of all hospitals turned up only 53 admitted, five of them in critical condition.

One official said the plane apparently hit a railroad embankment that rises about 10 feet above a marsh 3,000 feet west of the runway.

The plane broke into three sections but did not catch fire. The nose section embedded itself in the swamp, burying the cockpit crew.

Many passengers in the second section were thrown out by the impact and landed in waist-deep water and mud. Some waded to a wing of the plane and waited for rescuers.

One survivor was Olav Danielson of Gates Mills, Ohio, a Cleveland suburb. He said: "We were coming in for what seemed like a normal landing over the lake. Then we started to make an unusual descent unlike any I have ever experienced. Then we hit very hard. The plane turned over or so it seemed to me."

Stewardess Graciela Flores Alvarado, who was thrown clear, said the plane started to vibrate violently as it approached the runway, "then it fell."

## Leif Erikson Day

LANSING (AP) — Gov. William Milliken has proclaimed Oct. 9 as Leif Erikson Day in Michigan to honor the Norwegian explorer of nearly 1,000 years ago.

Classified Ads Cost Little, But Do A Big Job!

GROUND-BREAKING for a new Greyhound terminal at Escanaba marks start of a project that is hopefully to be completed about Dec. 1. The addition to the Bowl-A-Rama at 2510 1st Ave. N. will house all of the newest bus terminal facilities, said Bernard St. Onge and Clayton Tanguay, Bowl-A-Rama co-owners. Pictured (from left) are City Manager George Harvey, contractor Roy Ness, Mrs. Clayton Tanguay, Forrest Henslee, Mayor Cecil Chase, Mrs. Bernard St. Onge, William Wagner, Mr. and Mrs. Milt Clark, and Mayor Pro-tempore Robert Bink; and with the shovels are (from left) Clayton Tanguay and Bernard St. Onge. (Daily Press Photo)

## Finman Heads Police Council

Delta County Sheriff Harold O. Finman was appointed Chairman of the Northern Michigan University Police Training Council at a meeting at the Northland Hotel in Marquette.

His appointment fills the vacancy created by the retirement of Capt. Robert Bilgen from the Michigan State Police.

The Training Council meets for the purpose of planning training courses for police officers attending training schools at Northern Michigan University in conjunction with the Michigan Police Training Council.

## Varnum To Speak

Representative Charles Varnum of the 107th Legislative District will speak to members of The Better Hearing and Speech Society on Wednesday, Sept. 24, at 8 p. m. at the Chamber of Commerce Building, Escanaba. The public is invited.

## H. LaChapelle Taken By Death

Hector Albert LaChapelle, 70, of 308 N. 21st St. died at the family home at 3 p. m. Saturday. He was born June 6, 1899 in Bark River and was a retired laborer for the Soo Line Railroad.

He is survived by his widow, Nancy; six daughters, Mrs. Albert (Jane) LaCarte of Cornish, Mrs. Fred (Gladys) Pepin of Bark River, Mrs. Arshal (Clara) Rupert of Rte. 1, Escanaba, Miss Alice LaChapelle and Mrs. Carl (Ruby) Nanette of Escanaba and Mrs. Patrick (Rosella) Koller of Sheboygan, Wis.; four sons, Clarence, Dennis and Harold of Escanaba and Irving of Green Bay; four brothers, Adrian of Minnesota, Gilbert and Napoleon of Escanaba and Louis of Wisconsin. 27 grandchildren and four great-grandchildren.

Friends may call at the Anderson Funeral Home from 4 to 9 p. m. today and complete funeral services will be conducted at 2 p. m. Tuesday at the funeral home chapel. William Kalandros of the Jehovah Witnesses will officiate and burial will be in Lakeview Cemetery.

## 2 Schools Remain Closed By Strikes

Teachers in the Coleman School District on Midland-Isabella County border headed back to school today under a court order to end their two-week strike in support of new contract demands.

This left only two school districts, Plymouth and Hamtramck, closed by teacher contract disputes.

A new walkout threat, however, has developed in Birmingham, where teachers will take a strike vote Tuesday, after having turned down a tentative agreement last week.

In some 80 other districts teachers are working while continuing contract negotiations. Teachers and the Board of Education reached agreement in Summerfield of Monroe County over the weekend.

Teachers in the Coleman School District on Midland-Isabella County border headed back to school today under a court order to end their two-week strike in support of new contract demands.

## Neil Wolfe Trio Coming Sept. 27

Neil Wolfe's gifts as a performer and composer are unusual.

Liner notes on his Columbia album, "Piano—My Way," contain a dictionary definition of the word "fancy" provided by Barbara Steisand.

"If, as Webster defines the word, 'fancy' means of particular excellence or highest grade, executed with technical skill and superior grace, then I think Neil Wolfe is a very 'fancy' performer," said Miss Steisand.

Searching the dictionary for adjectives to compliment the talent of Neil Wolfe is understandable, reports the Delta County Community Concert Association in advance of Wolfe's appearance here.

Wolfe and his trio, composed of piano, bass, and percussion will be the first attraction of the 1969-70 concert season of the Delta County Community Concert Association. Curtain time will be at 8:15 p. m., Saturday, Sept. 27.

Wolfe was born in Pennsylvania, was educated at the University of Syracuse and the New England Conservatory of Music. He met Barbara Steisand while sharing an engagement with her at the Caucus Club in Detroit, and has since composed several numbers and provided piano accompaniment for her in recording. Her encouragement has spurred him to persist in his career. His reputation has become nation-wide following several cross-country tours.

Each of his numbers becomes

a little production and the impression to listeners is that they are hearing a set piece for piano and orchestra, rather than a trio.

Subscribers to Delta County Community Concert Association are reminded that their tickets are transferrable. No admissions will be sold at the door, but late subscribers for the four concerts may call Conrad D. Beck, Mrs. Ed Hurley or Mrs. Clarence E. Moore.

## Health Dept. Child Clinics

Three Well-Child Clinics have been scheduled for various locations this week by the Delta-Menominee Health Department.

The first clinic will be held Wednesday from 1-3 p. m. in the Sheltered Workshop in Hermansville. Dr. Bash will conduct the clinic.

Dr. Mary Cretens will run two clinics Thursday with the first scheduled from 9:30-11:30 a. m. at the Garden Town Hall. Anyone interested in attending this clinic is asked to call the Health Department or Mrs. John Plante in Garden.

Dr. Cretens will conduct an afternoon clinic Thursday from 1-3 p. m. at the Nahma Civic Center. Anyone wishing to attend is asked to call Neal Sefcik at Nahma.

## QUESTION:

What can I do to help the Save Our Air efforts?

## ANSWER:

If you wish to make a cash contribution, we sure can use it! Make your check payable to name and address listed below.

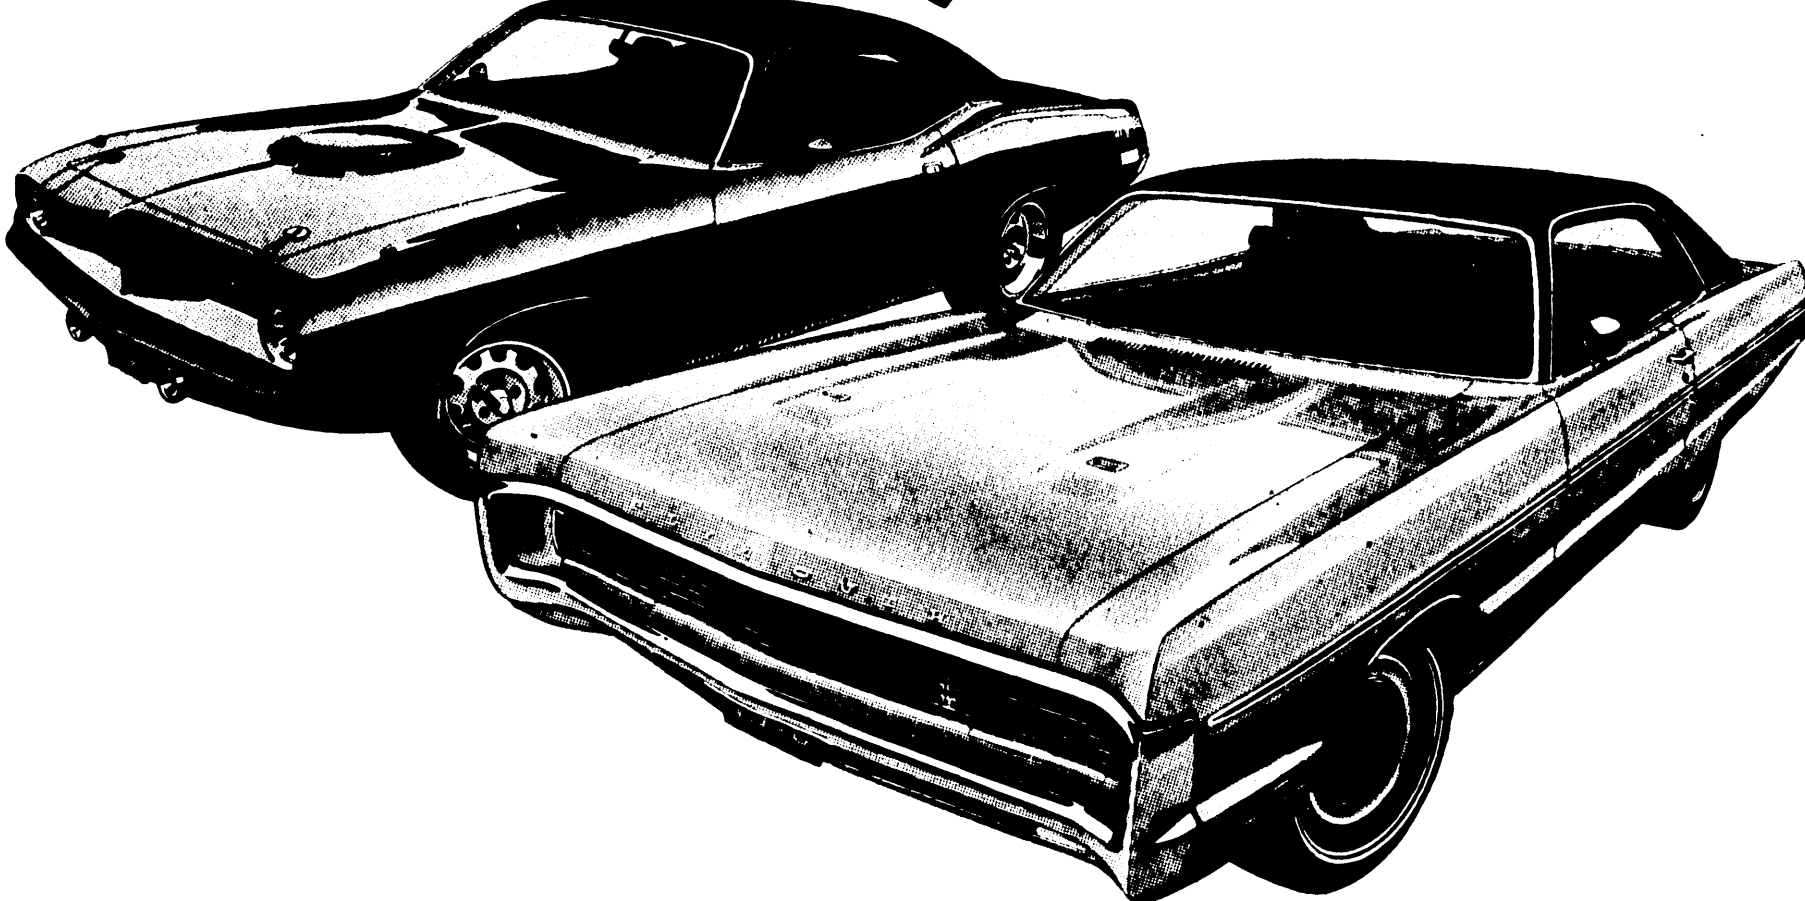

If you would like to take an active part in our program, drop us a line or contact any member. Only with the cooperation of responsible citizens can we expect to keep our air clean for future generations. We need your support. Remember: THE FUTURE DEPENDS ON YOU!

Delta County Citizens Committee To Save Our Air  
Box 194, Escanaba, Michigan 49829

Plymouth CHRYSLER

Here's 1970.

Plymouth makes it

### 1970 Hemi-Cuda.

This year, there are 10 new Barracudas. And we've changed the looks substantially. (We've packed a 426 Hemi engine under a "Shaker" hood on one of them and called it the Hemi-Cuda.)

However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most paint colors. And given the interior the design and comfort of a jet cockpit. If you want a car that makes it... Plymouth makes it.

### 1970 Sport Fury Brougham.

Here's our luxury model. (One of 28 Fury models with a new wide stance.) It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side.

Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth.

Whether you like your luxury in small packages, or as big as a 1970 Sport Fury... Plymouth makes it.

If you want a car that makes it, visit your Plymouth dealer's today.

Governor Names 3 To Task Force

Swamp Saves Lives Of 102 As Plane Falls

Appointments to Governor William Milliken's newly organized task forces include three residents of Delta County.

Appointed are Mrs. John Fawcett of Escanaba, election laws task force; Arthur T. Pope, higher education; and Mrs. Ernest Nebel of Kipling, natural resources and pollution problems.

The job of these committees will involve a study of the particular subjects with recommendations to be made to the Governor.

Mrs. Fawcett, teacher and businesswoman, has a BS degree in History from Carlton college. She has been the county coordinator for Delta County Republicans for six years and is active in the Upper Peninsula Chapter of the Girl Scouts of America.

Pope is an inactive colonel in the U.S. Army and presently is director of Industrial Technology at Bay de Noc Community College. He is furthering his education at Northern Michigan University in Marquette and working for an advanced degree.

Mrs. Nebel, a reporter and photographer for The Delta Reporter, is an active member of the Delta County Republican party and the Association of Great Lakes Outdoor Writers.

Members of the Delta County Republican Party attending the 8th biennial Republican leadership conference at Mackinac Island this past weekend were Mr. and Mrs. Harold Gasman, Miss Mary Woodard and Paul Opeterkuch of Escanaba, Mrs. H. R. VonBlaskewicz of Gladstone and Mrs. Ernest Nebel of Kipling.

G O P National Chairman Rogers C. B. Morton of Maryland addressed the conference and said, "a new kind of leadership should come from the Republican party. Along with this leadership should come the desire to change the scope of political leadership in the nation. President Nixon has oriented this nation into one of solution, not one becoming wrapped up in philosophy."

"Let's get together and build a better life on this planet for the present generation, the opportunity is now as it's never been," Morton concluded.

WNMR Recalls Silent Movies

MARQUETTE — The old days of the silent movies will be recalled at 9 p. m. Tuesday when WNMR-TV broadcasts "The Eternal Tramp," a documentary about Charlie Chaplin narrated by Gloria Swanson.

Miss Swanson, "the queen of the silents" who is a close personal friend of Chaplin, will talk about Chaplin the man and present an in-depth analysis of the little tramp, Chaplin's folk hero.

Other featured programs this week on Northern Michigan University's educational TV station include:

"Still a Brother," a study of the Negro middle class produced by two blacks, at 7 p. m. tonight.

Film highlights of Saturday's NMU-North Dakota State football game, at 10 p. m. Tuesday.

A discussion of the news media's responsibilities in providing for the expression of opposing points of view, at 7:30 p. m. Wednesday.

"Dublin One," an adaptation of James Joyce's collection of short stories depicting life in Dublin, at 9 p. m. Friday.

Aboard Plane

At least 10 Michigan residents were reported today to have been aboard a Mexican airliner which crashed Sunday at Mexico City Airport on a flight from Chicago. At least one from Michigan was reported killed.

bodies laid out on a hill 20 yards from the wreckage. Another newsman said there were nine bodies on the other side of the plane.

Other sources said from 17 to 20 persons were killed, but one spokesman for the airline said more than 40 persons were dead.

Another spokesman for the line said 102 persons had been taken to hospitals. A check of all hospitals turned up only 33 admitted, five of them in critical condition.

One official said the plane apparently hit a railroad embankment that rises about 10 feet above a marsh 3,000 feet west of the runway.

The plane broke into three sections but did not catch fire. The nose section embedded itself in the swamp, burying the cockpit crew.

Many passengers in the second section were thrown out by the impact and landed in waist-deep water and mud. Some waded to a wing of the plane and waited for rescuers.

One survivor was Olav Danielson of Gates Mills, Ohio, a Cleveland suburb. He said: "We were coming in for what seemed like a normal landing over the lake. Then we started to make an unusual descent unlike any I have ever experienced. Then we hit very hard. The plane turned over or so it seemed to me."

Stewardess Graciela Flores Alvarado, who was thrown clear, said the plane started to vibrate violently as it approached the runway, "then it fell."

Rock

PTA TONIGHT

Gladstone 4-H Club members will present a demonstration at the Rock PTA meeting at 8 to 10 p. m. Tuesday. Participating will be Mary Jo DeKeyser on pressing flowers and Kathy and Lynn Madden on creating with bottles. Officers will be installed, lunch will be the home ec room, and the public is invited.

DeGRAVE

The family of MRS. GEORGE (MARGIE) DeGRAVE wishes to take this means of saying 'Thank You' to the Nurses on the 3rd floor of St. Francis Hospital. Drs. John and Donald LeMire, to all the Priests and Nuns, to all the friends who paid their last respects, to all who sent spiritual and floral bouquets and Mass Cards, to the Pallbearers, Allo's Funeral Home and a special thank you to Father Arnold Thompson and to all the women who served the lunch at St. Thomas Church.

May God Bless Each And Everyone Of You.

GROUND-BREAKING for a new Greyhound terminal at Escanaba marks start of a project that is hopefully to be completed about Dec. 1. The addition to the Bowl-A-Rama at 2510 1st Ave. N. will house all of the newest bus terminal facilities, said Bernard St. Onge and Clayton Tanguay, Bowl-A-Rama co-owners. Pictured (from left) are City Manager George Harvey, contractor Roy Ness, Mrs. Clayton Tanguay, Forrest Henslee, Mayor Cecil Chase, Mrs. Bernard St. Onge, William Wagner, Mr. and Mrs. Milt Clark, and Mayor Pro-tempore Robert Bink; and with the shovels are (from left) Clayton Tanguay and Bernard St. Onge. (Daily Press Photo)

Finman Heads Police Council

Delta County Sheriff Harold O. Finman was appointed Chairman of the Northern Michigan University Police Training Council at a meeting at the Northland Hotel in Marquette.

His appointment fills the vacancy created by the retirement of Capt. Robert Bilgen from the Michigan State Police.

The Training Council meets for the purpose of planning training courses for police officers attending training schools at Northern Michigan University in conjunction with the Michigan Police Training Council.

Varnum To Speak

Representative Charles Varnum of the 107th Legislative District will speak to members of The Better Hearing and Speech Society on Wednesday, Sept. 24, at 8 p. m. at the Chamber of Commerce Building, Escanaba. The public is invited.

H. LaChapelle Taken By Death

Hector Albert LaChapelle, 70, of 308 N. 21st St. died at the family home at 3 p. m. Saturday. He was born June 6, 1899 in Bark River and was a retired laborer for the Soo Line Railroad.

He is survived by his widow, Nancy; six daughters, Mrs. Albert (Jane) LaCarte of Cornell, Mrs. Fred (Gladys) Pepin of Bark River, Mrs. Arshal (Clara) Rupert of Rte. 1, Escanaba, Miss Alice LaChapelle and Mrs. Carl (Ruby) Nanette of Escanaba and Mrs. Patrick (Rosella) Koller of Sheboygan, Wis.; four sons, Clarence, Dennis and Harold of Escanaba and Irving of Green Bay; four brothers, Adrian of Minnesota, Gilbert and Napoleon of Escanaba and Louis of Wisconsin, 27 grandchildren and four great grandchildren.

Friends may call at the Anderson Funeral Home from 4 to 9 p. m. today and complete funeral services will be conducted at 2 p. m. Tuesday at the funeral home chapel. William Kalandros of the Jehovah Witnesses will officiate and burial will be in Lakeview Cemetery.

Neil Wolfe Trio Coming Sept. 27

Neil Wolfe's gifts as a performer and composer are unusual.

Liner notes on his Columbia album, "Piano—My Way," contain a dictionary definition of the word "fancy" provided by Barbra Streisand.

"If, as Webster defines the word, 'fancy' means of particular excellence or 'highest grade, executed with technical skill and superior grace, then I think Neil Wolfe is a very 'fancy' performer," said Miss Streisand.

Searching the dictionary for adjectives to compliment the talent of Neil Wolfe is understandable, reports the Delta County Community Concert Association in advance of Wolfe's appearance here.

Wolfe and his trio, composed of piano, bass, and percussion will be the first attraction of the 1969-70 concert season of the Delta County Community Concert Association. Curtain time will be at 8:15 p. m., Saturday, Sept. 27.

Wolfe was born in Pennsylvania, was educated at the University of Syracuse and the New England Conservatory of Music. He met Barbra Streisand while sharing an engagement with her at the Caucus Club in Detroit, and has since composed several numbers and provided piano accompaniment for her in recording. Her encouragement has spurred him to persist in his career. His reputation has become nation-wide following several cross-county tours.

Each of his numbers becomes a little production and the impression to listeners is that they are hearing a set piece for piano and orchestra, rather than a trio.

Subscribers to Delta County Community Concert Association are reminded that their tickets are transferrable. No admissions will be sold at the door, but late subscribers for the four concerts may call Conrad D. Beck, Mrs. Ed Hurley or Mrs. Clarence E. Moore.

QUESTION: What can I do to help the Save Our Air efforts?

ANSWER: If you wish to make a cash contribution, we sure can use it! Make your check payable to name and address listed below.

If you would like to take an active part in our program, drop us a line or contact any member. Only with the co-operation of responsible citizens can we expect to keep our air clean for future generations. We need your support. Remember: THE FUTURE DEPENDS ON YOU!

Delta County Citizens Committee To Save-Our-Air

Plymouth CHRYSLER

Here's 1970.

Plymouth makes it

1970 Hemi-'Cuda.

This year, there are 10 new Barracudas. And we've changed the looks substantially. (We've packed a 426 Hemi engine under a "Shaker" hood on one of them and called it the Hemi-'Cuda.) However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most paint colors. And given the interior the design and comfort of a jet cockpit. If you want a car that makes it . . . Plymouth makes it.

1970 Sport Fury Brougham.

Here's our luxury model. (One of 28 Fury models with a new wide stance.) It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side. Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth. Whether you like your luxury in small packages, or as big as a 1970 Sport Fury . . . Plymouth makes it.

## Warnings Up

While the Delta County Citizens Committee to Save Our Air was presenting its ordinance last week to preserve clean and healthy air in the area, 15 residents of Sault Ste. Marie formed a steering committee to organize the Sault chapter of the Citizens to Save the Superior Shoreline.

On Oct. 1, the Natural Resources Committee of the Michigan State Chamber of Commerce will conduct a day-long conference in Lansing on air pollution control.

Sometime this fall, the Marquette County Citizens for Clean Water will begin holding regular meetings devoted to ferreting out instances of water pollution in the county and seeking ways to eliminate them.

These four developments have more than one thing in common. All of them reflect a concern for the quality of the environment. All of them are aimed at preserving environmental assets or preventing damaging of the environment. None of them would have been possible 10 years ago.

They would have been impossible simply because none of the organizations involved was in existence 10 years ago. Indeed, the Save Our Air Committee, Citizens to Save the Superior Shoreline and Marquette County Citizens for Clean Water all came into existence less than a year ago.

The mere fact that they were organized is an indication of a totally new activist approach to problems of the environment. This new concern over the natural world around us and this new willingness to try to do something constructive about it have manifested themselves at every level — local, state and national.

What these groups are really concerned with is ecology. The word — defined as study of the relations between organisms and their environment — was seldom heard 10 years ago. Today, it appears commonly in newspapers and magazines.

Some of the groups that grapple with ecological issues are motivated by a crusading zeal, which is often necessary to accomplish the Herculean tasks they have set for themselves. Some are misguided, like the Save Our Sylvania Action Committee that wants to prevent any development of a vast publicly owned recreation tract in Gogebic County. But most are dedicated groups that perform an important function in alerting their fellow man to the dangers of despoliation of the environment.

As the population continues to expand alarmingly, the role of these groups will become even more important.

"By the dawn of the next century," according to John B. Hodge, district resource development leader in Michigan State University's Cooperative Extension Service, "we'll have a nation of 350 million people. That means adding to our present population the equivalent of 15 cities the size of New York or 65 cities the size of Washington, D. C."

"The same amount of fresh water will fall from the sky then as now, but we'll need two and a half times as much water as we're now using. And we'll be fed from the same thin layer of topsoil that feeds us today — but we'll need 50 per cent more food."

The storm warnings posted by the groups fighting on the ecological battlefronts are clear. They must not be ignored if we are to live in a world of clean water, air and fertile soil with a measure of natural beauty here and there.

## Peninsula Potpourri

Former Michigan Gov. George Romney, now secretary of the Department of Housing and Urban Development, will speak at a testimonial dinner Nov. 14 in Ironwood honoring William L. Johnson, president and general manager of the Upper Michigan-Wisconsin Broadcasting Co. Johnson will be cited for his many contributions to civic programs, most recent of which was the successful Copper Peak ski-flying hill project.

Pamela Anne Eldred, the new Miss America, is a daughter of a former Crystal Falls couple, Mr. and Mrs. William (Hoppy) Eldred of Birmingham. Eldred is a native of Crystal Falls and graduated from Crystal Falls High School in 1932.

President Nixon has named V. Edward Olson, son of Mr. and Mrs. Eugene E. Olson of Iron River, a foreign service officer of the United States. He was sworn in at a ceremony held in Washington, D. C., and will be assigned to a position with an embassy or consulate in one of the 113 countries with which the U. S. maintains diplomatic relations.

John Christensen, president of the R. J. Enstrom Corp., announced that the structure formerly known as the Garden Manufacturing Co. plant has been purchased by the Menominee company. Various machines will be moved into the building to be used in the production of helicopters, allowing for increased employment. Approximately 185 persons are now employed by Enstrom and six helicopters are being completed every month.

A \$1,000 salary raise was granted the county juvenile officer by the Dickinson County Board. The officer, Richard Gardepy, had been offered employment in another Upper Peninsula city at a higher salary, but agreed to remain if he was given a \$1,000 increase. His annual pay will now be \$7,970, of which \$6,470 is subsidized by the state.

Enrollment at Suomi reached the second highest mark in the history of the college, 355 students, and 13 per cent higher than the previous year. A preliminary survey lists students from 16 different states, three foreign countries — Finland, Japan and Canada — and nine students in a group enrolling from the Micronesian islands in the Pacific. Suomi's highest enrollment at 439 was three years earlier.

## OUT OF CONTROL?

# Castro: Little Man Who Won't Go Away

BY JOHN CHAMBERLAIN

At a foreign policy seminar held in Miami in January, 1968, the U. S. State Department's John Crummins, speaking of Fidel Castro's Cuba, said "the threat has been reduced to the point where it no longer threatens the security of this country nor the hemisphere." With Soviet warships making calls in Cuban ports, the Crummins view can hardly be that of the Nixon Administration. Yet, so far has the problem of Castro been pushed to a back burner, the continuity of our flaccid, hands-off policy toward the Cuban center of hemispheric subversion remains relatively untouched.

This has certain old friends of President Richard Nixon biting their nails. They know that Nixon, an old student of Communist strategy, realizes full well that the Soviets follow a double-track policy vis-a-vis the nations of Latin America.

Moscow professes to favor local Communist parties which adjust themselves to the forms of legal democratic procedures. But, simultaneously, the Soviets send characters such as Shafat P. Rashidov, an outspoken delegate to the Tricontinental Conference in Havana, to Latin America to say that "there is not, nor can there be, any peaceful coexistence between the oppressed people and their oppressors."

And an orthodox member of the Central Committee of the Communist Party of Honduras, Mario Soza, says that in his country "we believe that the main contradictions in our society will in all likelihood be resolved through force."

With the State Department refusing to recognize the reality of Soviet double-track thinking, Dr. Fernando Penabaz fumes about his inability to bring home to Washington the reality of what is going on in Peru.

Dr. Penabaz, who was Nixon's Cuban-American contemporary at Duke University Law School, alleges that Peru's President, Juan Velasco Alvarado, is under the influence of Alberto Ruiz Eldridge, an attorney who ran for the presidency in 1962 on a party platform that called for a "Castro-type revolution for Peru."

Dr. Penabaz worked for Nixon in California campaigns before settling in Miami to beam programs in Spanish to Latin America and to edit an anti-Communist periodical called *Insight on the News*. He has been a picture of frustration in his efforts to get our Caribbean policies off that back burner.

But the most frustrated of all our Latin American experts is Paul D. Bethel, who first picked up the Cuban story when he was serving as press officer for the U. S. Embassy in Havana in the last days of Dictator Batista and during the takeover by Fidel Castro.

Bethel is not an alarmist. He thinks President John F. Kennedy rather exaggerated the Cuban missile crisis of 1962. The missiles that Khrushchev put into Cuba, says Bethel, were "standard medium-range," which means they could reach to Florida cities but not to vital U. S. manufacturing centers. When it comes to the political menace of Castro, however, Bethel doesn't think it possible to play it up too much.

Bethel details the comings and goings of Black Panthers and other militants between Havana and mainland North America in pages that bulge with frightening information. With Vietnam on his hands, it is quite understandable that Nixon might not want to raise the issue of the Soviet and Castro connections with rioting in U. S. cities and universities.

But Bethel says "the United States cannot tolerate Soviet invasion of this hemisphere indefinitely." The White House will have eventually to reckon with Bethel's book.

Meticulously he sketches out

## Size Of Average U.S. Family On Decrease

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Most people dream about 20 per cent of the time they are asleep.

Reflecting a falling birth rate, the size of the average American household is slowly decreasing. It dropped from 3.67 persons in 1940 to 3.19 this year.

The faster man whizzes through space, the slower he seems to travel in the traffic-glutted cities of earth. A cab today can't cross mid-Manhattan any faster than a horse and buggy could in 1900. Julius Caesar tried to solve the traffic jams in Rome more than 2,000 years ago by banning chariots during daylight hours. It didn't work.

Exercise helps Low-back pain, which can have 100 or more causes, is a chronic complaint of the middle-aged and the elderly. A report to a Midwest medical society said many patients had been relieved of their symptoms simply by taking regular exercises and losing 10 pounds of weight.

Historical anomaly: Slavery was a leading cause of the Civil War, but not one Southerner in 10 owned a slave. Robert E. Lee, the Confederate military leader, detested the institution of slavery; Gen. U.S. Grant, the victorious Northern commander, had owned a slave before the war but set him free.

Quotable notables: "It is not true that life is one damn thing after another—it's one damn thing over and over." —Edna St. Vincent Millay.

Alcohol Top Drug Popular and potent: Aspirin is thought by many to be the most commonly used drug. Actually, however, if you drank a toast to the drug that is taken more often and by more people than any other drug in the world, that drug itself would be in the toast you drank—alcohol.

Your age may make a difference in the kind of automobile accident you are likeliest to figure in. Drivers under 25 are involved most frequently in accidents caused by speeding, driving on the wrong side of the road, and using faulty equipment. Drivers over 65 are more likely to be in accidents caused

by failure to give the right of way, improper turning, and ignoring stop signs.

Squirrels Not Thinkers Worth remembering: "Consider how hard it is to change yourself and you'll understand what little chance you have trying to change others."

Absent-minded: Squirrels would be fatter if they could take memory courses. These industrious rodents may hide up to 20 bushels of food each against the winter, but by spuing the forgetful little rascals usually have managed to find and dig up only a tenth of their catches.

It was George Bernard Shaw who observed, "Marriage is popular because it combines the maximum of temptation with the maximum of opportunity."

50 Years Ago

Tucked up snugly in a den built far back under the sidewalk at the lower end of Ludington St., two of the three boys wanted for the theft of C. M. Thatcher's Hudson sedan were found snugly ensconced like hibernating bears last night by Officer Hugh Early. The third member of the trio had been picked up earlier in the evening.

One of the most intricate and complete burglar alarm systems yet perfected has been installed at the First National Bank. Both the money vault and the safety deposit vault are protected by the system and the slightest tampering with either vault instantly sets off alarms both inside and outside the bank that may be heard for blocks.

Creel Census Set

LANSING (AP) — Fish biologists from the Michigan and Wisconsin Natural Resources Departments will conduct a creel census of sturgeon in the Menominee River. The study will cover an approximate 25-mile stretch of the river between the White Rapids and the Grand Rapids dams. It will continue through Nov. 1.

The bidding:  
 East 1♣ Pass  
 South 1NT Pass  
 West DM Pass  
 North Pass

Opening lead—king of spades. The urge to live dangerously is at least occasionally bound to bring grief to the player who cannot curb it at the bridge table.

The team chosen to represent France in the 1962 world championship participated in a long series of matches to determine its composition. Here is one of the more exciting hands from those matches. Though it does not reflect the actual skill of the six players who made the team, it does serve as a dramatic example of the Gallic spirit.

At one table, Tintner and Stetten were North-South and played the hand against their eventual teammates, Theron and Desrousseaux.

Stetten decided to overcall Theron's club bid with a no-trump in the not unreasonable hope that his partner would furnish him with either a spade or a club stopper, in which case he could probably take seven tricks.

Of course, a diamond overcall would have been more normal, but Stetten could not resist the more flavorful call of one no-trump. Moreover, he was so enchanted by the bid that he stuck by his guns when Desrousseaux doubled.

Stetten's venture into the unknown was not an unmitigated success. West led the king of spades, continued with a low spade to East's queen, and after East cashed his seven club tricks he returned a spade to West, who cashed his remaining spades. The outcome was that Stetten never took a trick and went down seven—1,300 points.

True, East-West could have made five spades, but that would have come to only 450 points.

The two other members of the French team, Ghestem and Bacherich, likewise fared badly when they played the hand. Grestem opened the East hand with a gambling three no-trump, which everybody passed. South peeled off six diamond tricks and the ace of hearts, and Ghestem wound up going down three for a very poor score.

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 Years Ago

Keeping in step with a national trend, citizens of Escanaba and the surrounding areas are embarking on a real estate buying spree. The word "buying" is used advisedly, since real estate agents here report that the supply is far behind the demand.

Literally "beating the bushes" of Escanaba, a special recruiting unit of the War Manpower commission will be in the city today and Saturday in an effort to dig up workers to fill 450 available local jobs in the logging and lumbering industry.

50 Years Ago

Tucked up snugly in a den built far back under the sidewalk at the lower end of Ludington St., two of the three boys wanted for the theft of C. M. Thatcher's Hudson sedan were found snugly ensconced like hibernating bears last night by Officer Hugh Early. The third member of the trio had been picked up earlier in the evening.

## Ann Landers

# Let It Be Mrs. Jones Until Told Differently

Dear Ann Landers: My husband shoved your column under my nose this evening. "Don't miss this," he said smugly. "It was written especially for you."

The letter he wanted me to see was from Missouri Mule — the girl who stubbornly refused to call her mother-in-law Mom. "Mule" relented when her mother-in-law was on her deathbed. (Enter violins — and don't forget a mop for the tears.)

It so happens my mother-in-law gave me orders the day her son and I became engaged. They were as follows: "Don't ever call me Mom because I am NOT your mother." I was so hurt I went to the bathroom and cried. From that day on I have called her Mrs. Jones.

The old battle-axe has softened up these past 10 years, but she'll always be Mrs. Jones to me. My husband says I'm hard as nails. Am I? — Santa Fe Rose

Dear Rose: Tell your husband his mother gave you your orders ten years ago and you'll continue to follow those orders until you get a new directive. Place the burden where it belongs — on Mrs. Jones.

Dear Ann Landers: A fellow executive has caused me no end of irritation because she consistently arrives late for every appointment. This same woman always manages to be late for every social engagement. Not only does she fail to apologize but she seems uncommonly proud of her habitual tardiness.

Recently I decided to speak to her about it. She informed me (in high dudgeon yet) that people who arrive promptly for business or social engagements are ignorant — and, in a sense, admitting their inferiority. Also, she argued, the person who is Johnny-on-the-spot at the appointed time advertises the fact that he had nothing else to do. This, she insists, is damaging to one's prestige.

I say people who keep others waiting are rude and inconsiderate. Will you please express your views? — Avid Reader

Dear Av: The person who is consistently late is indeed rude and inconsiderate. Also poorly organized. Intentional tardiness, designed to give the illusion of importance, is stupid. The most important people I know are the most considerate — and the most prompt.

Dear Ann Landers: I am going to marry a very fine girl in a few weeks. We have gone together for almost a year and are compatible in every way. Only one problem: She has admitted to one serious love affair in her life but she refuses to tell me who the guy was.

I am going crazy trying to figure it out. Every time we run into one of her former boy friends I torture myself wondering, "Is this the one?"

If we are going to have a good life together I think she should tell me EVERYTHING. I have told her all about my previous affairs—who, when, where, how—every detail I could think of. Now, I'd like the same con-

sideration. What do you say? — V-12

Dear V: I say you have a very big mouth. Stop bullyingraging the girl and think of something else to talk about.

Too many couples go from matrimony to acrimony. Don't let your marriage flop before it gets started. Send for Ann Landers' booklet, "Marriage — What To Expect." Send your request to Ann Landers in care of your newspaper enclosing 50c in coin and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope. © Publishers-Hall Syndicate

## Antiwar Group Stages Peaceful Ann Arbor March

ANN ARBOR (AP) — Several thousand antiwar demonstrators staged a peaceful march from the University of Michigan Stadium to the center of the campus in Ann Arbor Saturday.

The rally followed a football game between Michigan and Vanderbilt, and some of the 70,000 spectators joined the demonstrators.

The rally climaxed a two-day series of speeches and teachings on the campus, sponsored mainly by antiwar supporters.

The five-block long procession was escorted by Ann Arbor police as it moved the half-mile from the Stadium to the campus.

Counter-demonstrators from Breakthrough, a radical right-wing organization, moved along the edge of the crowd carrying signs supporting the Vietnam War.

There were no reported incidents.

More people get more news from newspapers than all other sources combined.

Warnings Up

While the Delta County Citizens Committee to Save Our Air was presenting its ordinance last week to preserve clean and healthy air in the area, 15 residents of Sault Ste. Marie formed a steering committee to organize the Sault chapter of the Citizens to Save the Superior Shoreline.

On Oct. 1, the Natural Resources Committee of the Michigan State Chamber of Commerce will conduct a day-long conference in Lansing on air pollution control.

Sometime this fall, the Marquette County Citizens for Clean Water will begin holding regular meetings devoted to ferreting out instances of water pollution in the county and seeking ways to eliminate them.

These four developments have more than one thing in common. All of them reflect a concern for the quality of the environment. All of them are aimed at preserving environmental assets or preventing damaging of the environment. None of them would have been possible 10 years ago.

They would have been impossible simply because none of the organizations involved was in existence 10 years ago. Indeed, the Save Our Air Committee, Citizens To Save the Superior Shoreline and Marquette County Citizens for Clean Water all came into existence less than a year ago.

The mere fact that they were organized is an indication of a totally new activist approach to problems of the environment. This new concern over the natural world around us and this new willingness to try to do something constructive about it have manifested themselves at every level — local, state and national.

What these groups are really concerned with is ecology. The word — defined as study of the relations between organisms and their environment — was seldom heard 10 years ago. Today, it appears commonly in newspapers and magazines.

Some of the groups that grapple with ecological issues are motivated by a crusading zeal, which is often necessary to accomplish the Herculean tasks they have set for themselves. Some are misguided, like the Save Our Sylvania Action Committee that wants to prevent any development of a vast publicly owned recreation tract in Gogebic County. But most are dedicated groups that perform an important function in alerting their fellow man to the dangers of despoliation of the environment.

As the population continues to expand alarmingly, the role of these groups will become even more important.

"By the dawn of the next century," according to John B. Hodge, district resource development leader in Michigan State University's Cooperative Extension Service, "we'll have a nation of 350 million people. That means adding to our present population the equivalent of 15 cities the size of New York or 65 cities the size of Washington, D. C."

"The same amount of fresh water will fall from the sky then as now, but we'll need two and a half times as much water as we're now using. And we'll be fed from the same thin layer of topsoil that feeds us today — but we'll need 50 per cent more food."

The storm warnings posted by the groups fighting on the ecological battlefronts are clear. They must not be ignored if we are to live in a world of clean water, air and fertile soil with a measure of natural beauty here and there.

Peninsula Potpourri

Former Michigan Gov. George Romney, now secretary of the Department of Housing and Urban Development, will speak at a testimonial dinner Nov. 14 in Ironwood honoring William L. Johnson, president and general manager of the Upper Michigan-Wisconsin Broadcasting Co. Johnson will be cited for his many contributions to civic programs, most recent of which was the successful Copper Peak ski-flying hill project.

Pamela Anne Eldred, the new Miss America, is a daughter of a former Crystal Falls couple, Mr. and Mrs. William (Hoppy) Eldred of Birmingham. Eldred is a native of Crystal Falls and graduated from Crystal Falls High School in 1932.

President Nixon has named V. Edward Olson, son of Mr. and Mrs. Eugene E. Olson of Iron River, a foreign service officer of the United States. He was sworn in at a ceremony held in Washington, D. C., and will be assigned to a position with an embassy or consulate in one of the 113 countries with which the U. S. maintains diplomatic relations.

John Christensen, president of the R. J. Enstrom Corp., announced that the structure formerly known as the Garden Manufacturing Co. plant has been purchased by the Menominee company. Various machines will be moved into the building to be used in the production of helicopters, allowing for increased employment. Approximately 185 persons are now employed by Enstrom and six helicopters are being completed every month.

A \$1,000 salary raise was granted the county juvenile officer by the Dickinson County Board. The officer, Richard Gardepy, had been offered employment in another Upper Peninsula city at a higher salary, but agreed to remain if he was given a \$1,000 increase. His annual pay will now be \$7,970, of which \$6,470 is subsidized by the state.

Enrollment at Suomi reached the second highest mark in the history of the college, 355 students, and 13 per cent higher than the previous year. A preliminary survey lists students from 16 different states, three foreign countries — Finland, Japan and Canada — and nine students in a group enrolling from the Micronesian islands in the Pacific. Suomi's highest enrollment at 439 was three years earlier.

OUT OF CONTROL?

Castro: Little Man Who Won't Go Away

BY JOHN CHAMBERLAIN

At a foreign policy seminar held in Miami in January, 1968, the U. S. State Department's John Crummins, speaking of Fidel Castro's Cuba, said "the threat has been reduced to the point where it no longer threatens the security of this country nor the hemisphere." With Soviet warships making calls in Cuban ports, the Crummins view can hardly be that of the Nixon Administration. Yet, so far has the problem of Castro been pushed to a back burner, the continuity of our flaccid, hands-off policy toward the Cuban center of hemispheric subversion remains relatively untouched.

This has certain old friends of President Richard Nixon biting their nails. They know that Nixon, an old student of Communist strategy, realizes full well that the Soviets follow a double-track policy vis-a-vis the nations of Latin America.

Moscow professes to favor local Communist parties which adjust themselves to the forms of legal democratic procedures. But, simultaneously, the Soviets send characters such as Shafar P. Rashidov, an outspoken delegate to the Tricontinental Conference in Havana, to Latin America to say that "there is not, nor can there be, any peaceful coexistence between the oppressed people and their oppressors."

And an orthodox member of the Central Committee of the Communist Party of Honduras, Mario Soza, says that in his country "we believe that the main contradictions in our society will in all likelihood be resolved through force."

With the State Department refusing to recognize the reality of Soviet double-track thinking, Dr. Fernando Penabaz fumes about his inability to bring home to Washington the reality of what is going on in Peru.

Dr. Penabaz, who was Nixon's Cuban-American contemporary at Duke University Law School, alleges that Peru's President, Juan Velasco Alvarado, is under the influence of Alberto Ruiz Eldridge, an attorney who ran for the presidency in 1962 on a party platform that called for a "Castro-type revolution for Peru."

Dr. Penabaz worked for Nixon in California campaigns before settling in Miami to beam programs in Spanish to Latin America and to edit an anti-Communist periodical called Insight on the News. He has been a picture of frustration in his efforts to get our Caribbean policies off that back burner.

But the most frustrated of all our Latin American experts is Paul D. Bethel, who first picked up the Cuban story when he was serving as press officer for the U. S. Embassy in Havana in the last days of Dictator Batista and during the takeover by Fidel Castro.

Bethel is in and out of Washington these days carrying the news he picks up in his Miami listening post as Executive Secretary of the Citizens Committee for a Free Cuba. He can get the ear of Sen. John Tower, or almost anybody else on Capitol Hill for that matter, but he can't make a dent in the State Department, which once employed him. "Confusion and division in our State Department and the White

House," he says, "may last indefinitely."

But there should be no confusion in the U. S. as a whole if Bethel's monumental book on "The Communist Conquest of Cuba and the Soviet Penetration in Latin America," called "The Losers" and recently published by Arlington House of New Rochelle, manages to get the readers it deserves.

Bethel is not an alarmist. He thinks President John F. Kennedy rather exaggerated the Cuban missile crisis of 1962. The missiles that Khrushchev put into Cuba, says Bethel, were "standard medium-range," which means they but not reach to Florida cities but not to vital U. S. manufacturing centers. When it comes to the political menace of Castro, however, Bethel doesn't think it possible to play it up too much.

Meticulously he sketches out

the connections between Castro's Cuba, as the powerhouse of subversion, and the rest of the hemisphere. It is not only Colombia, Chile, and Guatemala that Castro threatens, it is the American ghettos. "Our foreign policy chickens," says Bethel, "have come home to roost on rifle barrels in the hands of Negro militants."

Bethel details the comings and goings of Black Panthers and other militants between Havana and mainland North America in pages that bulge with frightening information.

With Vietnam on his hands, it is quite understandable that Nixon might not want to raise the issue of the Soviet and Castro connections with rioting in U. S. cities and universities.

But Bethel says "the United States cannot tolerate Soviet invasion of this hemisphere indefinitely." The White House will have eventually to reckon with Bethel's book.

Size Of Average U.S. Family On Decrease

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Most people dream about 20 per cent of the time they are asleep.

Reflecting a falling birth rate, the size of the average American household is slowly decreasing. It dropped from 3.67 persons in 1940 to 3.19 this year.

The faster man whizzes through space, the slower he seems to travel in the traffic-glutted cities of earth. A cab today can't cross mid-Manhattan any faster than a horse and buggy could in 1900. Julius Caesar tried to solve the traffic jams in Rome more than 2,000 years ago by banning chariots during daylight hours. It didn't work.

Exercise Helps

Low-back pain, which can have 100 or more causes, is a chronic complaint of the middle-aged and the elderly. A report to a Midwest medical society said many patients had been relieved of their symptoms simply by taking regular exercises and losing 10 pounds of weight.

Historical anomaly: Slavery was a leading cause of the Civil War, but not one Southerner in 10 owned a slave. Robert E. Lee, the Confederate military leader, detested the institution of slavery; Gen. U.S. Grant, the victorious Northern commander, had owned a slave before the war but set him free.

Quotable notables: "It is not true that life is one damn thing after another—it's one damn thing over and over." —Edna St. Vincent Millay.

Alcohol Top Drug

Popular and potent: Aspirin is thought by many to be the most commonly used drug. Actually, however, if you drank a toast to the drug that is taken more often and by more people than any other drug in the world, that drug itself would be in the toast you drank—alcohol.

Your age may make a difference in the kind of automobile accident you are likeliest to figure in. Drivers under 25 are involved most frequently in accidents caused by speeding, driving on the wrong side of the road, and using faulty equipment. Drivers over 65 are more likely to be in accidents caused

The bidding:  
East 1 NT South Pass West 2 Dbl North Pass

Opening lead—king of spades. The urge to live dangerously is at least occasionally bound to bring grief to the player who cannot curb it at the bridge table.

The team chosen to represent France in the 1962 world championship participated in a long series of matches to determine its composition. Here is one of the more exciting hands from those matches. Though it does not reflect the actual skill of the six players who made the team, it does serve as a dramatic example of the Gallic spirit.

At one table, Tintner and Stetten were North-South and played the hand against their eventual teammates, Theron and Desrousseaux.

Stetten decided to overcall Theron's club bid with a no-trump in the not unreasonable hope that his partner would furnish him with either a spade or a club stopper, in which case he could probably take seven tricks.

Of course, a diamond overcall would have been more normal, but Stetten could not resist the more flavorful call of one no-trump. Moreover, he was so enchanted by the bid that he stuck by his guns when Desrousseaux doubled.

Stetten's venture into the unknown was not an unmitigated success. West led the king of spades, continued with a low spade to East's queen, and after East cashed his seven club tricks he returned a spade to West, who cashed his remaining spades. The outcome was that Stetten never took a trick and went down seven—1,300 points.

True, East-West could have made five spades, but that would have come to only 450 points.

The two other members of the French team, Ghestem and Bacherich, likewise fared badly when they played the hand.

Grestem opened the East hand with a gambling three no-trump, which everybody passed. South peeled off six diamond tricks and the ace of hearts, and Ghestem wound up going down three for a very poor score.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 Years Ago

Keeping in step with a national trend, citizens of Escanaba and the surrounding areas are embarking on a real estate buying spree. The word "buying" is used advisedly, since real estate agents here report that the supply is far behind the demand.

Literally "beating the bushes" of Escanaba, a special recruiting unit of the War Manpower commission will be in the city today and Saturday in an effort to dig up workers to fill 450 available local jobs in the logging and lumbering industry.

50 Years Ago

Tucked up snugly in a den built far back under the sidewalk at the lower end of Ludington St., two of the three boys wanted for the theft of C. M. Thatcher's Hudson sedan were found snugly ensconced like hibernating bears last night by Officer Hugh Early. The third member of the trio had been picked up earlier in the evening.

One of the most intricate and complete burglar alarm systems yet perfected has been installed at the First National Bank. Both the money vault and the safety deposit vault are protected by the system and the slightest tampering with either vault instantly sets off alarms both inside and outside the bank that may be heard for blocks.

Creel Census Set

LANSING (AP) — Fish biologists from the Michigan and Wisconsin Natural Resources Departments will conduct a creel census of sturgeon in the Menominee River. The study will cover an approximate 25-mile stretch of the river between the White Rapids and the Grand Rapids dams. It will continue through Nov. 1.

Ann Landers

Let It Be Mrs. Jones Until Told Differently

Dear Ann Landers: My husband shoved your column under my nose this evening. "Don't miss this," he said smugly. "It was written especially for you."

The letter he wanted me to see was from Missouri Mule — the girl who stubbornly refused to call her mother-in-law Mom. "Mule" relented when her mother-in-law was on her deathbed. (Enter violins — and don't forget a mop for the tears.)

It so happens my mother-in-law gave me orders the day her son and I became engaged. They were as follows: "Don't ever call me Mom because I am NOT your mother." I was so hurt I went to the bathroom and cried. From that day on I have called her Mrs. Jones.

The old battle-axe has softened up these past 10 years, but she'll always be Mrs. Jones to me. My husband says I'm hard as nails. Am I? — Santa Fe Rose

Dear Rose: Tell your husband his mother gave you your orders ten years ago and you'll continue to follow those orders until you get a new directive. Place the burden where it belongs — on Mrs. Jones.

Dear Ann Landers: A fellow executive has caused me no end of irritation because she consistently arrives late for every appointment. This same woman always manages to be late for every social engagement. Not only does she fail to apologize but she seems uncommonly proud of her habitual tardiness.

Recently I decided to speak to her about it. She informed me (in high dudgeon yet) that people who arrive promptly for business or social engagements are ignorant — and, in a sense, admitting their inferiority. Also, she argued, the person who is Johnny-on-the-spot at the appointed time advertises the fact that he had nothing else to do. This, she insists, is damaging to one's prestige.

I say people who keep others waiting are rude and inconsiderate. Will you please express your views? — Avid Reader

Dear Av: The person who is consistently late is indeed rude and inconsiderate. Also, poorly organized. Intentional tardiness, designed to give the illusion of importance, is stupid. The most important people I know are the most considerate — and the most prompt.

Dear Ann Landers: I am going to marry a very fine girl in a few weeks. We have gone together for almost a year and are compatible in every way. Only one problem: She has admitted to one serious love affair in her life but she refuses to tell me who the guy was.

I am going crazy trying to figure it out. Every time we run into one of her former boy friends I torture myself wondering, "Is this the one?"

If we are going to have a good life together I think she should tell me EVERYTHING. I have told her all about my previous affairs—who, when, where, how—every detail I could think of. Now, I'd like the same con-

sideration. What do you say? — V-12

Dear V: I say you have a very big mouth. Stop bullying the girl and think of something else to talk about.

Too many couples go from matrimony to acrimony. Don't let your marriage flop before it gets started. Send for Ann Landers' booklet, "Marriage — What To Expect." Send your request to Ann Landers in care of your newspaper enclosing 50c in coin and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope. © Publishers-Hall Syndicate

## American Nursing Homes Fail To Gain Top Prestige

WASHINGTON (AP) — Despite a billion-dollar bonanza from the federal government, America's nursing homes are a stark and lonely place to die.

Abuses in money and medicine, an air of death and despair shadow the aged through the dusk of their days.

Doctors rarely see their patients. Nurses use drugs freely to restrain the elderly. Mental patients are dumped into nursing homes by the thousands. And fraud feeds on the federal dollar.

Through Medicaid and Medicare, the government suddenly has taken over financial responsibility for most of the nursing home care in this nation. The taxpayer now pays \$2 out of every \$3 pouring into private nursing homes.

### Profits Better

Profits are healthier than ever. But other ills fester—tough federal regulations have been slower than federal dollars in reaching nursing homes.

For this hidden million Americans, the end can be an empty, grim, even degrading tragedy.

The Associated Press, in an extensive nationwide study of nursing homes, found facts and cases like these:

—In El Granada, Calif., a nursing home operator is accused of stealing a dying patient's savings of \$13,000 after she and a lawyer lifted his feeble hand to guide his signature on a legal paper.

—A suburban New York City nursing home billed Medicare for nearly \$400,000 for physical therapy in one year. When the government tried to recoup part of the money by suspending Medicare payments, the nursing home discharged all its Medicare patients.

### "Mass Visits"

—Some physicians, dentists, X-ray firms and other medical specialists have been accused by Senate investigators of making profitable "mass visits" to nursing homes where patients are plentiful. Records show one doctor who operates his own nursing home in Jefferson, Tex., billed Medicare last year for 4,560 visits to just 54 patients.

—For the most part, however, doctors' care in many nursing homes across the country is so scarce that it is a national scandal. In one large home in Topeka, Kan., a survey showed three-fourths of the patients checked had not been seen by a doctor in at least half a year.

—Tranquilizers, sedatives and other drugs are used in abundance to keep patients quiet. Doctors agree to prescriptions over the telephone to nursing homes without examining their patients. One Michigan woman was thought to be speechless for

two years until a new doctor stopped the sedatives and found she could talk.

### Belted In Chairs

—Nursing homes have become warehouses for elderly mental patients that state hospitals turn down or turn out. Few homes have any hint of psychiatric care, and most use drugs—or keep the patients belted in chairs. A woman who spent almost 50 years in a mental hospital now sits and stares in a Detroit nursing home, tied in a chair.

—Regular hospitals, faced with serious overcrowding, sometimes discharge hopeless cases and ship them to nursing homes to die. An American Medical Association spokesman said, "I know it sounds harsh, but a hospital serves no purpose for these patients."

### Nearly Million Confined

Nearly a million people are confined to the nation's 23,000 nursing homes and other homes for the aged. Most are past 75. And most are senile or mentally confused, their minds fuzzy with the cobwebs that come with old age.

The old are also the poor. And because of this, the federal government has made nursing homes a rich business.

Medicaid, the vast federal-state program that pays the health costs for the poor, now pumps more than \$1.1 billion a year into private nursing homes.

Other federal programs, including Medicare which pays for brief stays in nursing homes after leaving a hospital, raise the total outlay by the taxpayer to \$1.6 billion—more than two-thirds of all the money that nursing homes took in last year.

Homes Run For Profit  
About 90 per cent of the nation's nursing homes are run for profit. And with the government now paying for care that the old and needy couldn't afford before, business is booming.

The president of Four Seasons, one of the biggest and best nursing home chains, has reported an anticipated annual pretax profit of \$1,000 a bed.

The owners of one rural home in Tennessee reached that profit figure on welfare payments of less than \$2,000 a year per bed, a hospital official said.

More than 50 nursing home chains have burst onto the stock market in the past two years as prices soared. Four Seasons went on sale last year at \$11 a share. Now its stock is selling at \$60, and that's after a 2-for-1 split.

The big boom has built hundreds of new nursing homes, with shining equipment, soft carpets and smiling administrators, to replace the fetid, faded

boarding houses of a past era.

Real efforts are being made today at recreation and physical rehabilitation. Many homes attempt therapy programs. The facilities are cleaner, more modern, more attractive. And there has not been a disastrous nursing home fire for nearly five years.

But the better carpeting does not always mean better care.

In the money-minded world of big business, profits can depend on keeping the basic cost of medical care as cheap as possible.

"You tighten up on nurses—fewer nurses, less care, said a small Los Angeles chain's nursing home administrator, who didn't want to be identified.

"And if you've got too a short a staff, you keep the patient snowed on drugs," said a Los Angeles public health official.

A recent California study has shown more Medicaid money spent on tranquilizers than any other group of drugs.

In Minneapolis, a random check of a nursing home's medicine cabinet found 8 of the first 10 patients were getting either thioridazine or chlorpromazine hydrochloride, two of the most popular tranquilizers.

ONE DIFFERENCE IN METHODS — Making a 90-day tour of American fire departments, Japanese fire captain Hisashi Sato (right) tells Oklahoma City fire captain B. J. Medford he would have handled the fire at a restaurant much the same, with one exception. In Tokyo, firemen do not clear the rubble from burned buildings.

## Asian Leaders Given Orders To Follow Nixon Guidelines

WASHINGTON (AP) — U.S. missions in the Far East are under new orders to heed President's Nixon's policy of reducing American involvement in Asia, according to Senate Democratic Leader Mike Mansfield.

The orders were issued after he had complained to Nixon the missions were not following the new Asian policy outlined by the President at Guam last July. Mansfield said in an interview.

The Montana Democrat spent two weeks on a tour of the same Asian countries the President took this summer after being asked by Nixon "to study reactions to his new Asian doctrine." Mansfield returned Aug. 27 and reported to the President at San Clemente, Calif.

Mansfield said his journey to the Philippines, Indonesia, Cambodia, Burma and Laos produced no evidence of a follow up by U.S. missions there.

He said he told Nixon "the concepts, practices and programs by which U.S. missions in Asia have operated for many years remain the same."

But since his conference with Nixon at the Western White House Mansfield said, he understood "instructions have gone out" recalling the President's Guam statement explaining its policy significance.

Mansfield made public Sun-

day a report on his findings which he said was along the lines of what he told Nixon. The Democratic leader said he described the Republican President's new policy to Asian leaders this way:

"The United States will maintain its treaty commitments, but it is anticipated that Asian nations will be able to handle their own defense problems, perhaps with some outside material assistance but without outside manpower."

From now on, Mansfield told the Asian leaders, U.S. assistance will take the form of cooperative economic help and not

military aid. Asian nations, he said, must make their own collective security arrangements.

"The President's new doctrine clearly calls for a contraction of the official U.S. presence in Southeast Asia," Mansfield said.

### Pine Tree Sale

LANSING (AP) — The State Department of Natural Resources is offering nearly 7 million young pine trees for sale at approximate production costs. Small white pine, jack pine, red pine and spruce trees are included in the sale.

## HAY-FEVER SINUS Sufferers

Here's good news for you! Exclusive new "hard core" SYNA-CLEAR Decongestant tablets act instantly and continuously to drain and clear all nasal-sinus cavities. One "hard core" tablet gives up to 8 hours relief from pain and pressure of congestion. Allows you to breathe easily—stops watery eyes and runny nose. You can buy SYNA-CLEAR at your favorite drug counter, without need for a prescription. Satisfaction guaranteed by maker. Try it today.

## Chairman of the Board displays piggyness to delight of executive staff.

A good time was had by all at the annual Board Meeting of Sincerity Products Corporation—a six-million-dollar concern.

Board Chairman Douglas Craig decided to raise his products' prices without improving his products.

The staff understood the decision as Craig explained the need to keep up with a rising economy. He also explained his desire for more potted palms in the lobby and a major renovation of the two-year-old building's decor.

This is one case of piggyness.

This is one cause of inflation.

Inflation can be stopped. Of course, Government must do the big part. But, as shoppers, voters, wage earners, and businessmen, each of us can help.

So let's do it.

Published as a public service in cooperation with The Advertising Council, and The International Newspaper Advertising Executive.

Inflation can be stopped.  
Let's all be a little less piggy.

# American Nursing Homes Fail To Gain Top Prestige

WASHINGTON (AP) — Despite a billion-dollar bonanza from the federal government, America's nursing homes are a stark and lonely place to die. Abuses in money and medicine, an air of death and despair shadow the aged through the dusk of their days.

Doctors rarely see their patients. Nurses use drugs freely to restrain the elderly. Mental patients are dumped into nursing homes by the thousands. And fraud feeds on the federal dollar.

Through medical aid and Medicare, the government suddenly has taken over financial responsibility for most of the nursing home care in this nation. The taxpayer now pays \$2 out of every \$3 pouring into private nursing homes.

**Profits Better**  
Profits are healthier than ever. But other ills fester—tough federal regulations have been slower than federal dollars in reaching nursing homes.

For this hidden million Americans, the end can be an empty, grim, even degrading tragedy.

The Associated Press, in an extensive nationwide study of nursing homes, found facts and cases like these:

—In El Granada, Calif., a nursing home operator is accused of stealing a dying patient's savings of \$13,000 after she and a lawyer lifted his feeble hand to guide his signature on a legal paper.

—A suburban New York City nursing home billed Medicare for nearly \$400,000 for physical therapy in one year. When the government tried to recoup part of the money by suspending Medicare payments, the nursing home discharged all its Medicare patients.

**"Mass Visits"**  
—Some physicians, dentists, X-ray firms and other medical specialists have been accused by Senate investigators of making profitable "mass visits" to nursing homes where patients are plentiful. Records show one doctor who operates his own nursing home in Jefferson, Tex., billed Medicare last year for 4,560 visits to just 54 patients.

—For the most part, however, doctors' care in many nursing homes across the country is so scarce that it is a national scandal. In one large home in Topeka, Kan., a survey showed three-fourths of the patients checked had not been seen by a doctor in at least half a year.

—Tranquilizers, sedatives and other drugs are used in abundance to keep patients quiet. Doctors agree to prescriptions over the telephone to nursing homes without examining their patients. One Michigan woman was thought to be speechless for

two years until a new doctor stopped the sedatives and found she could talk.

**Belted In Chairs**  
—Nursing homes have become warehouses for elderly mental patients that state hospitals turn down or turn out. Few homes have any hint of psychiatric care, and most use drugs—or keep the patients belted in chairs. A woman who spent almost 50 years in a mental hospital now sits and stares in a Detroit nursing home, tied in a chair.

—Regular hospitals, faced with serious overcrowding, sometimes discharge hopeless cases and ship them to nursing homes to die. An American Medical Association spokesman said, "I know it sounds harsh, but a hospital serves no purpose for these patients."

**Nearly Million Confined**  
Nearly a million people are confined to the nation's 23,000 nursing homes and other homes for the aged. Most are past 75. And most are senile or mentally confused, their minds fuzzy with the cobwebs that come with old age.

The old are also the poor. And because of this, the federal government has made nursing homes a rich business.

Medicaid, the vast federal-state program that pays the health costs for the poor, now pumps more than \$1.1 billion a year into private nursing homes.

Other federal programs, including Medicare which pays for brief stays in nursing homes after leaving a hospital, raise the total outlay by the taxpayer to \$1.6 billion—more than two-thirds of all the money that nursing homes took in last year.

**Homes Run For Profit**  
About 90 per cent of the nation's nursing homes are run for profit. And with the government now paying for care that the old and needy couldn't afford before, business is booming.

The president of Four Seasons, one of the biggest and best nursing home chains, has reported an anticipated annual pretax profit of \$1,000 a bed.

The owners of one rural home in Tennessee reached that profit figure on welfare payments of less than \$2,000 a year per bed, a hospital official said.

More than 50 nursing home chains have burst onto the stock market in the past two years as prices soared. Four Seasons went on sale last year at \$11 a share. Now its stock is selling at \$60, and that's after a 2-for-1 split.

The big boom has built hundreds of new nursing homes, with shining equipment, soft carpets and smiling administrators, to replace the fetid, faded

boarding houses of a past era.

Real efforts are being made today at recreation and physical rehabilitation. Many homes attempt therapy programs. The facilities are cleaner, more modern, more attractive. And there has not been a disastrous nursing home fire for nearly five years.

But the better carpeting does not always mean better care.

In the money-minded world of big business, profits can depend on keeping the basic cost of medical care as cheap as possible.

"You tighten up on nurses—fewer nurses, less care, said a small Los Angeles chain's nursing home administrator, who didn't want to be identified.

"And if you've got too a short a staff, you keep the patient snowed on drugs," said a Los Angeles public health official.

## Indian Leader On War 'Fast'

NEW DELHI (AP) — Former Deputy Prime Minister Morarji Desai began an indefinite fast today in an attempt to end the warfare between Hindus and Moslems in his native state of Gujarat.

The 73-year-old disciple of independence leader Mohandas Gandhi announced he was embarking on the fast shortly after he flew from New Delhi to Ahmedabad, the state capital and the site of the worst rioting.

Desai, who left the federal government after Prime Minister Indira Gandhi fired him from the Finance Ministry in July, said he will fast until communal peace is restored.

Reliable sources report more than 200 persons killed in the rioting, which began Thursday amid charges that a group of Moslems abused Hindu holy men and the cows which Hindus consider sacred. A group of Hindus attacked Moslem vehicles, and the fighting spread rapidly.

Ahmedabad was quieter today, under a military clampdown. A spokesman for the government said.

Two platoons of troops landed to reinforce contingents already there. Ahmedabad was under a round-the-clock curfew. In Baroda, 80 miles away, at least three persons were killed and 26 injured in clashes during the night.

## Speaks To Kiwanians

# Stafseth Says Michigan Will Ask U.S. 2 Study

The State of Michigan will ask representatives of the Wisconsin and Minnesota highway departments to join with Michigan in petitioning the Upper Great Lakes Regional Commission to finance a detailed study on U.S. 2 planning in the Upper Peninsula, Henrik A. Stafseth, director of the State Highway Dept., told a noon luncheon meeting of the Escanaba Kiwanis Club today at Marco's.

Stafseth spoke in conjunction with a state-wide speaking tour he is making to commemo-

rate Michigan Highway Week. "Representatives (Claude J. Tobin of Escanaba, newly-appointed member of the Highway Commission) will be among the Michigan delegation) of the three highway commissions are going to meet later this month in Wisconsin, Stafseth said, and Michigan will ask the three commissions to petition the Upper Great Lakes Commission for technical assistance grants to finance three studies, one in each state.

"Ours would deal with the planning for U.S. 2," he said. "Under the State Highway Commission's present policy, we would expect to build a freeway with full-access control from the Mackinac Bridge to the Wisconsin border," Stafseth continued.

**Freeway Opposed**  
"However, we have resolutions from boards of supervisors in half a dozen Upper Peninsula counties asking us to take a different approach. They want us to widen and improve the existing U.S. 2 highway rather than build a freeway along a new corridor.

"The proposed study would attempt to determine which type of highway would best serve the region," he added. "A freeway, obviously, would be safe and make for easier, faster travel. Improving the existing highway would perhaps be better economically for the area it passes through."

**Backbone System**  
Stafseth, who was accompanied to Escanaba by Richard L. Walker, executive director of the Michigan Good Roads Federation; John A. Knecht, administrative assistant; Frederick E. Tripp, chief of the bureau of internal services; and Tom Sawyer, information director, said U.P. is included in a "backbone system" of highways considered essential for the tourist industry in a study done for the Great Lakes Commission.

"A common feature of the entire region (northern Michigan, Wisconsin and Minnesota) is its dependence on the tourist dollar to a large degree," Stafseth said. "Until this proposed highway system is developed, it is felt that the tourist industry of the Upper

Great Lakes region will not develop adequately."

Besides U.S. 2, the "backbone system" in Michigan also includes M-35 running from Menominee to Marquette, U.S. 31 and U.S. 131 in western lower Michigan, U.S. 23 as far north as Alpena, and M-115 and U.S. 10 north to Cadillac. Added to that, Stafseth said, are completed sections of U.S. 27 and I-75 running up the middle of the state to the Mackinac Bridge and Sault Ste. Marie.

### Pictured Rocks Road

Stafseth said that although funding, to date, for the Great Lakes Commission has been limited, the commission "has authorized a \$2.5 million expenditure for highways. Michigan's portion will be spent to build an access road to the Pictured Rocks National Lakeshore near Munising."

Stafseth said that the Highway Department is "well aware of the needs in the Upper Peninsula" but said that most of Michigan's highway funds

## Adult High School Diploma Classes Begin Tonight

Adult High School diploma classes, a part of the Community School Program, will begin tonight at the Escanaba Senior High. It was announced by Steve Storey, Community school director.

Storey emphasized the importance of all registered students attending the first class session in order for the school district to collect State aid. Students should report to the main lobby of the High School where the number of their classrooms will be posted on the bulletin board.

Adult enrichment courses will begin next week, Sept. 29 and registration is still being held at the Community School Office, Room 251, Junior High School. The phone number is 786-4659.

## 21 Persons Die On State Roads

By The Associated Press  
A 10-year-old girl was killed and two companions were critically injured Sunday evening when they were struck by a car while bicycling at Macomb County's Clinton Township.

The death of Andrea Strachan, of Mount Clemens, brought to 21 the number of weekend traffic fatalities in Michigan. Clinton Township police said the girls were riding on the shoulder of a road when they were hit. An 18-year-old youth who was in the car was taken into custody by police. No charges were filed Sunday.

Critically injured with massive head injuries were Renee Rashin, 7, and Debra Mitchell, 9, both of Mount Clemens. They were taken to St. Joseph Hospital in Clinton Township.

## State Visit

TOKYO (AP) — Britain's Princess Margaret and her husband, Lord Snowdon, visited an exhibition of sculpture by countryman Henry Moore today and had luncheon with Emperor Hirohito and Empress Nagako.

The royal couple are on a state visit intended to boost England's prestige and exports.

are committed toward completion of the Interstate Highway system.

"It is our hope that when the Interstate System is completed, we will be able to program substantially more construction on the rest of the state trunkline system."

### Work Delayed

Stafseth said 80 per cent of the federal aid to Michigan is going into the Interstate system, which he termed "the biggest bargain in the history of road-building" with the federal government paying 90 per cent of the cost.

"But construction of this great freeway system has forced us to put off needed work on other state highways," he continued. "It is a fact that we are able to meet only about 40 per cent of the needs on the so-called ABC system, which are the 7,000 miles of state highways not in the Interstate network."

"The State Highway Dept. will have about \$58 million available for highway and bridge construction this year," he said. "Of that amount, \$15 million will be spent on resurfacing, safety projects and the like. Our share of interstate construction will amount to \$16 million."

### Inflation Cited

"That leaves only about \$27 million for construction on the ABC system. The federal government matches that on a 50-50 basis, which would give us \$54 million for construction. When you consider that freeways cost \$1 million a mile in rural areas — and much more in the cities — you can understand why we are not able to do all the construction that needs doing."

Stafseth cited two other factors which have hampered state highway administration — inflation which has jumped the costs of labor and materials 33 per cent since 1965, and the inflation-fighting cutbacks by the federal government in highway funding.

Stafseth said the latest federal retreat was revealed at the National Governor's Conference this month at Colorado Springs, Colo.

"We do not know the details insofar as the cutbacks will affect highway construction. It is obvious, however, that any substantial freeze in federal aid will force postponement of much needed construction."

## Obituary

### WALTER JACKSON

Complete funeral services for Walter Jackson were held at 10 a.m. today at the Anderson Funeral Home. The Rev. Walfred E. Nelson officiated and burial was in Lakeview Cemetery.

### MARY H. BACKLUND

Complete funeral services for Mary H. Backlund will be held at 10 a.m. Tuesday at the Anderson Funeral Home with Dr. Walfred E. Nelson officiating. Burial will be in Gardens of Rest Cemetery. Friends may call at the Anderson Funeral Home from 4 to 9 p.m. today.

### MRS. EUGENE ARDUIN

Funeral services for Mrs. Eugene Arduin of Hermansville were held at 9:30 this morning at St. Mary's Church in Hermansville with the Rev. Gertrude Brewer officiating. Burial was in the Meyer Township Cemetery. Pallbearers were Roger Whitens, Phillip Minerick, John Minerick, Jr., Jack and Steven Campbell and Louis Machalk.

## 12-Inch Rainfall Floods Florida

TALLAHASSEE, Fla. (AP) — Rampaging waters, collapsed bridges and axle-deep mud isolated several sections of Florida's panhandle today in the wake of a storm that spun into the lowlands along the Gulf of Mexico.

Quincy, a city of 9,000 famous for its shade tobacco, was almost completely under water. Quincy is located about 35 miles from the state capital of Tallahassee.

The Florida Highway Patrol blocked traffic heading west from Tallahassee on flooded U.S. 9 and State Road 2. That left U.S. 90 on the Gulf coastline as the lone major route open through Florida to Pensacola, Mobile and New Orleans.

Three counties—Leon, Gadsden and Liberty—were put off limits for heavy truck travel. Only cars were allowed in and out.

Tallahassee's highlands kept down flooding despite a record 8.86 inches of rain Sunday and more than 14 inches since early Saturday.

Record rainfall continued along the Ochlocknee River system, a sprawling agricultural area curving west and north of Tallahassee to the Georgia border.

The Weather Bureau said Tallahassee had received 12 inches and Blountstown 11 inches during the 24-hour period ending late Sunday night.

The Tallahassee Weather Bureau issued flood warnings for Blountstown, Bloxham and Quincy, and predicted the waters would rise above the disastrous flood levels of 1964. Havana, Fla., and Thomasville, Ga. were also threatened.

Gov. Claude Kirk, who viewed the stricken area from the air Sunday night, said 26 bridges and culverts were out.

Kirk ordered the Division of Emergency Government to coordinate relief action.

Schools in Leon, Liberty and Gadsden counties were closed.

### Briefly Told

Classic League bowlers will begin their season Tuesday night, Sept. 23, at the Bowl-A-Rama Lanes beginning at 6:45.

St. Patrick's Girl Scout Troop will not meet Tuesday. The meeting will be held Thursday at 3 p.m. at the church.

Roy Anderson, 506 Superior Ave., Gladstone, reported to State Police that someone took a 100-pound bottle gas tank from his camp. Troopers are investigating the matter.

Intruders failed in breaking into Christ the King Lutheran Church in Escanaba, city police said today. The attempted burglary was reported to police by the pastor, Rev. Reuben Carlson, Sunday morning.

The Church Women's Dartball League will hold an organizational meeting Tuesday at 7:30 p.m. at Emmanuel Lutheran Church. Any church group wishing to enter a team in the league is asked to attend the meeting.

The Beginners Square Dance Class, taught by Steve Baltic, will meet tonight at 7:30 p.m. at the Catherine Bonifas Civic Center. Additional couples are encouraged to attend.

The Escanaba Board of Appeals has denied a request by Elizabeth LaVallie of 127 S. 18th St., that she be permitted to convert the first floor of a store building at 528 S. 10th St. into an apartment. There were many objections from the adjoining property owners.

Cub Pack 414 sponsored by Amvets Post 123 will hold a committee meeting tonight at St. Patrick school library at 7:30. All committeemen, den mothers, and den leaders who served last year are to attend. Interested adults are invited.

Escanaba police have issued traffic court notices to Thomas A. Carlson, Bark River Rte. 1, improper turn; Joseph Muelhaus, 321 S. 13th St., failing to stop in the assured clear distance; Preston J. Preston, 801 1st Ave. S., improper lane usage; Theresa A. Derouin, 429 S. 14th St., disobeying a stop sign; Fernand Verreault, 1308 Michigan Ave., Gladstone, disobeying a stop sign; and Arthur T. Johnson, Chicago, failing to yield the right of way.

State Police issued traffic tickets over the weekend to Richard Segerstrom, Rte. 3, Rapid River, careless driving; Richard Collins, 121 N. 19th St., Escanaba, speeding; Steven Maniaci, 1224 Wisconsin, Gladstone, speeding; Lloyd Hansen, Rte. 1, Bark River, speeding; William Neff, Watson, no license plates and no operators license; Robert Limpert, 1401 N. 23rd St., Escanaba, speeding; Carl Sylvester, Rte. 1, Escanaba, speeding; Judith Grogan, St. Ignace, improper passing; Kenneth Fleury, 1105 Sheridan, Escanaba, driving on a revoked license; and Delores Hawthorne, Manistique, improper passing.

## Indian Leader On War 'Fast'

NEW DELHI (AP) — Former Deputy Prime Minister Morarji Desai began an indefinite fast today in an attempt to end the warfare between Hindus and Moslems in his native state of Gujarat.

The 73-year-old disciple of independence leader Mohandas Gandhi announced he was embarking on the fast shortly after he flew from New Delhi to Ahmedabad, the state capital and the site of the worst rioting.

Desai, who left the federal government after Prime Minister Indira Gandhi fired him from the Finance Ministry in July, said he will fast until communal peace is restored.

Reliable sources report more than 200 persons killed in the rioting, which began Thursday amid charges that a group of Moslems abused Hindu holy men and the cows which Hindus consider sacred. A group of Hindus attacked Moslem vehicles, and the fighting spread rapidly.

Ahmedabad was quieter today, under a military clampdown, a spokesman for the government said.

Two planeloads of troops landed to reinforce contingents already there. Ahmedabad was under a round-the-clock curfew.

In Baroda, 80 miles away, at least three persons were killed and 26 injured in clashes during the night.

### Church Events

#### WMS Meet Set

The W.M.S. of Bethel Evangelical Free Church will meet in the church parlors Tuesday at 7:30 p.m. Miss Ruth Hunt, R.N., a missionary to the Moslems in Niger, West Africa since 1955, will be the guest speaker and will show slides of her work. Mrs. Harry Erickson, Jr., is the hostess and the public is invited to attend.

### Briefly Told

Bethel 7, Jobs Daughters will hold their regular meeting at 7 p.m. today at the Masonic Temple.

The Gladstone city police issued a traffic citation over the weekend to Kenneth Grol, Livonia, for no operator's license.

## In Service

Army M. Sgt. Gerald Madden Jr., son of Mrs. Ellen L. Lavelle, 1605 Dawota Ave., Gladstone, was assigned recently to the 4th Infantry Division in Vietnam as a 1st Sgt.

## Speaks To Kiwanians

# Stafseth Says Michigan Will Ask U.S. 2 Study

The State of Michigan will ask representatives of the Wisconsin and Minnesota highway departments to join with Michigan in petitioning the Upper Great Lakes Regional Commission to finance a detailed study on U.S. 2 planning in the Upper Peninsula, Henrik A. Stafseth, director of the State Highway Dept., told a noon luncheon meeting of the Escanaba Kiwanis Club today at Marco's.

Stafseth spoke in conjunction with a state-wide speaking tour he is making to commemorate Michigan Highway Week. "Representatives (Claude J. Tobin of Escanaba, newly-appointed member of the Highway Commission will be among the Michigan delegation) of the three highway commissions are going to meet later this month in Wisconsin, Stafseth said, and Michigan will ask the three commissions to petition the Upper Great Lakes Commission for technical assistance grants to finance three studies, one in each state.

"Our would deal with the planning for U.S. 2," he said. "Under the State Highway Commission's present policy, we would expect to build a freeway with full-access control from the Mackinac Bridge to the Wisconsin border," Stafseth continued.

**Freeway Opposed**  
"However, we have resolutions from boards of supervisors in half a dozen Upper Peninsula counties asking us to take a different approach. They want us to widen and improve the existing U.S. 2 highway rather than build a freeway along a new corridor.

"The proposed study would attempt to determine which type of highway would best serve the region," he added. "A freeway, obviously, would be safe and make for easier, faster travel. Improving the existing highway would perhaps be better economically for the area it passes through."

**Backbone System**  
Stafseth, who was accompanied to Escanaba by Richard L. Walker, executive director of the Michigan Good Roads Federation; John A. Knecht, administrative assistant; Frederick E. Tripp, chief of the bureau of internal services, and Tom Sawyer, information director, said U.P. is included in a "backbone system" of highways considered essential for the tourist industry in a study done for the Great Lakes Commission.

"A common feature of the entire region (northern Michigan, Wisconsin and Minnesota) is its dependence on the tourist dollar to a large degree," Stafseth said. "Until this proposed highway system is developed, it is felt that the tourist industry of the Upper

Great Lakes region will not develop adequately."

Besides U.S. 2, the "backbone system" in Michigan also includes M-35 running from Menominee to Marquette, U.S. 31 and U.S. 131 in western lower Michigan, U.S. 23 as far north as Alpena, and M-115 and U.S. 10 north to Cadillac. Added to that, Stafseth said, are completed sections of U.S. 27 and I-75 running up the middle of the state to the Mackinac Bridge and Sault Ste. Marie.

#### Pictured Rocks Road

Stafseth said that although funding, to date, for the Great Lakes Commission has been limited, the commission "has authorized a \$2.5 million expenditure for highways. Michigan's portion will be spent to build an access road to the Pictured Rocks National Lakeshore near Munising."

Stafseth said that the Highway Department is "well aware of the needs in the Upper Peninsula" but said that most of Michigan's highway funds

## Adult High School Diploma Classes Begin Tonight

Adult High School diploma classes, a part of the Immunity School Program, will begin tonight at the Escanaba Senior High it was announced by Steve Storey, Community school director. Storey emphasized the importance of all registered students attending the first class session in order for the school district to collect State aid. Students should report to the main lobby of the High School where the number of their classrooms will be posted on the bulletin board.

Adult enrichment courses will begin next week, Sept. 29 and registration is still being held at the Community School Office, Room 251, Junior High School. The phone number is 786-4659.

## 21 Persons Die On State Roads

By The Associated Press  
A 10-year-old girl was killed and two companions were critically injured Sunday evening when they were struck by a car while bicycling at Macomb County's Clinton Township.

The death of Andrea Strachan, of Mount Clemens, brought to 21 the number of weekend traffic fatalities in Michigan.

Clinton Township police said the girls were riding on the shoulder of a road when they were hit. An 18-year-old youth who was in the car was taken into custody by police. No charges were filed Sunday.

Critically injured with massive head injuries were Renee Rashin, 7, and Debra Mitchellson, 9, both of Mount Clemens. They were taken to St. Joseph Hospital in Clinton Township.

## State Visit

TOKYO (AP) — Britain's Princess Margaret and her husband, Lord Snowdon, visited an exhibition of sculpture by countryman Henry Moore today and had luncheon with Emperor Hirohito and Empress Nagako.

The royal couple are on a state visit intended to boost England's prestige and exports.

are committed toward completion of the Interstate Highway system.

"It is our hope that when the Interstate System is completed, we will be able to program substantially more construction on the rest of the state trunkline system."

#### Work Delayed

Stafseth said 80 per cent of the federal aid to Michigan is going into the Interstate system, which he termed "the biggest bargain in the history of road-building" with the federal government paying 90 per cent of the cost.

"But construction of this great freeway system has forced us to put off needed work on other state highways," he continued. "It is a fact that we are able to meet only about 40 per cent of the needs on the so-called ABC system, which are the 7,000 miles of state highways not in the Interstate network."

"The State Highway Dept. will have about \$58 million available for highway and bridge construction this year," he said. "Of that amount, \$15 million will be spent on resurfacing, safety projects and the like. Our share of interstate construction will amount to \$16 million."

#### Inflation Cited

"That leaves only about \$27 million for construction on the ABC system. The federal government matches that on a 50-50 basis, which would give us \$54 million for construction. When you consider that freeways cost \$1 million a mile in rural areas — and much more in the cities — you can understand why we are not able to do all the construction that needs doing."

Stafseth cited two other factors which have hampered state highway administration — inflation which has jumped the costs of labor and materials 33 per cent since 1965, and the inflation-fighting cutbacks by the federal government in highway funding.

Stafseth said the latest federal retreat was revealed at the National Governor's Conference this month at Colorado Springs, Colo.

"We do not know the details insofar as the cutbacks will affect highway construction. It is obvious, however, that any substantial freeze in federal aid will force postponement of much needed construction."

## Obituary

### WALTER JACKSON

Complete funeral services for Walter Jackson were held at 10 a.m. today at the Anderson Funeral Home. The Rev. Walfred E. Nelson officiated and burial was in Lakeview Cemetery.

### MARY H. BACKLUND

Complete funeral services for Mary H. Backlund will be held at 10 a.m. Tuesday at the Anderson Funeral Home with Dr. Walfred E. Nelson officiating. Burial will be in Gardens of Rest Cemetery. Friends may call at the Anderson Funeral Home from 4 to 9 p.m. today.

### MRS. EUGENE ARDUIN

Funeral services for Mrs. Eugene Arduin of Hermansville were held at 9:30 this morning at St. Mary's Church in Hermansville with the Rev. Gertrude Brewer officiating. Burial was in the Meyer Township Cemetery. Pallbearers were Roger Whitens, Phillip Minerick, John Minerick, Jr., Jack and Steven Campbell and Louis Machalk.

## 12-Inch Rainfall Floods Florida

TALLAHASSEE, Fla. (AP) — Rampaging waters, collapsed bridges and axle-deep mud isolated several sections of Florida's panhandle today in the wake of a storm that spun into the lowlands along the Gulf of Mexico.

Quincy, a city of 9,000 famous for its shade tobacco, was almost completely under water. Quincy is located about 35 miles from the state capital of Tallahassee.

The Florida Highway Patrol blocked traffic heading west from Tallahassee on flooded U.S. 9 and State Road 2. That left U.S. 98 on the Gulf coastline as the lone major route open through Florida to Pensacola, Mobile and New Orleans.

Three counties—Leon, Gadsden and Liberty—were put off limits for heavy truck travel. Only cars were allowed in and out.

Tallahassee's highlands kept down flooding despite a record 8.86 inches of rain Sunday and more than 14 inches since early Saturday.

Record rainfall continued along the Ochlocknee River system, a sprawling agricultural area curving west and north of Tallahassee to the Georgia border.

The Weather Bureau said Tallahassee had received 12 inches and Blountstown 11 inches during the 24-hour period ending late Sunday night.

The Tallahassee Weather Bureau issued flood warnings for Blountstown, Bloxham and Quincy, and predicted the waters would rise above the disastrous flood levels of 1964. Havana, Fla., and Thomasville, Ga. were also threatened.

Gov. Claude Kirk, who viewed the stricken area from the air Sunday night, said 26 bridges and culverts were out.

Kirk ordered the Division of Emergency Government to coordinate relief action.

Schools in Leon, Liberty and Gadsden counties were closed.

## Briefly Told

Classic League bowlers will begin their season Tuesday night, Sept. 23, at the Bowl-A-Rama Lanes beginning at 6:45.

St. Patrick's Girl Scout Troop will not meet Tuesday. The meeting will be held Thursday at 3 p.m. at the church.

Roy Anderson, 506 Superior Ave., Gladstone, reported to State Police that someone took a 100-pound bottle gas tank from his camp. Troopers are investigating the matter.

Intruders failed in breaking into Christ the King Lutheran Church in Escanaba, city police said today. The attempted burglary was reported to police by the pastor, Rev. Reuben Carlson, Sunday morning.

The Church Women's Dartball League will hold an organizational meeting Tuesday at 7:30 p.m. at Emmanuel Lutheran Church. Any church group wishing to enter a team in the league is asked to attend the meeting.

The Beginners Square Dance Class, taught by Steve Baltic, will meet tonight at 7:30 p.m. at the Catherine Bonifas Civic Center. Additional couples are encouraged to attend.

The Escanaba Board of Appeals has denied a request by Elizabeth LaVallie of 127 S. 18th St., that she be permitted to convert the first floor of a store building at 528 S. 10th St. into an apartment. There were many objections from the adjoining property owners.

Cub Pack 414 sponsored by Amvets Post 123 will hold a committee meeting tonight at St. Patrick school library at 7:30. All committeemen, den mothers, and den leaders who served last year are to attend. Interested adults are invited.

Escanaba police have issued traffic court notices to Thomas A. Carlson, Bark River Rte. 1, improper turn; Joseph Muelhaus, 321 S. 13th St., failing to stop in the assured clear distance; Preston J. Preston, 801 1st Ave. S., improper lane usage; Theresa A. Derouin, 429 S. 14th St., disobeying a stop sign; Fernand Verreault, 1308 Michigan Ave., Gladstone, disobeying a stop sign; and Arthur T. Johnson, Chicago, failing to yield the right of way.

State Police issued traffic tickets over the weekend to Richard Segerstrom, Rte. 3, Rapid River, careless driving; Richard Collins, 121 N. 19th St., Escanaba, speeding; Steven Maniaci, 1224 Wisconsin, Gladstone, speeding; Lloyd Hansen, Rte. 1, Bark River, speeding; William Neft, Watson, no license plates and no operators license; Robert Limpert, 1401 N. 23rd St., Escanaba, speeding; Carl Sylvestre, Rte. 1, Escanaba, speeding; Judith Grogan, St. Ignace, improper passing; Kenneth Fleury, 1105 Sheridan, Escanaba, driving on a revoked license; and Delores Hawthorne, Manistique, improper passing.

# Hare's Successor May Not Inherit 'State Plum'

LANSING (AP) — Candidates seeking to succeed retiring Secretary of State James Hare may not inherit his license plate fee branch office legacy — a political pot of gold.

Only 13 of the state's some 230 branch license plate offices currently are under civil service.

**Managers Appointed**  
Managers of the other branches are appointed by the secretary of state. They work under the fee system.

In return, they are expected to contribute to the party coffers. It also is understood they get out and work for the party. Some branch managers who dragged their heels have been fired.

A legal challenge of this system by the State Civil Service Commission has been stalled in the courts for more than five years now.

A check last week showed the test still is not scheduled for trial.

Hare has estimated the branch managers contribute about \$100,000 a year to the Democratic party.

The political contributions are handled by an unofficial group known as the Fee Branch Managers Association.

**Not Mandatory**  
Hare contends contributions are not mandatory. He also has said the lower-paid employees are not required to donate part of their pay to the party.

Also taken into consideration, it is claimed, are such factors as how much money each fee office collects in a year and the financial condition of the manager — whether he has been hurt by family illness or some other such expense.

The system gives great patronage power to the secretary of state. It provides a dependable source of funds and political manpower for the party controlling the office.

**Vouchers Must Be Approved**  
The Civil Service Commission originally filed a suit on Aug. 20, 1964 seeking to bring 34 additional branch offices in nine major cities under civil service.

It also sought and injunction to stop payments to the 34 managers.

Civil service contends that under the State Constitution it must approve all vouchers for personal service to state agencies, including payments to managers of fee offices by the secretary of state.

Franklin Dewald, civil service director, cited similar control by his department of payment for services such as those performed by consulting engineers and land appraisers for the highway department, judges at state fairs and part time examiners.

## Lindy's Eatery Closes Its Doors

NEW YORK (AP) — Many of the old customers stopped by for a quiet snack at Lindy's—a Broadway landmark for 42 years—closed its doors early Sunday for the last time.

"They came in here like locusts and cleaned us out of cheesecake and pastry for auld lang syne," said Christopher Rudd, night manager for 20 years.

The restaurant, which was frequent by the shopping district crowd and immortalized as "Lindy's" in Damon Runyon's stories, has been sold to Longchamps, to be transmuted into a steakhouse.

The original Lindy's was opened by Leo "Lindy" Lindemann on Aug. 20, 1921, as an all-night delicatessen.

## Jews Celebrate Atonement Day

NEW YORK (AP) — Jews the world over fast today to mark Yom Kippur, the Day of Atonement.

The holy day began at sundown Sunday and ends at sundown today. It is the most sacred day on the Jewish calendar.

Services began Sunday night with Kol Nidre, an appeal to God for forgiveness for sins in the past year. Yom Kippur ends the High Holy days that started 10 days ago with Rosh Hashanah, the Jewish New Year.

nation monitors for civil service itself.

Dewald felt the true test of whether a license office should come under civil service is whether it has enough permanence and does a sufficient volume of business to qualify as a full time office.

**34 Offices In Dispute**  
The 34 offices in dispute are located at Detroit, Lansing, Grand Rapids, Kalamazoo, Pontiac, Saginaw, Flint, Bay City and Muskegon.

These 34 offices contribute more than half of the estimated \$2 million in business a year done by the fee branches. Putting them under civil service thus would cut in half the political patronage potential.

The case has bounced from 1964 from the circuit court to the court of appeals to the State Supreme Court. Atty. Gen. Frank Kelley, a fellow Democrat, has been representing Hare in the fight.

On Dec. 4, 1967, the State Supreme Court ordered the case back to the circuit court for trial by the original judge, Marvin J. Salmon.

**Fee System Backed**  
Salmon recently was tied up by his appointment as a one-man grand juror to investigate the State Highway Department.

Hare contends the fee system is cheaper for the state. The \$2 million in fees paid out to branch offices not under civil service would be doubled to \$4 million if they were placed under civil service, he said recently.

"You get a lot more for your buck when people work for a fee rather than a salary," Hare said.

"The wheels of justice grind slowly but surely," Dewald commented. "I have instructions to relentlessly pursue the legal remedy available and we are doing this. The final answer, of course, rests in the courts."

## U.P. Girl Drowns

EAGLE RIVER (AP) — Thirteen-year-old Pamela Anderson of Kearsarge drowned Sunday in Lake Superior near Eagle River where she had been swimming.

RALPH T. SMITH has been appointed U. S. Senator from Illinois to succeed the late Everett M. Dirksen. Governor Richard B. Ogilvie made the appointment. (AP Wirephoto)

## Burly Salesman In Record Swim

BOSTON (AP) — James J. Doty, 34, a burly insurance salesman and former shotputter, set a new record Sunday for the 24-mile swim from South Boston to Boston Light and back.

The 6-foot-2, 220-pound Boston resident completed the trip, in 62-degree water, in 9½ hours—40 minutes less than the previous record.

Charlotte (Ame) Leverone of Arlington, a mother of five, set the previous record in 1934 when she was 17.

## GOP Meeting

LANSING (AP) — The Republican State Central Committee has announced former Gov. George Romney, now secretary of housing and urban development, will speak at the first annual Midwest Regional Republican Conference Nov. 14 at Des Moines, Iowa. Romney will be luncheon speaker for the Friday session of the three-day conference to be attended by GOP leaders from 14 midwestern states.

## Road Sign Theft Reroutes Women

BIRMINGHAM, Ala. (AP) — Two Cordova housewives have both been sentenced to one year on probation after being convicted of stealing 10 highway signs.

Ann Addison and Billie Jo Roberts tearfully told Judge Robert Gwin they took the signs to decorate their teen-agers' rooms. The women were fined \$100 each and sentenced to 90 days at hard labor, suspended for 12 months, on conviction for malicious destruction of property.

Sheriff's deputies testified during the trial this weekend that the signs taken by the women included "stop," "Dangerous Intersection" and "Bad Curve" warnings, and the heavy reflector strip from the end of a bridge.

## 'Stop Sanguine' Group Formed

STEVENS POINT, Wis. (AP) — Opponents of Project Sanguine, a proposed Navy communications system in northern Wisconsin, met Sunday to organize a statewide membership and fund-raising campaign.

Kent Shifferd of Ashland was chosen to head the State Committee to Stop Sanguine.

Shifferd, a Northland College professor, said opposition to the project is based on fears it will damage the ecology of the region.

The multi-million-dollar program, for which Congress has authorized planning funds, is being designed to help the Navy communicate with U.S. military units throughout the world, including submerged nuclear submarines.

Committee members said induced electrical current from the underground grid planned for the global communications project may hurt fish and wildlife, damage recreation economy, interfere with domestic communications and pose a possible threat to human life.

## Tax Chairman

LANSING (AP) — Gov. William Milliken has reappointed Robert Purnell of Okemos as chairman of the State Tax Commission. Purnell, commission chairman since 1964, was named for a new term expiring Sept. 13, 1975. The reappointment requires Senate confirmation.

Romney will be luncheon speaker for the Friday session of the three-day conference to be attended by GOP leaders from 14 midwestern states.

## Road Sign Theft Reroutes Women

BIRMINGHAM, Ala. (AP) — Two Cordova housewives have both been sentenced to one year on probation after being convicted of stealing 10 highway signs.

Ann Addison and Billie Jo Roberts tearfully told Judge Robert Gwin they took the signs to decorate their teenagers' rooms. The women were fined \$100 each and sentenced to 90 days at hard labor, suspended for 12 months, on conviction for malicious destruction of property.

Sheriff's deputies testified during the trial this weekend that the signs taken by the women included "stop," "Dangerous Intersection" and "Bad Curve" warnings, and the heavy reflector strip from the end of a bridge.

## 'Stop Sanguine' Group Formed

STEVENS POINT, Wis. (AP) — Opponents of Project Sanguine, a proposed Navy communications system in northern Wisconsin, met Sunday to organize a statewide membership and fund-raising campaign.

Kent Shifferd of Ashland was chosen to head the State Committee to Stop Sanguine.

Shifferd, a Northland College professor, said opposition to the project is based on fears it will damage the ecology of the region.

The multi-million-dollar program, for which Congress has authorized planning funds, is being designed to help the Navy communicate with U.S. military units throughout the world, including submerged nuclear submarines.

Committee members said induced electrical current from the underground grid planned for the global communications project may hurt fish and wildlife, damage recreation economy, interfere with domestic communications and pose a possible threat to human life.

## Tax Chairman

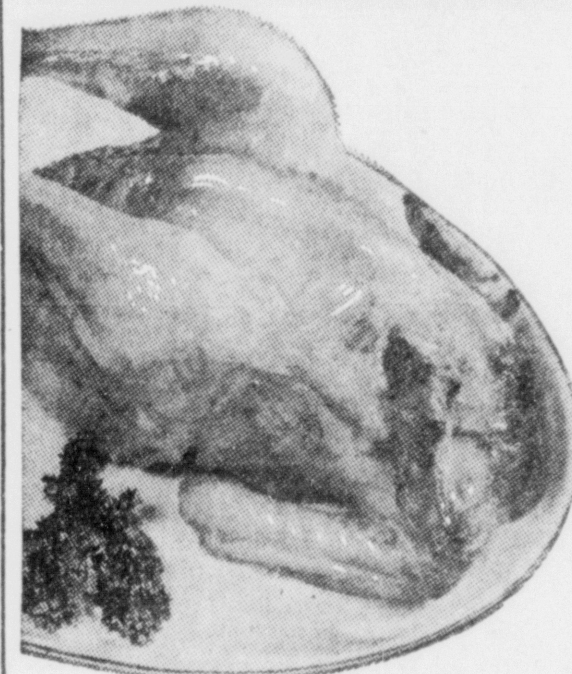

LANSING (AP) — Gov. William Milliken has reappointed Robert Purnell of Okemos as chairman of the State Tax Commission. Purnell, commission chairman since 1964, was named for a new term expiring Sept. 13, 1975. The reappointment requires Senate confirmation.

# Walk in, America.

Top of the line Kingswood Estate Walk-in: 3 seats, more powerful standard V8 at 250 hp, 119-inch wheelbase, 216.7 inches total length.

'You'll have a hard time finding a wagon as easy to get into as a 1970 Chevrolet.

Try it sometime.

Climb into any other wagon, then climb into one of ours.

Chevrolet wins in a walk:

With a dual-action door that swings open without any jutting hinges.

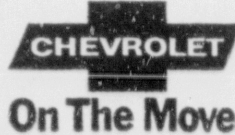

With a rubbered stair built right into the bumper.

With a roof that slants thoughtfully forward so you won't hit

your head.

We've got eight models this year, all with an Anti-theft steering column lock, steel side guard beams, Full Coil suspension, Body by Fisher, Engines by Chevy. And an awful lot of room. Look into a walk-in at your Chevrolet dealer's soon.

Putting you first, keeps us first

# Women's Activities

## Dance Classes Begin This Week

Dance classes in ballet, tap and modern jazz will open this week at the Catherine Bonifas Civic Center. Several classes are now filled, with enrollment limited to approximately eight students per class.

Beginner classes are held on Wednesday for kindergarten at 2:45 p.m. and fourth, fifth and sixth grades at 5 p.m.

Thursday beginner classes are held at 4 p.m. for kindergarten and first grades and at 5 p.m. for second and third grades. To enroll in dance classes children should be pre-registered by calling 786-7752.

## Births

**WISE** — A boy named James George was born to Mr. and Mrs. George Wise, Jr., at St. Nicholas Hospital in Cheboygan Falls, Wis. The baby was born Sept. 20, and weighed 9 1/4 pounds. Mrs. Wise is the former Dayle LaMarche of Escanaba.

**PASCOE** — Mr. and Mrs. Robert Pascoe of 1212 S. 22nd St., are the parents of a son, Kevin Christopher, born at 4:17 a.m. on Sept. 17. The infant weighed 7 pounds and 4 ounces at birth. The mother is the former Helen Bohan.

**FREDERICKSEN** — At 1:13 p.m. on Sept. 17, a son, Mark Elliot, weighing 8 pounds and 2 ounces, was born to Mr. and Mrs. Ronald Fredericksen of 1705 Main St., Wells.

**PETRICK** — A daughter, Kelly Jean, weighing 5 pounds and 4 ounces, was born to Mr. and Mrs. Emeric Petrick of Perronville at 10:58 p.m. on Sept. 17. The mother was Margaret LaVigne.

**NELSON** — Mr. and Mrs. Darryl Nelson of Rapid River welcomed their first child, a son, Michael Craig at 10:45 a.m. on Sept. 18. The infant weighed 7 pounds and 8 ounces at birth. Mrs. Nelson is the former Bonita Johnson.

**COOPER** — At 12:58 a.m. on Sept. 20, a son, Everett Keith, weighing 6 pounds, was born to Mr. and Mrs. Everett Cooper of Star Rte., Perronville. The mother was Lucille Thoun.

**ODONELL** — Mr. and Mrs. Michael O'Donnell Sr., of Bay View Location, Gladstone, are the parents of a son, their first child, born at 11:39 p.m. on Sept. 20. The infant weighed 6 pounds and 9 ounces at birth and has been named Michael Bruce Jr. Mrs. O'Donnell is the former Patricia Beauchamp.

**PASCOE** — Spec. 4 and Mrs. Thomas Pascoe of 1406 2nd Ave. S. welcomed their first child, a son, David Thomas at 12:19 a.m. on Sept. 22. The infant weighed 9 pounds and one ounce at birth. The mother is the former Kathryn Christensen. Spec. 4 Pascoe is presently serving with the U. S. Army in Vietnam.

Mrs. James K. Gardiner (John Duca Photo)

## Norma Jean Arkens, James Gardiner Wed

Norma Jean Arkens of Powers and James K. Gardiner of Stephenson exchanged wedding vows during a double ring ceremony performed Saturday, Aug. 30 at St. Bruno's Church in Nadeau.

Arrangements of gladioli adorned the church altar for the service. The Rev. Ralph Sterbenz officiated at the 2 p.m. nuptials. The bride was given in marriage by her father.

The bride is the daughter of Mr. and Mrs. Lester Arkens of Powers and parents of the bridegroom are Mr. and Mrs. John Gardiner of Stephenson. Matron of honor for her sister was Mrs. Ernest Webber of Carney and bridesmaid was Nancy Gardiner of Stephenson, the bridegroom's sister.

Serving as best man for his brother was John Gardiner of Escanaba and groomsmen was Dale Arkens of Powers, brother of the bride. Seating the guests were Francis Gardiner of Menominee and Marvin Arkens of Powers.

**Peau De Soie**  
The bride wore for her wedding a white floor length gown of peau de soie with lace trim, styled with a sabrina neckline, long sleeves and a removable Chantilly lace train.  
A forward headpiece held her double tiered veil and fan shaped blusher of pure silk illusion and she carried a cascade bouquet of red rosebuds and white carnations.

## Hints from Heloise

By HELOISE CRUSE

Dear Heloise:

I've just had what I think is a terrific idea:

You know how so many grocery stores give dishes away with certain amounts purchased? Or with designated amounts bought, you can buy pieces to make up place settings at a great discount?

Well, I was thinking about how many people live alone and how nice it would be to give them one complete place setting of dishes. Think what a lift it would be, especially for the elderly.

So often we find it very difficult to decide on gifts for them.

You don't have to wait for a special occasion, just make it a "thinking-of-you gift." That's the best kind anyway!

Mrs. J. H.

I think that's just about the greatest idea in many a moon. Wish I had thought of it myself. Thanks a bunch!

Heloise

## Letter Of Thought

Dear Heloise:

In order to stay afloat financially, we housewives will have to use that old saying, "Eat it up; wear it out; make it do; or do without."

Mrs. Glen Thornton

Dear Heloise:  
When an over-blowse is so sheer that the skirt underneath shows through, I take a pinking shears and cut off the top of an old slip to wear under the blowse.

The bottom part of the slip is not wasted because I use it to line the deep lace hem of a newer slip.

Lace hems aren't shadow-proof, so this problem is also solved.

Faithful Reader

This column is written for you... the housewife and homemaker. If you have a hint or a problem write to Heloise in care of this newspaper. Because of the tremendous volume of mail, Heloise is unable to answer all individual letters. She will, however, answer your questions in her column whenever possible.

## Delta Nurses Meet Tuesday

The Delta District Nurses Association will meet at the Dells Supper Club Thursday, Sept. 23. Cocktails will be served at 6:30 p.m. followed by dinner at 7.

This is the first meeting of the season and will be an organizational meeting and get-together. For reservations call Jerry Vanlerberghe, 786-7815 by Tuesday noon.

## Events

### Silhouettes Club

All members of the Silhouettes TOPS Club are to attend the meeting this evening in room 151 of the Junior High School at 7. Assignments for the convention next weekend will be given out at this time. Members unable to attend are to call Karen Mihalic, 786-7429.

### Auxiliary Luncheon

The Membership Drive of the St. Francis Hospital Auxiliary will be held at 1 p.m. Wednesday at the new Medcenter facility, 2501 7th Ave. S. Bridge and games of the players' choice will follow. New members will be introduced.

### Job's Daughters

A regular meeting of Job's Daughters, Bethel 9 of Escanaba will be held at 7 p.m. today at the Masonic Temple.

## Pope Speaks Out In Peace Effort

CASTEL GANDOLFO, Italy (AP) — Pope Paul VI says the world is suffering "from an instable balance still based on the arms race and on mutual fear."

In his regular Sunday speech to a crowd at his summer residence, he added:

"There are international legislations and organizations which promote peace with high and noble sentiments. We must support this huge effort of civilization. We must share it as our ideal and as our program of life."

## Peace Prayer

WASHINGTON (AP) — Dr. Charles Malik, former president of the U.N. General Assembly and once Lebanon's ambassador to Washington, conducted the Sunday religious service at the White House.

Dr. Malik, now a professor of philosophy at the American University in Beirut, offered a prayer that President Nixon would be able to lead the world toward peace.

SHIRLEY LOUISE COOK and William Edward Miller exchanged wedding vows during a double ring ceremony performed Saturday, Sept. 20 at Bethany Lutheran Church in Escanaba. Following a reception at the Chicken Shack on Saturday afternoon and evening, the couple left on their honeymoon trip. They will make their home in Escanaba. (Gordon Nelson Studio)

## OES Schedules Class Tuesday

F. C. Hatheway Chapter 48, Order of Eastern Star, has scheduled its first proficiency class of the season Tuesday at 7:30 p.m. The class will meet in the lounge of the Masonic Temple, 617 Ludington St.

All Eastern Star members interested in broadening their knowledge of the Order are invited to attend this study program. Conducting the class will be Hans P. Johnson and Howard Peterson.

A large class is anticipated and all new members and officers are to attend. For more information concerning the class call 786-1306.

## Church Events

**Central United Methodist**  
Monday, Sept. 22, 7:30 p.m. — Commission on Worship will meet at the church.

**Evangelical Covenant**  
Monday, Sept. 22, 7:30 p.m. — Covenant Women will meet, Mrs. Audrey Nygaard, hostess.

**Salem Ev. Lutheran**  
Wednesday, Sept. 24, 2 p.m. — Ladies Aid will meet in the church parlors. Hostesses will be Mrs. Ernest Flath and Mrs. Louis Racicot.

**Immanuel Lutheran**  
Tuesday, Sept. 23, 5:30 p.m. — Senior League kickoff banquet with election of officers; 7:30 p.m. — Parish education meeting.

**First Presbyterian**  
Tuesday, Sept. 23, 6:30 p.m. — Women's Association Autumn Supper.

ANNOUNCEMENT is made by Mrs. Patricia Hurst of 310 E. Foust Road, Harrison, Mich., of the engagement of her daughter, Sandra Ann, to Walter K. Frazier, son of Mr. and Mrs. Albert Frazier of Naubinway. The bride-elect is a 1969 graduate of Harrison High School and her fiancé is a 1968 graduate of Engadine High School. He is presently employed in Black River. No wedding date has been set.

Add sugar and lemon juice to sour cream and use as a dressing for cole slaw.

**PUSSYCATS IN TIGER LAND** — The old days of male only are no more as 148 coeds arrive at Princeton University in New Jersey as freshmen. One of them is looking at a book on Princeton traditions in the university bookstore.

## Finding How Much Car Costs May Leave Customer 'Dizzy'

DETROIT (AP) — The Big Three automakers have posted their 1970 prices, but to find out what a new Ford, Chevy or Plymouth will cost, you'd better go down and talk to your dealer. Chances are you're like other car buyers and will want such things as power steering, power brakes, radio optional items not included in the base price on most cars. Motorists usually buy \$500 to \$1,000 worth of the extras.

Then you may have to pay state and local tax. And there's a delivery charge which can vary for each of the nation's 27,000 car dealers.

What's left? **Stickers Not Reliable** Hagging with the dealer. A Federal Trade Commission survey shows that only 2.7 per cent—fewer than 3 out of 100—pay what the sticker on the window tallies up to.

It also shows 88.2 per cent of the hagglers get price discounts ranging from 5.1 to 20 per cent, the costlier the car the bigger the discount. GM announced this week a "basic car" increase of \$125 over 1969. Ford said its boost was \$108, and Chrysler reported an average \$107.

General Motors says the optional equipment purchased by its average buyer runs the cost of its average car up \$729 from \$3,189 to \$3,918. GM said the same stuff would have a 1969 model up \$730 from \$3,108 to \$3,838.

One big seller is the Chevrolet Custom Impala, two-door hard-top with an eight-cylinder engine. The manufacturer's suggested price on a stripped version is \$3,266. With automatic transmission, power steering, power brakes, radio and air conditioning tacked on the tab comes to \$4,032.

The trade publication Automotive News says 89.22 per cent of all 1968 U.S. built cars had automatic transmissions; 86.69 per cent, V-8 engines; 44.77, air conditioning; 41.46, power brakes; 80.41 power steering, and 82.19, radios.

**Some Get Break** Nevertheless, with few exceptions, folks choosing these options get a break. Options prices generally are unchanged from 1969.

Ford says its options are unchanged, except in a few cases of rounding off to the nearest dollar. For instance, disc brakes, \$64.77, now \$65; AM radio, \$61.40, now \$61.00.

Chrysler made a \$5 boost in power steering, from \$100 to \$105, and raised by \$1 automatic transmissions for its six-cylinder intermediate cars, \$189.05 to \$190.05, but it sliced by \$4, from \$210.90 to \$206.90, automatic

transmissions on Dodge Polaris with a 318 cubic engine.

**Some Prices Stable** Chevrolet's reported prices for automatic transmissions, power steering, power brakes, radios and air conditioning are unchanged.

There was little change at Pontiac, Oldsmobile and Buick. Nothing changed at Cadillac.

Automatic transmissions on six-cylinder Pontiac Tempests were cut from \$174.24 to \$163.68, but power steering was upped from \$100.05 to \$105.35.

On its six-cylinder F-85s, Oldsmobile cut automatic transmissions from \$205.92 to \$195.36, but made a \$5 increase in power steering; Delta transmissions went up \$5 to \$115.85.

## GI Stew Goes Down Drain

WASHINGTON (AP) — A menu item remembered—if not hallowed—by every soldier and veteran will be missing from chow lines next year. Word has come down from the Pentagon that beef stew is out.

The high-level ruling putting beef stew in the military memory bin with jerky and hardtack resulted from two factors—soldiers didn't like it and it cost too much to prepare.

"There has been a reduced demand for diced beef (as the military is wont to call the gooey concoction) over the years because of an increased preference by servicemen for meats in ground form," according to the Defense Personnel Support Center.

And, as Navy Capt. James Warren, head of the Food Service Directorate, put it: beef stew was "just too expensive for what we were getting out of it."

Because military specifications called for cutting the stew meat by hand the price was running over a \$1 a pound.

"When you stop to think that it costs well over \$3 billion each year to feed the men we now have in uniform, price really becomes important," Capt. Warren said.

Eliminating stew from the mess halls won't mean less meat for the troops. They will get more hamburgers, meatloaf and Salisbury steak-type courses.

The Defense bureaucracy doesn't easily or simply end a tradition reaching back beyond the memory of even the oldest soldier.

Although the Navy and Marine Corps had abandoned beef stew a couple of years ago, the Army and Air Force's retreat took more than two years of study, evaluation and programming by at least a half dozen military boards and agencies.

For those who wonder what effect the antibeef-stew ruling might have on other menu items, yes—chip beef on toast still will be available.

## Sheriff Escapes Injury In Auto Crash Downstate

ANN ARBOR (AP) — Washenaw county Sheriff Douglas Harvey escaped injury Saturday when his car collided with another auto in Ann Arbor while he was enroute to a hospital where his mother-in-law lay dying from a heart attack.

In the car with Harvey were his wife and his sister-in-law, neither of whom was hurt.

Ann Arbor police said Harvey had a siren in operation on his unmarked police car as he approached an intersection. His vehicle struck another car as it was making a left turn in the street.

City patrolman Wayne Meyers said the other car was driven by Lucille Hallock, who was not injured. Harvey identified himself, Meyers said, and was permitted to proceed to St. Joseph Mercy Hospital where Mrs. Harvey's mother, Mrs. Ruth Radtke, died before they arrived.

Sheriff's deputies said Mrs. Radtke suffered the heart attack at her farm home near Whitmore Lake, north of Ann Arbor. An ambulance was dispatched to take Mrs. Radtke to the hospital, and Harvey was notified at the University of Michigan Stadium, where he was attending a football game.

## Doe Permits

LANSING (AP) — Michigan hunters are advised by the Department of Natural Resources that no antlerless deer permits will be issued later this fall for areas whose quotas are not filled by the Sept. 30 application deadline. This is a change from the policy of last year, when permits were issued after the deadline for Bois Blanc Island and some Upper Peninsula areas where all the doe and fawn shooting permits had not been taken.

## Finding How Much Car Costs May Leave Customer 'Dizzy'

DETROIT (AP) — The Big Three automakers have posted their 1970 prices, but to find out what a new Ford, Chevy or Plymouth will cost, you'd better go down and talk to your dealer. Chances are you're like other car buyers and will want such things as power steering, power brakes, radio optional items not included in the base price on most cars. Motorists usually buy \$500 to \$1,000 worth of the extras.

Then you may have to pay state and local tax. And there's a delivery charge which can vary for each of the nation's 27,000 car dealers.

What's left?

**Stickers Not Reliable**

Haggling with the dealer. A Federal Trade Commission survey shows that only 2.7 per cent—fewer than 3 out of 100—pay what the sticker on the window tallies up to.

It also shows 88.2 per cent of the hagglers get price discounts ranging from 5.1 to 20 per cent, the costlier the car the bigger the discount.

GM announced this week a "basic car" increase of \$125 over 1969. Ford said its boost was \$108, and Chrysler reported an average \$107.

**Optional Costs Same**

However, few people buy a so-called "basic car," one stripped of all but standard equipment included in the price appearing at the top of the sticker on the window. The options follow this, with the "total" at the bottom.

General Motors says the optional equipment purchased by its average buyer runs the cost of its average car up \$729 from \$2,189 to \$2,918. GM said the same stuff would have a 1969 model up \$730 from \$3,108 to \$3,838.

One big seller is the Chevrolet Custom Impala, two-door hardtop with an eight-cylinder engine. The manufacturer's suggested price on a stripped version is \$3,266. With automatic transmission, power steering, power brakes, radio and air conditioning tacked on the tab comes to \$4,032.

# Packers Shutout Bears In Opener

GREEN BAY, Wis. (AP) — The Green Bay Packers opened their 50th National Football League season Sunday by blanking the Chicago Bears, 17-0 in the 101st renewal of their league founding rivalry.

Quarterback Bart Starr collaborated with speedy Travis Williams on a 31-yard touchdown pass midway through the first period. Jim Grabowski bulled into the end zone from the one in the fourth quarter and Mike Mercer booted a 32-yard field goal for all the Packers scoring.

The second time the Packers got the ball, Williams started the touchdown drive with a six-yard gain off tackle. Williams tried the right side for five and Grabowski rolled for 12.

Starr then lofted a pass down the right sidelines where Travis gathered it in and streaked in to the end zone.

Chicago started a drive of its own, helped by a penalty against Green Bay. But Jack Concannon's long pass was intercepted by Doug Hart, the first of two for the defensive

back, on the Packers' eight yard line.

Hart's second theft, which he returned to Chicago's one-yard line set up Grabowski's touchdown.

The Packers defense contained Chicago's Gale Sayers, allowing the shifty runner 31 yards in seven carries in the first half and not more in the final two periods.

The closest the Bears came to a score was as time ran out in the final period. Mac Pervel attempted a 50-yard field goal, but it was partially blocked.

Chicago 0 0 0 0—0  
Green Bay 7 0 0 10—17

GB — Williams 31 pass from Starr, Mercer kick.  
GB — Grabowski 1 run, Mercer kick.  
GB — FG Mercer 32.

# Packers Shutout Bears In Opener

GREEN BAY, Wis. (AP) — The Green Bay Packers opened their 50th National Football League season Sunday by blanking the Chicago Bears, 17-0 in the 101st renewal of their league founding rivalry.

Quarterback Bart Starr collaborated with speedy Travis Williams on a 31-yard touchdown pass midway through the first period. Jim Grabowski bulldozed into the end zone from the one in the fourth quarter and Mike Mercer booted a 32-yard field goal for all the Packers scoring.

The second time the Packers got the ball, Williams started the touchdown drive with a six-yard gain off tackle. Williams tried the right side for five and Grabowski rolled for 12.

Starr then lofted a pass down the right sidelines where Travis gathered it in and streaked into the end zone.

Chicago started a drive of its own, helped by a penalty against Green Bay. But Jack Concannon's long pass was intercepted by Doug Hart, the first of two for the defensive

back, on the Packers' eight yard line.

Hart's second theft, which he returned to Chicago's one-yard line set up Grabowski's touchdown.

The Packers defense contained Chicago's Gale Sayers, allowing the shifty runner 31 yards in seven carries in the first half and not more in the final two periods.

The closest the Bears came to a score was as time ran out in the final period. Mac Percival attempted a 50-yard field goal, but it was partially blocked.

Chicago 0 0 0 0-0  
Green Bay 7 0 0 10-17  
GB — Williams 31 pass from Starr, Mercer kick.  
GB — Grabowski 1 run, Mercer kick.  
GB — FG Mercer 32.  
A — 50-361.

# Eagles Suffer 20-12 Defeat

CHEBOYGAN — For the second time this season the Engadine Eagles have run into the top ranked team in the Eastern U.P. Conference and have come out on the short end of the score although beating their opponents in every department but the scoreboard.

This time the Eagles ran into Cheboygan Catholic and fell by the wayside, 20-12. Two weeks ago the Eagles dropped an 8-6 decision to the then top-ranked DeTour Red Raiders.

Engadine's first touchdown came on a five yard run by Skip Bibber after Eugene Salter took a kickoff on the Engadine 20 and brought it back to the Cheboygan 40. The Engadine eleven used ten plays in the scoring drive.

Engadine scored again in the fourth period after driving down to the Cheboygan 22. They were unable to advance the ball from that point and Cheboygan Catholic took over on downs. On third down, Engadine's Mike Kerridge intercepted a pass and returned it 34 yards for the touchdown.

The Eagles racked up 111 yards in the rushing department and added 64 more through the air, compared to Cheboygan's 110 yards rushing and -2 passing. Penalties really hurt Engadine drives as they were assessed with 125 yards in the game.

The scoring summary:  
CC — Tim McClelland 12-yd. run (run fails)  
CC — Mike Sullivan 2-yd. run (Pete Stemky pass to Fred LaCrosse)  
E — Bigger 5-yd. run (kick blocked)  
CC — McClelland 1-yd. run (run fails)  
E — Kerridge 34-yd. pass interception (pass fails)

BOB MCGINN (10), Holy Name Crusader quarterback, eludes St. Ignace defender Bill McNamee and starts upfield on one of his long jaunts in the Crusaders' 26-6 victory over the Saints. McGinn picked up 71 yards in 13 carries and scored one touchdown. (Daily Press Photo)

# Rams Stun Unitas, Colts For Opening Game Victory

By The Associated Press

"This was the biggest game of my career," said Deacon Jones, who has played in some big ones. "We went out and hit. We knocked hell out of 'em."

The defensive Goliath of the Los Angeles Rams expressed the sentiment of most of his teammates and of Coach George Allen after the Rams stunned Baltimore 27-20 in Sunday's National Football League opener.

Allen said the game was the biggest in his three years with the Rams, bigger even than Los Angeles' 34-10 victory over Baltimore for the conference title in 1967.

In other surprises, the New York Giants stopped Minnesota 24-13, Pittsburgh beat Detroit 16-13 and Atlanta whipped San Francisco 24-12. In other games, Dallas whipped St. Louis 24-3, Green Bay blanked Chicago 17-0, Cleveland stopped Philadelphia 27-20, and Washington turned back New Orleans 26-20 in a successful debut for Redskins Coach Vince Lombardi.

Baltimore Coach Don Shula pinned the defeat—only the second in the defending NFL champs' last 15 home openers—largely on two fumbles and three interceptions of John Unitas passes, although he said a lot of things weren't his quarterback's fault.

Rams Take Lead

With the score tied 17-17 in the third quarter, Rams safety Ed Meador picked off a Unitas pass and returned it 24 yards to the Baltimore 11. Bruce Gossett's 15-yard field goal put the Rams ahead 20-17.

In the final quarter, Baltimore's Preston Pearson fumbled Pat Studstill's punt and Rams rookie Bob Klein recovered at the Baltimore 16. Two plays later, quarterback Roman Gabriel increased the Rams' lead to 27-17 with his third touchdown pass to Wedneil Tucker.

Unitas, who said his chronic sore elbow didn't hurt him, threatened to wipe out the deficit in the final minutes, but he was plagued by incomplections and an interception, and the Colts had to settle for a 41-yard field goal by Lou Michaels.

Aspirous Debut

The Vikings' victory over the Vikings, last year's Central Division champs, marked an auspicious debut for new head Coach Alex Webster, who said before the game, "We don't know how good we are and I want to find out fast."

Trailing 23-10 on two touchdowns passes by Gary Cuozzo and three field goals by Fred Cox, Webster found out in the final five minutes when the Giants started to move.

Quarterback Fran Tarkenton hit rookie Don Herrmann with a 16-yard scoring pass. A fumble by Gene Washington recovered on the Vikings' 36 by Ralph Heck set up the winning opportunity. Tarkenton's 33-yard desperation toss bounced off Earl-sall Mackbee, a Viking defender, into the hands of Butch Wilson on the 10. Tarkenton then hit Herrmann in the end zone for the winner.

Falcons Win

Quarterback Bob Berry paced Atlanta with two touchdowns

# Crusader Gridders Upend Saints 26-6

By MIKE UTT

Fans attending the football game between the Holy Name Crusaders and the St. Ignace Saints Saturday saw the conclusion of the second chapter of what has been termed the second of two big football games involving teams from the eastern and western ends of the Upper Peninsula, and what an exciting ending the fans were treated to.

Holy Name came out on the top end of a 26-6 score after the referees were forced to call the game with 39 seconds left on the clock in the fourth period because the game had gotten completely out of control.

After the Crusaders scored their final touchdown of the game, they kicked off from the St. Ignace 30-yard line because of an unsportsmanlike conduct penalty and another 15-yard penalty on the Saints' coach for coming out onto the field. Another unsportsmanlike conduct penalty was called on St. Ignace after the kickoff and after play was unable to resume from that point, the referees decided to call the game.

Unfortunate Ending

The way things turned out, it was rather an unfortunate ending to an otherwise perfect victory for the Crusaders who are now 3-1 on the season. They piled up a total of 298 yards in the game, including 236 on the ground. Holy Name also had 14 first downs in the game, 11 of which came over the rushing route.

Senior fullback Dan Young, who played one of the finest games of his high school career, did the most damage to the St. Ignace eleven, picking up 111 yards rushing on 22 carries and scoring two of the Crusaders' four touchdowns.

Holy Name started play on their own 33-yard line after taking the opening kickoff and marched all the way down to the St. Ignace seven-yard line in 11 plays. Young then carried to the one, but the run was nullified and Holy Name missed its first scoring opportunity when a Holy Name player was penalized for not having a tooth-guard in his mouth. The penalty moved the ball back to the 22-yard line and St. Ignace took over on downs after the next play on their own 21.

Brown Scampers

After two running plays moved the ball to the 28, John Brown, St. Ignace's outstanding halfback, brought the crowd to its feet with a 42-yard scamper down the east sideline to put the ball on the Holy Name 30. Brown had clear sailing to the end zone when he was upended from behind by Young.

From that point the Crusaders held and the first quarter ended in a 0-0 tie.

Holy Name put on its first scoring drive early in the second period after Gary Corbett fell on a St. Ignace fumble on the Saints' 33-yard line. Twelve plays later, Young appeared to be stopped behind the line of scrimmage but managed to bull his way into the end zone for the touchdown from three yards out. Jim DeGrand then booted the extra point to put the Crusaders out in front 7-0.

At the 1:38 mark of the second quarter, Holy Name halfback Joe Sinclair connected with speedy end Jim Dubord on a 47-yard pass play to put the ball on the St. Ignace 17-yard line and set up the Crusaders' second touchdown. Dubord, a top dashman for the Crusaders during the track season, was wide open on the play after streaking down the sideline and slanting across the middle to receive the pass.

Scoring Strike

After another completed pass lost three yards, quarterback Bob McGinn completed a 20-yard scoring strike to split end John Baribeau with 49 seconds left on the clock. DeGrand's kick then put the Crusaders on top 14-0 at halftime.

Some good running by McGinn, Young and Joe Harvey ignited the Crusaders in their third scoring drive early in the fourth quarter after DeGrand intercepted his third pass of the season. It took eight plays for the Crusaders to put the ball across the end line after starting on their own 46-yard line. Young scoring on the final play from 21 yards out after a block at the line of scrimmage by Harvey sprung him loose.

Saints Score

On the fourth play after the kickoff, St. Ignace quarterback Jeff Savord found Roger Schlehuber open on a pass play over the middle and the big end scampered down the sideline to complete the 60-yard scoring play. A pass for the point conversion fell incomplete.

Safety Joe Joran set up the Crusaders' final touchdown late in the fourth quarter when he intercepted a pass on the Holy Name 42 and brought it

back to the St. Ignace 25. Three plays later, McGinn rolled around his left end and dashed the final 13 yards to paydirt. DeGrand's kick hit the crossbar and bounced back onto the field, thereby giving the Crusaders their 26-6 margin.

The Holy Name defense did an outstanding job containing Brown, although he did pick up 86 yards in 13 carries. In addition to his 42-yard scamper, his only other long run was for 17 yards in the fourth quarter. The 5 foot 6 inch, 175 pound running back seems to be picking up right where he left off last season, when he was one of the top backs in the U.P.

The Crusaders swing back into action this Saturday night when they play host to the Kingsford Flivvers at the Holy Name Athletic Field. The Flivvers, a Great Northern Conference foe, are the same team which put an end to the Escanaba Eskymos' 23-game unbeaten string Friday night.

# Sub Bronco Quarterback Ignites Upset Over Jets

By The Associated Press

Denver's Broncos, treated like a stepchild during most of their American Football League lives, may at long last be on their way to success.

The Broncos, after trailing 13-0, stormed back Sunday and edged the world champion New York Jets 21-19 in a nationally televised game played before Colorado's largest sports crowd ever, 50,853.

And it was Denver's No. 2 quarterback, Pete Liske, who broke the Jets' backs with a passing performance that overshadowed Joe Namath's aerial wizardry.

Two TD Passes

Liske, who entered the game in the second quarter when starting quarterback Steve Tensi was injured, tossed two touchdown passes. One was a 23-

yarder to Mike Heffner and the other 42 yards to Al Denon.

Ex-Syracuse All-America Floyd Little teased the Jets with his dazzling runs, collecting 104 yards and scoring from the one after his 53-yard punt return set up his touchdown opportunity.

Cincinnati staged the day's other AFL upset in thrashing the San Diego Chargers 34-20. In other games Sunday, Kansas City rolled on undefeated with a 31-0 triumph over Boston and Houston defeated Buffalo 17-3. Oakland just managed to get by Miami 20-17 at Oakland Saturday night.

Namath Erratic

Namath was superb for the Jets in the first quarter and late in the game. Between these periods of brilliance, however, he had a long spell when he couldn't hit his receivers. He connected on 19 of 37 passes for 283 yards.

Afterwards, Jets Coach Weeb Ewbank predicted the AFL race may be tighter than usual this season. Namath said he couldn't recall ever being hit harder by opposing linemen than by the Broncos.

The Jets salvaged one thing out of the game: Steve O'Neal established a pro punting record when his kick came to a rolling halt on the Denver two for a 98-yard boot.

Fabulous Rookie

Cincinnati's fabulous rookie quarterback, Greg Cook, was responsible for four touchdowns, passing for three and running for one. Cook threw a 78-yard bomb to Bob Trumpy, passed 39 yards to Bruce Coslet and nine yards to Speedy Thomas.

San Diego led shortly before the half when Brad Hubbard scored from the two after John Hadl's 50-yard pass to Gary Garrison put the ball in the shadows of the Cincinnati goal. The Bengals, however, bounced right back on three plays in 51 seconds for a touchdown on the Cook-to-Thomas pass and Cincinnati led 17-13, a lead it never relinquished.

Wrecking Crew

Passing Lennie Dawson and workhorse Mike Garrett proved a two-man wrecking crew in Kansas City's rout of Boston. Dawson floated a 16-yard pass onto the fingertips of Otis Taylor for one touchdown and flipped 22 yards to Garrett. The latter touchdown climaxed an 80-yard drive from the opening kickoff, all the defensive-tough Chiefs ever really needed.

The Chiefs' running back Paul Lowe became the second player in AFL history to reach the 5,000-yard mark in ground gaining. After eight carries for 40 yards, he has a career total of 5,002.

Little Trouble

Houston had little trouble with the Bills and their celebrated rookie from Southern California, O. J. Simpson. Pete Bethard's passing alone was too much for Buffalo. He passed 12 yards to Alvin Reed for a touchdown and set up another with a 56-yard throw to Roy Hopkins. Simpson ran more Sunday than in any previous game, picking up 58 yards in 19 carries.

A 47-yard field goal by George Blanda with 11 seconds left gave Oakland its narrow margin over the Dolphins Saturday night.

Tiger Tales

By The Associated Press

The Detroit Tigers have nine games left before their season ends Oct. 1 in Baltimore. The last home series is against Washington Tuesday, Wednesday and Thursday. With Sunday's 9-0 win over third-place Boston, the Tigers reduced to seven the magic number to clinch second place in the American League East. Any combination of seven Tiger wins or seven Red Sox losses assures Detroit of the runner-up spot.

Pat Dobson may not pitch the last two weeks of the season as a result of a toe injury suffered last Friday night when Wayne Redmond accidentally stepped on him. He has made 49 appearances this season and therefore won't be able to break Larry Sherry's record for most appearances. Sherry appeared in 55 games for Detroit in 1966.

John Hiller has been credited for another earned run because of a scoring change in the Sept. 16 game at New York. A passed ball in the sixth inning allowing Frank Tepedino to score was changed to a wild pitch by the official scorer.

The Tigers saluted 25 championship sandlot teams Sunday. All were invited to the game as guests of the team.

## North Dakota State Tops Northern 28-14

MARQUETTE — A fourth quarter Northern Michigan rally fell short here Saturday and the Wildcats bowed to North Dakota State, the defending national college division champion, 28-14, before 7,900 fans and a peninsula-wide TV audience.

Northern, after failing to capitalize on several early scoring opportunities, fell behind 7-0 when NDSU's Tim Mjos scored the first of his three touchdowns in the opening quarter.

The Wildcats saw two field goal tries go awry and continued to trail by a touchdown until the Bison scored two third quarter TDs. All-America Paul Hatcher got the first following an NMU fumble, then Mjos

added another on an 8 yard pass from quarterback Bruce Grasamke.

Trailing 21-0 in the final period, Northern came to life. All-America Lonnie Holton, aiding his own cause with a 22 yard run in a march of 71 yards, scored from the 5 with 12:38 left, then running mate Garry Scott capped a 70 yard march with a scoring drive from the 1 with 2:43 remaining.

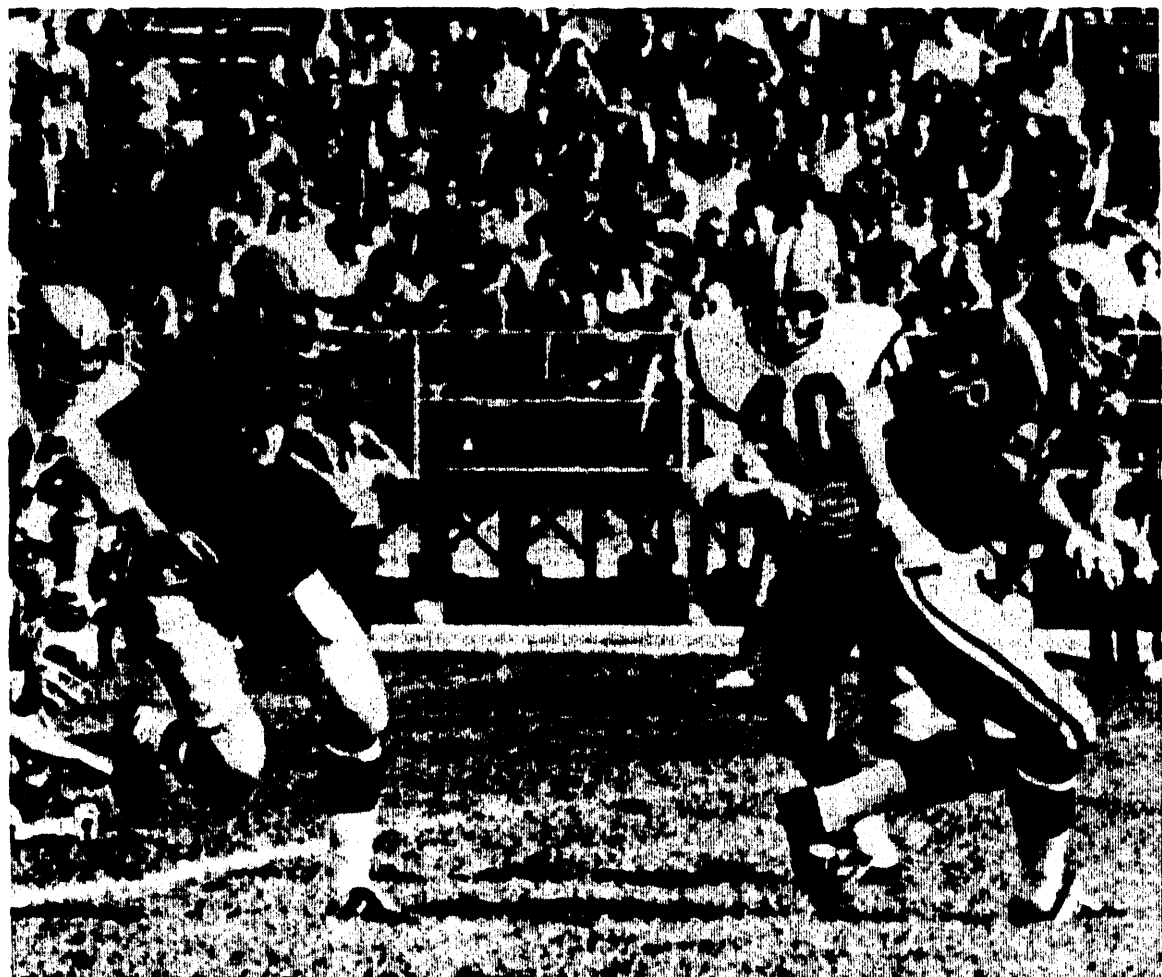

North Dakota State, however, controlled the ball in the closing minutes and led the game on an eight yard run with 11 seconds to play.

The victory was the 21st in a row for NDSU, winner of last year's PNC Bowl, and the 50th in their last 54 games.

The Bison offense accounted for 408 total yards, including 128 by fullback Joe Roller. 87 by Mjos and 83 by Hatcher. NMU made highlights 345 yards, led by quarterback Rich McCarthy's 169 passing and Holton's 98 rushing.

McCarthy's 16 pass completions set an NMU single game record, breaking the mark of 12 he tied a week ago against Northern Iowa.

Northern Michigan, now 1-1, plays a night game against Weber State College next Saturday in Ogden, Utah.

NORTHERN MICHIGAN'S Lonnie Holton (33) breaks loose for 40 yards against North Dakota State Saturday at Marquette behind Escanaba's Bob Schaut (68). Holton rushed for 96 yards and scored one touchdown as NMU bowed to the defending national college division champs 28-14. (NMU Photo)

## Broncos Keep Perfect Mark

The Bark River-Harris Broncos kept their unbeaten string intact and the Pembine Panthers remained right on their heels after the two schools recorded victories in Wolverine Conference games Saturday.

The Broncos scored all 20 of their points in a 20-12 romp over the Powers-Spalding Tigers in the first half. The Tigers put the crowd on its feet on the opening kickoff though, as they pulled off one of the wildest returns of the season.

Jeff Triest took the kickoff and started downfield, but he stopped about midway and threw the ball all the way across the field to Mark Veever, who then ran the rest of the way on the 60-yard return.

Bark River's touchdowns came on a 25-yard pass from Russ Pirlot to Tom Shiverski, a two-yard run by Len Olson, a 40-yard pass from Pirlot to Dan Veever and they added a safety when Triest was tackled in the end zone.

The Tigers' other touchdown came on a one-yard run by Lee Vincent.

Pembine broke out to a 14-0 lead in the first half and then went on to score a 40-6 victory over the winless Rick Little Giants.

Rick's lone touchdown came on a 60-yard kickoff return by Ed Wade in the second half.

## Jacklin's Putt Ties Ryder Cup

SOUTHPORT, England (AP) — The British golf world is wondering in a vaguely amused way if Harold Wilson or Tony Jacklin is the prime minister.

The British fans have a hard time at the moment—choosing between them.

Jacklin shot to the top of the sports world popularity poll by smashing American supremacy for the second time this year when he walked off the 18th green of the 7,140-yard par 74 Royal Birkdale Links Saturday.

It was Jacklin, who went to the United States to challenge the powerful American circuit, who gave Britain a 16-16 tie against the United States in the three-day Ryder Cup competition.

He never was beaten in four-omes, four balls, and singles matches.

Not since 1957 has Britain won the Ryder Cup, the professional match play duel, and only three times out on 17 tries has it emerged victorious. This was the first time and, for that, the British were proud and happy to settle.

## Florida Shocks Houston Eleven

By The Associated Press

The Cougars from Houston, where the space center is located, visited Florida and must have thought they were at Cape Kennedy, the way the rockets were going off—against them.

The launch pad Saturday at Gainesville as the University of Florida shocked seventh-ranked Houston 59-24, on the college football season's first big day was the arm of sophomore quarterback John Reeves.

Reeves completed 18 of 30 passes for a school record 342 yards and five touchdowns in leading what his coach, Ray Graves called "about the most inspired offense I have seen in my 10 years at Florida."

The main recovery area for Reeves' rockets was end Carlos Alvarez, who caught six passes, two for touchdowns.

While Reeves was passing away Sunday afternoon, another quarterback went on a running spree. Bill Montgomery rambled for three touchdowns as second-ranked Arkansas rolled over Oklahoma State 39-0.

Seven other members of the Top Ten in The Associated Press pre-season poll won easily. No. 1 Ohio State, the defending national champion, opens its season next Saturday.

Third-ranked Penn State walked away 45-22, breaking the game up with three touchdowns during a 3½-minute span in the third quarter.

No. 4 Texas downed California 17-0 behind the running of Steve Worster. Ted Roy and Stephen Winger. Ted Roy and Stephen Winger. Ted Roy and Stephen Winger.

Clarence Davis, replacing the graduated O. J. Simpson, pushed for 114 yards and sopho-

## Twins' Pennant Clincher Delayed By Weak Hitters

By The Associated Press

A couple of anemic hitters, John Kennedy and Dave Duncan, combined to delay Minnesota's title-clinching in the American League West and stalled the ultimate demise of the Oakland A's.

"They can wait another day or so to win the championship," said Seattle's Kennedy, a 243-batter who hit a tie-breaking homer with two out in the ninth to beat the Twins 4-3 Sunday.

Harmon Killebrew did his best for the Twins. He slammed two solo homers to tie with Washington's Frank Howard and Oakland's Reggie Jackson for the major league lead at 46.

Despite the loss, the Twins could still have nailed the title if Oakland had lost to California. But it didn't work out that way.

Duncan, who started the day with a .107 average, ended it at .121 after driving in five runs in Oakland's 12-2 romp. Reliever Jim Roland, in his first start of the season, held California to four hits.

So Minnesota's magic number is still one going into tonight's game at Kansas City, Oakland.

entertains Chicago tonight. The Twins lead the A's by 10 games and each team has 10 games left.

In other American League games, Detroit blanked Boston 9-0, Cleveland nipped Washington 4-3 and the Chicago White Sox bombed Kansas City 10-2.

The Baltimore Orioles and New York Yankees weren't scheduled.

In the National League, the New York Mets swept a twin bill from Pittsburgh 5-3 and 6-1, the Chicago Cubs edged St. Louis 4-3. Cincinnati drubbed Houston 4-1. Atlanta blasted San Diego 8-2. San Francisco squeaked past Los Angeles 4-3 and Montreal beat Philadelphia 7-6.

Mike Kilkenny fired a three-hitter for Detroit, allowing just one hit after the first inning.

Tom Cash, Tom Matchick and Al Kaline accounted for six of the Tigers' nine runs with two RBIs each.

Cleveland had to wait for Vern Fuller's two-out pinch single with the bases loaded in the ninth to beat Washington. Washington tied the game in the eighth when Mike Epstein scored from third on an error by catcher Duke Sims.

Ed Herrmann's three-run homer capped an eight-run Chicago romp in the third, and moved the White Sox into a tie for fourth with the Royals in the West Division.

## Giants Retain Lead By Nipping Dodgers

By The Associated Press

Gaylord Perry went for a stroll in San Francisco Sunday and some roughnecks from Los Angeles jumped him. But Willie McCovey went for a walk and arrived home safely.

The adventures of the two San Francisco Giants on the base-paths were the highlights of a 10-inning 4-3 victory over the Los Angeles Dodgers that enabled the Giants to maintain their one-half game lead in the National League West.

While the third-place Dodgers were falling 3½ games back, the runner-up Atlanta Braves kept pace with the Giants by whipping San Diego 8-2. Fourth-place Cincinnati stayed four games out with a 4-1 triumph over Houston.

The New York Mets increased their lead over Chicago in the NL East to 4½ games and lowered their magic number to four with a 5-3, 6-1 doubleheader sweep of Pittsburgh while the Cubs were nipping St. Louis 4-3 in a single game. Montreal edged Philadelphia 7-6.

Perry took his exercise in the fourth inning with the Giants nursing a slim 2-1 lead. Jackie

second with two out when Ron Hunt walked.

But Perry, apparently thinking the bases were loaded before the walk to Hunt, headed for third, which Hiatt had no intention of leaving. Catcher Tom Haller fired to shortstop Maury Wills, trapping Perry, a 140-hitter who's more at home on the pitching mound than the base-paths.

Hiatt broke for the plate and Wills' return throw nailed him easily.

Wills, however, was the goat in the 10th when his two-out, bases-loaded boot of Jim Davenport's grounder enabled McCovey to lumber home with the winning run.

McCovey, the NL's home run leader, came up in the 10th with two out and the bases empty. Los Angeles skipper Walter Alton ordered reliever Pete Mikkelsen to walk the big slugger intentionally. But Mikkelsen also walked Bobby Bonds and Ken Henderson before Wills' goof.

Before the 10th-inning strategy, the largest Candlestick Park crowd in two years — 41,051 — saw Bonds strike out twice, tying the major league mark of 175 set by Dave Nicholson of the Chicago White Sox in 1963. Willie Davis of the Dodgers sent the game into overtime with an eighth-inning homer.

The Braves stayed right on the Giants' heels as Ron Reed hurled a six-hitter and Hank Aaron belted his 553rd career homer against San Diego. Aaron's blow came with two runners aboard in the seventh and capped a five-run inning.

Gary Nolan checked Houston on four singles—Wayne Granger came in to get the last out—and broke up a scoreless game in the seventh inning. An intentional walk backfired there, too.

With two out in the seventh, Ted Savage doubled and Denny Lemaster passed Darrel Chaney, bringing up Nolan. After the pitcher's triple, Pete Rose singled him home.

Strong pitching by Jerry Koosman and Don Cardwell sparked the Mets to their double win over Pittsburgh and the Pirates helped out with seven errors.

The Mets took command early in both contests as Koosman posted his 16th victory of the season and Cardwell the 100th of his career. Art Shamsky homered for the Mets, Jose Pagan and Willie Stargiel for Pittsburgh.

Andy Hundley's two-run homer and Ferguson Jenkins' 21st victory helped the Cubs beat St. Louis and eliminate the 1967 and 1968 pennant-winners from the race. Jenkins survived homers by Vada Pinson and Curt Flood and drove in the winning run with a seventh-inning single.

John Bateman's seventh-inning homer pulled the Expos into a tie with Philadelphia and Mary Staehle unloaded his first big league round-tripper an inning later to win it.

## Shipman Wins El Toro Crown

Dean Shipman Jr. has added the WDBC Trophy and the Escanaba Yacht Club Trophy to his collection after being named the Sailor of the Year and the champion of a best of four series in the El Toro class at the Escanaba Yacht Club.

Shipman finished the racing season with a total of 16 demerits to win the WDBC Trophy. Following him were Chris Shipman 83.1, Lynn Zimmermann 104.7, Bill Taylor 122.8 and Mike Curtin 135.2.

In the series for the Escanaba Yacht Club Trophy, the first race Saturday was won by Lynn Zimmermann with zero demerits, followed by Bill Taylor, Chris Shipman, Danny Criel, Dean Shipman Jr. and Mike Curtin.

Shipman finished first in the second race with zero demerits and was followed to the finish line by Taylor, Zimmermann, Chris Shipman, Criel and Curtin.

An El Toro banquet has been scheduled for Oct. 25 and the time and place will be announced at a later date.

## Officials Group Slates Meeting

A Lake Superior Coaches and Officials meeting has been scheduled for Tuesday evening at 7:30 in Room C-401 of Escanaba Area High School.

New coaches and officials are cordially invited to attend the meeting.

## Kilkenny 3-Hits Bosox As Tigers Triumph 9-0

DETROIT (AP) — If anybody creates a committee to preserve old Tiger Stadium, Mike Kilkenny gladly will serve as chairman.

The 24-year-old rookie pitcher from Bradford, Ont., fired a three-hitter Sunday as the Detroit Tigers crushed the Boston Red Sox 9-0 in the venerable stadium.

It was Kilkenny's fourth shutout in five complete games since he became a starter July 31. All have been at Tiger Stadium which was built back in the 1930s.

The Tigers open their final home stand of the season Tuesday night with the first of three games against Washington. Denny McLain, 23-8, is expected to pitch for Detroit.

"I don't like those new stadiums with all the cement walls and where it looks like you're playing in a big lake," Kilkenny said.

"I like it right here. It's closed in and to me it's what a baseball field should look like."

"If you move the screen back a long, long way like in the new at Fenway, you can't see your pitches as well," added the slim southpaw. "And I like the mound here. I don't know why, I just like it."

In the big sixth, leftfielder Billy Conigliaro, pitcher Ray Jarvis and centerfielder Reggie Smith all made throwing errors.

The big blow in the inning was a two-run single by Kalkine, who was honored before the game with nine others as a member of the Greatest Tiger Team, selected in a poll of baseball fans.

Matchick knocked in a run in the inning with a single, while Don Wert and Jim Northrup hit sacrifice flies to account for two more.

# North Dakota State Tops Northern 28-14

MARQUETTE — A fourth quarter Northern Michigan rally fell short here Saturday and the Wildcats bowed to North Dakota State, the defending national college division champion, 28-14, before 7,900 fans and a peninsula-wide TV audience.

Northern, after failing to capitalize on several early scoring opportunities, fell behind 7-0 when NDSU's Tim Mjos scored the first of his three touchdowns in the opening quarter.

The Wildcats saw two field goal tries go awry and continued to trail by a touchdown until the Bison scored two third quarter TDs. All-America Paul Hatchett got the first following an NMU fumble, then Mjos

added another on an 8 yard pass from quarterback Bruce Grasamke.

Trailing 21-0 in the final period, Northern came to life. All-America Lonnie Holton, aiding his own cause with a 22 yard run in a march of 71 yards, scored from the 5 with 12:38 left, then running mate Garry Scutt capped a 70 yard march with a scoring drive from the 1 with 2:43 remaining.

North Dakota State, however, controlled the ball in the closing minutes and iced the game with Mjos' third touchdown on an eight yard run with 11 seconds to play.

The victory was the 21st in a row for NDSU, winner of last year's Pecan Bowl, and the 50th in their last 54 games.

The Bison offense accounted for 408 total yards, including 128 by fullback Joe Roller, 87 by Mjos and 83 by Hatchett. NMU had a highly respectable 345 yards, led by quarterback Rich McCarthy's 169 passing and Holton's 96 rushing.

McCarthy's 16 pass completions set an NMU single game record, breaking the mark of 12 he tried a week ago against Northern Iowa.

Northern Michigan, now 1-1, plays a night game against Weber State College next Saturday in Ogden, Utah.

# Broncos Keep Perfect Mark

The Bark River-Harris Broncos kept their unbeaten string intact and the Pembine Panthers remained right on their heels after the two schools recorded victories in Wolverine Conference games Saturday.

The Broncos scored all 20 of their points in a 20-12 romp over the Powers-Spalding Tigers in the first half. The Tigers put the crowd on its feet on the opening kickoff though, as they pulled off one of the wildest returns of the season.

Jeff Triest took the kickoff and started downfield, but he stopped about midway and threw the ball all the way across the field to Mark Veaser, who then ran the rest of the way on the 60-yard return.

Bark River's touchdowns came on a 25-yard pass from Russ Pirlot to Tom Shiverski, a two-yard run by Len Olson, a 40-yard pass from Pirlot to Dan Veaser and they added a safety when Triest was tackled in the end zone.

The Tigers' other touchdown came on a one-yard run by Lee Vincent.

Pembine broke out to a 14-0 lead in the first half and then went on to score a 40-6 victory over the winless Rick Little Giants.

Rock's lone touchdown came on a 60-yard kickoff return by Ed Wade in the second half.

# Jacklin's Putt Ties Ryder Cup

SOUTHPORT, England (AP) — The British golf world is wondering in a vaguely amused way if Harold Wilson or Tony Jacklin is the prime minister.

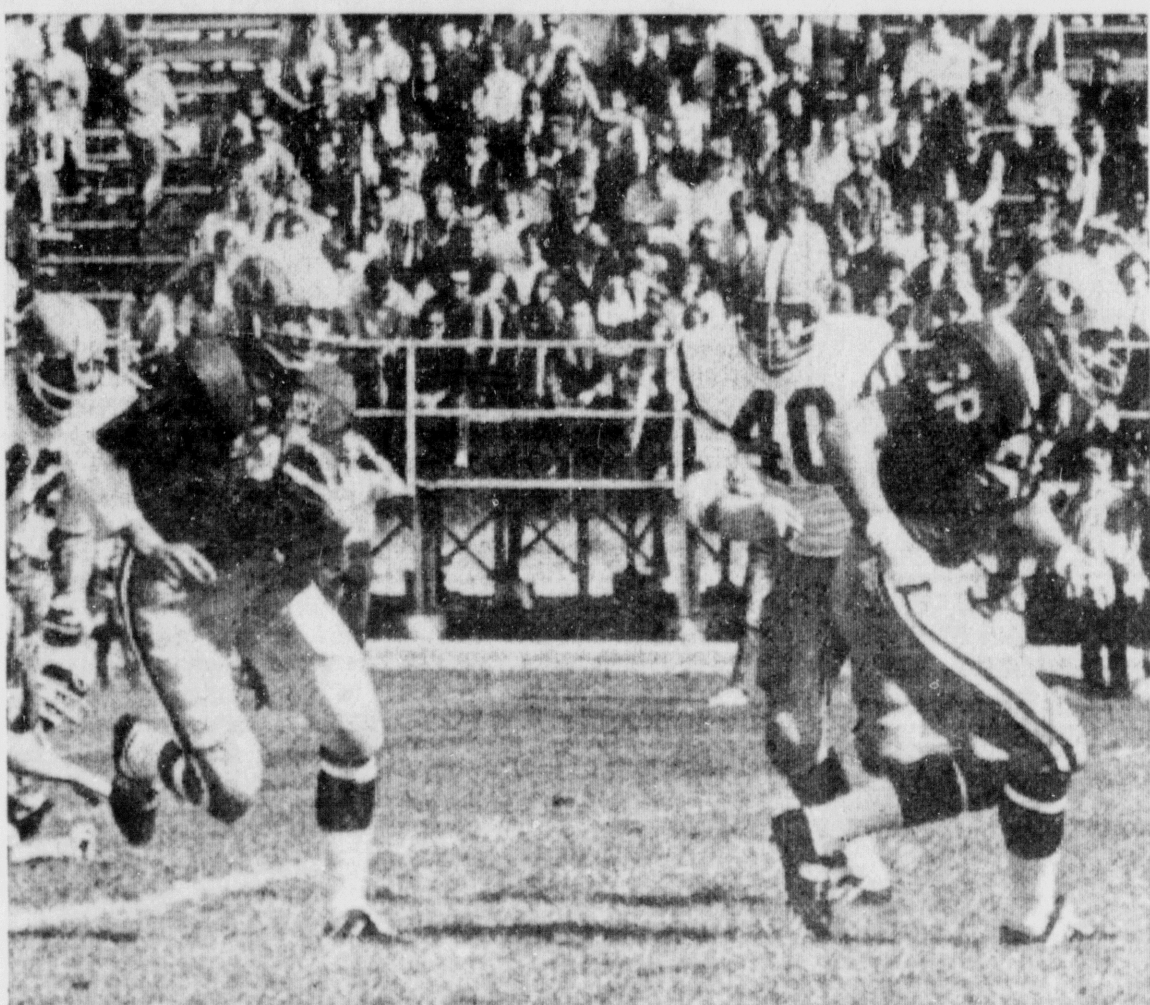

The British fans have a hard time—at the moment—choosing between them.

Jacklin shot to the top of the sports world popularity poll by smashing American supremacy for the second time this year when he walked off the 18th green of the 7,140-yard par 74 Royal Birkdale Links Saturday.

It was Jacklin, who went to the United States to challenge the powerful American circuit, who gave Britain a 16-16 tie against the United States in the three-day Ryder Cup competition.

He never was beaten in four-omes, four balls, and singles matches.

Not since 1957 has Britain won the Ryder Cup, the professional match play duel, and only three times out on 17 tries has it emerged victorious. This was the first tie and, for that, the British were proud and happy to settle.

NORTHERN MICHIGAN'S Lonnie Holton (33) breaks loose for 40 yards against North Dakota State Saturday at Marquette behind Escanaba's Bob Schaut (68). Holton rushed for 96 yards and scored one touchdown as NMU bowed to the defending national college division champs 28-14. (NMU Photo)

# Twins' Pennant Clincher Delayed By Weak Hitters

By The Associated Press

A couple of anemic hitters, John Kennedy and Dave Duncan, combined to delay Minnesota's title-clinching in the American League West and stalled the ultimate demise of the Oakland A's.

"They can wait another day or so to win the championship," said Seattle's Kennedy, a .243 batter who hit a tie-breaking homer with two out in the ninth to beat the Twins 4-3 Sunday.

Harmon Killebrew did his best for the Twins. He slammed two solo homers to tie with Washington's Frank Howard and Oakland's Reggie Jackson for the major league lead at 46.

Despite the loss, the Twins could still have nailed the title if Oakland had lost to California. But it didn't work out that way.

Duncan, who started the day with a .107 average, ended it at .121 after driving in five runs in Oakland's 12-2 romp. Reliever Jim Roland, in his first start of the season, held California to four hits.

So Minnesota's magic number is still one going into tonight's game at Kansas City. Oakland

entertains Chicago tonight. The Twins lead the A's by 10 games and each team has 10 games left.

In other American League games, Detroit blanked Boston 9-0, Cleveland nipped Washington 4-3 and the Chicago White Sox bombed Kansas City 10-2. The Baltimore Orioles and New York Yankees weren't scheduled.

In the National League, the New York Mets swept a twin bill from Pittsburgh 5-3 and 6-1, the Chicago Cubs edged St. Louis 4-3, Cincinnati drubbed Houston 4-1, Atlanta blasted San Diego 8-2, San Francisco squeaked past Los Angeles 4-3 and Montreal beat Philadelphia 7-6.

Mike Kilkenny fired a three-hitter for Detroit, allowing just one hit after the first inning. Tom Cash, Tom Matchick and Al Kaline accounted for six of the Tigers' nine runs with two RBIs each.

Cleveland had to wait for Vern Fuller's two-out pinch single with the bases loaded in the ninth to beat Washington. Washington tied the game in the eighth when Mike Epstein scored from third on an error by catcher Duke Sims.

Ed Herrmann's three-run homer capped an eight-run Chicago romp in the third, and moved the White Sox into a tie for fourth with the Royals in the West Division.

# Big Ten Teams Get Slow Start

CHICAGO (AP) — The powerful Big Ten, boasting the nation's No. 1 football team, got off to a shaky and glaringly defenseless start Saturday.

With top-ranked Ohio State delaying its season opener until this coming Saturday, the Big Ten posted only four victories in nine games.

Indiana, Michigan, Michigan State and Purdue got off to winning starts while Minnesota, Illinois, Northwestern, Wisconsin and Iowa got slugged with defeats.

Indiana outlasted Kentucky 58-30, Michigan overwhelmed Vanderbilt 42-14, Michigan State dumped Washington 27-11 and Purdue held on for a 42-35 triumph over Texas Christian.

Minnesota, Northwestern and Wisconsin — all underdogs — reacted accordingly. Minnesota fell before Arizona State's super speed 48-26, Oklahoma crushed Wisconsin 48-21 despite a 220-yard rushing performance by Alan Thompson and Northwestern ran out of gas in the final quarter to drop a 35-10 decision to Notre Dame.

Illinois and Iowa, both favored at home, were upset victims. A 22-yard field goal by Frank Morahan in the last 33 seconds gave Washington State a 19-18 triumph over Illinois while Iowa suffered a 42-14 thrashing at the hands of Oregon State which had been humiliated by UCLA in the previous week.

In the opening round Big Ten teams posted a total of 258 touchdowns but their opponents totaled 282 for better than a 31 point game average, a rate which is obviously difficult to triumph against.

If the opening intersectional confrontation proved rough, round No. 2 figures to be tougher Saturday even with the debut of Ohio State which is at home against Texas Christian.

Illinois invades Missouri while northwestern journeys west for a night game at Southern California. Everybody else will be at home.

California is at Indiana, Washington State at Iowa, Washington at Michigan, Southern Methodist at Michigan State, Ohio University at Minnesota, Notre Dame at Purdue and UCLA at Wisconsin.

# Giants Retain Lead By Nipping Dodgers

By The Associated Press

Gary Nolan went for a stroll in San Francisco Sunday and some roughnecks from Los Angeles jumped him. But Willie McCovey went for a walk and arrived home safely.

The adventures of the two San Francisco Giants on the base-paths were the highlights of a 10-inning 4-3 victory over the Los Angeles Dodgers that enabled the Giants to maintain their one-half game lead in the National League West.

While the third-place Dodgers were falling 3½ games back, the runner-up Atlanta Braves kept pace with the Giants by whipping San Diego 8-2. Fourth-place Cincinnati stayed four games out with a 4-1 triumph over Houston.

The New York Mets increased their lead over Chicago in the NL East to 4½ games and lowered their magic number to four with a 5-3, 6-1 doubleheader sweep of Pittsburgh while the Cubs were nipping St. Louis 4-3 in a single game. Montreal edged Philadelphia 7-6.

Perry took his exercise in the fourth inning with the Giants nursing a slim 2-1 lead. Jackie Hiatt was on third and Perry on second with two out when Ron Hunt walked.

But Perry, apparently thinking the bases were loaded before the walk to Hunt, headed for third, which Hiatt had no intention of leaving. Catcher Tom Haller fired to shortstop Maury Wills, trapping Perry, a .140 hitter who's more at home on the pitching mound than the base-paths.

Hiatt broke for the plate and Wills' return throw nailed him easily.

Wills, however, was the goat in the 10th when his two-out, bases-loaded boot of Jim Davenport's grounder enabled McCovey to lumber home with the winning run.

McCovey, the NL's home run leader, came up in the 10th with two out and the bases empty. Los Angeles skipper Walter Alston ordered reliever Pete Mikkelsen to walk the big slugger intentionally. But Mikkelsen also walked Bobby Bonds and Ken Henderson before Wills' goof.

Before the 10th-inning strategy, the largest Candlestick Park crowd in two years — 41,051 — saw Bonds strike out twice, tying the major league mark of 175 set by Dave Nicholson of the Chicago White Sox in 1963. Willie Davis of the Dodgers sent the game into overtime with an eighth-inning homer.

The Braves stayed right on the Giants' heels as Ron Reed hurled a six-hitter and Hank Aaron belted his 553rd career homer against San Diego. Aaron's blow came with two runners aboard in the seventh and capped a five-run inning.

Gary Nolan checked Houston on four singles—Wayne Granger came in to get the last out—and broke up a scoreless game with a two-run triple in the seventh inning. An intentional walk backfired there, too.

With two out in the seventh, Ted Savage doubled and Denny Lemaster passed Darrel Chaney, bringing up Nolan. After the pitcher's triple, Pete Rose singled him home.

Strong pitching by Jerry Koosman and Don Cardwell sparked the Mets to their double win over Pittsburgh and the Pirates helped out with seven errors.

The Mets took command early in both contests as Koosman posted his 16th victory of the season and Cardwell the 100th of his career. Art Shamsky homered for the Mets, Jose Pagan and Willie Stargell for Pittsburgh.

Gandy Hundley's two-run homer and Ferguson Jenkins' 21st victory helped the Cubs beat St. Louis and eliminate the 1967 and 1968 pennant-winners from the race. Jenkins survived homers by Vada Pinson and Curt Flood and drove in the winning run with a seventh-inning single.

John Bateman's seventh-inning homer pulled the Expos into a tie with Philadelphia and Marv Staehle unloaded his first big league round-tripper an inning later to win it.

# Shipman Wins El Toro Crown

Dean Shipman Jr. has added the WDBC Trophy and the Escanaba Yacht Club Trophy to his collection after being named the Sailor of the Year and the champion of a best of four series in the El Toro class at the Escanaba Yacht Club.

Shipman finished the racing season with a total of 16 demerits to win the WDBC Trophy. Following him were Chris Shipman 83.1, Lynn Zimmermann 104.7, Bill Taylor 122.8 and Mike Curtin 135.2.

In the series for the Escanaba Yacht Club Trophy, the first race Saturday was won by Lynn Zimmermann with zero demerits, followed by Bill Taylor, Chris Shipman, Danny Criel, Dean Shipman Jr. and Mike Curtin.

Shipman finished first in the second race with zero demerits and was followed to the finish line by Taylor, Zimmermann, Chris Shipman, Criel and Curtin.

An El Toro banquet has been scheduled for Oct. 25 and the time and place will be announced at a later date.

# Kilkenny 3-Hits Bosox As Tigers Triumph 9-0

DETROIT (AP) — If anybody creates a committee to preserve old Tiger Stadium, Mike Kilkenny gladly will serve as chairman.

The 24-year-old rookie pitcher from Bradford, Ont., fired a three-hitter Sunday as the Detroit Tigers crushed the Boston Red Sox 9-0 in the venerable stadium.

It was Kilkenny's fourth shutout in 5 complete games since he became a starter July 31. All have been at Tiger Stadium which was built back in the 1930s.

The Tigers open their final home stand of the season Tuesday night with the first of three games against Washington. Denny McLain, 23-8, is expected to pitch for Detroit.

"I don't like those new stadiums with all the cement walls and where it looks like you're playing in a big field," Kilkenny said.

"I like it right here. It's closed in and to me it's what a baseball field should look like."

"If you move the screen back a long, long way like in the new parks you can't see your pitches as well," added the slim southpaw. "And I like the mound here. I don't know why, I just like it."

Despite pitching a one-hitter after the first inning, Kilkenny, now 7-5, said the shutout he pitched in Oakland several weeks ago was his best game.

But as far as Red Sox manager Dick Williams was concerned: "He threw a hell of a game."

Norm Cash, Tom Matchick and Al Kaline each knocked in two runs in the victory. But Boston also had four errors which gave Detroit three unearned runs in the six-run sixth inning.

The Tigers scored their first run in the second on a single by Cash, a walk, and a single by Matchick. In the third, Cash unloaded a 415-foot triple following a single by Tom Tresh and a walk to Kaline.

In the big sixth, leftfielder Billy Conigliaro, pitcher Ray Jarvis and centerfielder Reggie Smith all made throwing errors. The big blow in the inning was two-run single by Kaline, who was honored before the game with nine others as a member of the Greatest Tiger Team, selected in a poll of baseball fans.

Matchick knocked in a run in the inning with a single, while Don Wert and Jim Northrup hit sacrifice flies to account for two more.

# Officials Group Slates Meeting

A Lake Superior Coaches and Officials meeting has been scheduled for Tuesday evening at 7:30 in Room C-401 of Escanaba Area High School.

New coaches and officials are cordially invited to attend the meeting.

## Water Pollution Gets Top Priority

Water pollution abatement was assigned top priority among objectives of the Northern Michigan Sportsmen's Association by delegates to its annual convention here Sunday.

Delegates authorized Roland Juchemich Jr., Negaunee, NMSA president, to appoint a water pollution abatement committee after hearing a report by Harry Khoury, Iron Mountain, who was named chairman of the committee.

Appointed to serve with him were Abe Matero, Baraga; Angelo Palluconi, Iron Mountain; Beryl LaPin, Champion; and Merwin White, Manistique.

Delegates also heard an address by State Sen. Joseph Mack (see adjoining story), witnessed presentations of NMSA awards for excellence in conservation and acted on resolutions on game and fish matters submitted by member clubs.

**Teacher Honored**

Mrs. Clifford Christensen, third grade teacher in Manistique, was presented with the Peter Trudell award given annually to the person judged to be the most outstanding teacher of conservation in the Upper Peninsula. The Manistique Area schools received the NMSA plaque for having conducted the most outstanding conservation education program during the past school year.

The presentations were made by Paul C. Vhailancin, Marquette, regional information officer for the Department of Natural Resources.

Meeting in the Schoolcraft County Sportsman's Club building, delegates passed the following resolutions:

- To return to the one buck law;
- To open the ruffed grouse and woodcock seasons on Oct. 1 instead of Sept. 15 as is now the case;
- To restore the bounty on foxes;
- To close Marquette County to beaver trapping;
- To prohibit all net fishing in Huron Bay, Lake Superior;
- To increase small game license fees by 50 cents and earmark the additional money for payment of bounties;
- To leave coyote bounty fees unchanged;
- To remove the creel limit on whitefish on Lake Superior (it is now seven daily);
- To continue stocking the Great Lakes with lake trout, but to plant more of the fish off shore;
- To urge the Upper Peninsula's congressional delegation to support funding for the Great Lakes sea lamprey control program;
- To allow bait fishermen to fish for bait in Keweenaw Bay and to place them under a separate \$25 license instead of requiring them to pay \$250 for a commercial fishing license;
- To prohibit the setting of traps on beaver dams;
- To urge the state to step up habitat development on state-owned lands and seek to encourage improvement of habitat on privately owned lands through consultant services and other inducements;
- To redouble efforts by the NMSA opposing restrictive laws governing sporting arms and ammunition;
- To prohibit private development within 16 feet of the mean water line of Great Lakes waters, except in established harbor and moorage areas.

Delegates defeated a proposal to open the deer hunting season on the Saturday nearest Nov. 15.

They also turned down a proposal urging the state to set aside more primitive and semi-primitive areas. A proposal to increase coyote bounty payments to \$30 for males and \$35 for females died for lack of support.

## MANISTIQUE

THE COMBINE WAS BUSY on the Leland Pawley farm in Gulliver this week harvesting cramble, a potential new industrial oil seed crop. The harvesting is being done by the Schoolcraft County Soil Conservation District which intends to use this year's crop for additional experimental plantings throughout the county next year. Jon Haindl of Cooks, SCD chairman, reported a good yield. Cramble, a source of oil rich in erucic acid, is a potentially important new oil seed crop for local farmers. "Cramble oil" shows promise as a raw material for continuous steel casting, lubricants, rubber additives, plasticizers, new kinds of nylon, waxes, polymers and other products. (Soil Conservation District Photo)

## Mack Asks Support For State Land Bill

State Sen. Joseph Mack, Ironwood Democrat, was in Manistique Sunday to ask support for Senate Bill 428 he has introduced, to criticize Department of Natural Resources and the downstate press, and to defend his proposal that the Porcupine Mountain area be turned over to Michigan Technological University for "preservation."

Speaking to a noon gathering of the Northern Michigan Sportsmen's Association convention, Mack insisted he was "not anti-conservationist since the Conservation Dept. is the core and basis of the Upper Peninsula and I don't want the U.P. destroyed any more than you do."

He sniped at the department's refusal to include three questions on each deer hunter's application as a means of obtaining factual information on the state's deer herd.

"I asked that they include the questions 'Did you shoot a deer last year? A buck or doe? And which county?'" he related. "And the department wouldn't produce a reliable count of the deer herd 'because the sportsmen probably wouldn't tell the truth.'"

**Questions Or Not**

His proposed questionnaire probably would bring the deer count within five or six per cent of actuality, he said.

Mack said the state needs good management in deer herd control and the present counting system — a conservation officer sitting on a car counting one out of 50 passing cars with a deer strapped to the car — does not result in "factual information," he charged.

**Asks For Support**

He said he intends to push for his questionnaire on deer kills by putting the proposal in a bill. He also reaffirmed his endorsement on banning the killing of antlerless deer.

Mack asked support of Senate Bill 428 (termed vicious by the downstate press, he said) which would raise the state's payments in lieu of taxes to local units of government from 20 cents to 65 cents per acre on state-owned land. Schoolcraft County would realize an additional \$128,000 and Delta County \$26,000 if the bill becomes law — and its sponsor is very sure it will, he said.

"The tax base up here leaves much to be desired," he said in deploring the inequities in tax payments on the two million acres of state-owned land in the Upper Peninsula (another two million acres in the U.P. are owned by the federal government).

**Payments Raised**

If the eight million people of the State of Michigan want to use these lands for recreation, then the eight million people should pay for these lands, he said.

He introduced a bill which raised the state payments to 20 cents per acre last year, but before that the state paid only 10 cents an acre north of Town Line 16. It was a different story south of the imaginary line, however, since those local units of government were reimbursed full value for similar lands under legislation dating back to 1925, Mack said.

As a result of this legislation, the Upper Peninsula got an additional \$750,000 last year, he added.

Support for S. B. 428 has come from county boards of supervisors, and school boards throughout the U.P.

**Let MTU Manage**

Mack wants the Porcupine Mountains "preserved" so that in 50 years that 47,000 acre will be a garden spot," he said.

"Let MTU, who has the finest and best foresters in the nation, make the determination of what should be done to preserve the Porokies," he said.

Unless something is done, the die back of timber, will be astronomical, he predicted. He also suggested that a 22-mile access road be built into the mountains so visitors can travel into the forest and enjoy its beauties.

Mack said he has never suggested that any logging be done in the Porokies and was not in favor of any private or commercial development. He said the present condition of the Porokies is "pure" unadulterated waste with dead timber left lying on the ground and dead trees unattended.

## 200 Adults Attend High School Here

There are 220 reasons why Community School Director Richard Bonifas smiles as he talks about the high school completion courses offered in the area schools. The reasons are the 220 persons who have enrolled to complete requirements for their high school diplomas.

To receive one's high school diploma, one must accumulate the required 16 units of credit. However, many adults may qualify for some portion of the 16 units through four "experience" evaluation areas.

A General Education Development Test (GED) test is one measure of an applicant's skills and records correctness and effectiveness of expression, interpretation of reading materials plus general math ability. A maximum of six of the required 16 credits may be obtained through a decent score on this test.

Credit will also be allowed for work completed in other high schools, courses completed in military service (including United Armed Forces Institute courses and physical education), high school correspondence courses, trade and business school courses, and a work-experience evaluation. A total of 12 credit units are possible under these concessions.

Students must demonstrate scholarship and attendance to earn a high school diploma, according to outlined regulations of the program. A minimum resident requirement of two completed courses is also necessary before a diploma will be issued.

Adults are charged a token \$1.00 fee per semester for each course in which they enroll. Current offerings include American Literature, auto mechanics, bookkeeping I, drafting, driver education, English 9-12, speech, German I, shorthand I, type I and II, U.S. Government, and welding.

Community School Director Bonifas may be contacted at his office in the high school or by telephone at 341-2195 for more information.

## Lawyer Offers To Help In Air Pollution Case

WASHINGTON (AP) — Rep. Leonard Farbstein, D-N.Y., said today he will intervene as "a friend of the court" in a California suit aimed at reducing air pollution caused by automobile engines.

The suit seeks a court order requiring Atty. Gen. John N. Mitchell and Secretary of Health, Education and Welfare Robert H. Finch to take legal action against the big three auto makers.

It also asks them to try to bar the five largest oil companies from producing fuels with high pollutant additives such as lead.

Farbstein said he will intervene in the suit because of the Justice Department's decision last week to drop civil charges against auto manufacturers accused of conspiring to retard development of antismog devices for cars. The case, initiated under the Johnson administration, was settled with a consent decree.

"Since the Nixon administration has apparently given up government's traditional role as defender of the public interest, it is time now for private citizens to act," Farbstein said.

## Adult School Classes Will Start Tonight

After-hours lights will again be blazing in the Manistique Area Schools as adult basic education and high school completion courses begin meeting tonight for their opening sessions. Enrichment courses will start in two weeks — on Oct. 6.

Registrations were on the upswing at the Manistique Community School last week, Community School Director Richard Bonifas said, with contract negotiations concluded between the certified teachers and the school board. Had the stalemate not been resolved, it was doubtful if the two programs — which must use certified teachers to qualify for state aid — would be started.

Interested persons may still register for both the adult basic courses — free to any person who has not completed the eighth grade — and the high school credit completion courses, Bonifas said. Registrations for enrichment courses will be accepted until Oct. 3.

To register, simply call or stop in at the Community School Director's office in the high school. The telephone number is 341-2195. A revised schedule of course offerings will be published in Tuesday's Daily Press.

Adult basic courses concentrate on the student acquiring the necessary skills in reading, writing, speech and arithmetic. The textbooks used in acquiring these skills are geared to adult interests and exposures and experiences. Classes meet twice weekly — on Mondays and Wednesdays — in Room 201 of the high school at 7 p.m.

## Cub Scout Meet

Cub Scout Pack 402 will meet for an organizational meeting Wednesday, Sept. 24 at 7 p.m. at the Zion Lutheran Church.

All boys between the ages of eight and ten and one-half years are invited to attend but must be accompanied by their parents.

## KERMIT WOLFE

In loving memory of our beloved father and brother, Kermit Wolfe, who passed away one year ago on Sept. 23. Sadly missed by his sons and daughters, brothers and sisters.

HI AND LOIS

WHAT WOULD YOU LIKE FOR BREAKFAST THIS MORNING, DEAR?

ORANGE-PINEAPPLE JUICE, ROAST BEEF HASH, THREE POACHED EGGS ON TOP, WHOLE-WHEAT TOAST, BLUEBERRY JAM AND COFFEE...

WHAT AM I GOING TO GET BESIDES THAT LOOK?

ANDY CAPP

DON'T FORGET THE PAPER!

WOULD YOU STIR YER TEA, PET? - I'M LATE FOR WORK!

SEE IF THERE'S ANY OVERTIME GOIN', KID - THEY'RE THREATENIN' T' STOP ME DOLE MONEY!

THERE MUST BE SOME-THIN' WRONG 'ERE - WORKIN' LIKE A DOG IN ORDER T' BE ABLE T' LIVE LIKE ONE....

PEANUTS

HELLO, CHUCK? THIS IS PEPPERMINT PATH... I'M JUST CALLING ABOUT OUR FOOTBALL GAME

OUR TEAM HAS BEEN PRACTICING LIKE MAD... COUNTDOWN, PASS PATTERNS, RED-DOGGING... YOU KNOW, THAT SORT OF THING...

HOW'S YOUR TEAM DOING?

WELL, WE'VE JUST ABOUT GOT THE BALL INFLATED...

LIL ABNER

OINK!! OINK!!

WHO'S THAT ONE?

PORKNOY, TH' COMPLAINER--

WHAT'S PORKNOY'S COMPLAINT?

HE'S OVER-ROMANTIC AN' UNDER-PRIVILEGED-- SOSHULLY THAT IS!!

MEANIN' HE DON'T MEET MANY GALS?

NONE, IF WE KIN HELP IT--

HEY-Y!!

SALOMEY!!

MARK TRAIL

EL CHARRIBO - USES INSULATORS AND WIRE TO CREATE A CRUDE "BOLEADORAS" (LARIAT) WITH WHICH HE HITS EL FOSFORO - WHO RELEASES CARROT KANE

AS STEVE TRIES TO PULL CARROT CLEAR, THE RED LEADER LUNGES TOWARD THEM--

4 MINUTES AND 36 SECONDS, YOU DIDN'T BEAT MY RECORD, GARGE

AW! I WAS FASTER THAN THAT!

I'LL DO IT AGAIN AND TIME MYSELF!

HOW CAN YOU SWIM AND LOOK AT YOUR WATCH AT THE SAME TIME?!

BLONDIE

MY DOG FOLLOWED ME ON MY ROUTE TODAY

WHAT KIND OF DOG IS HE, MR BEASLEY?

HE'S A HALF AND HALF

HALF AND HALF WHAT?

WE DON'T KNOW

ALL WE KNOW IS WHAT ONE HALF IS THE OTHER HALF ISN'T

# Water Pollution Gets Top Priority

Water pollution abatement was assigned top priority among objectives of the Northern Michigan Sportsmen's Association by delegates to its annual convention here Sunday.

Delegates authorized Roland Juchemich Jr., Negaunee, NMSA president, to appoint a water pollution abatement committee after hearing a report by Harry Khoury, Iron Mountain, who was named chairman of the committee.

Appointed to serve with him were Abe Matero, Baraga; Angelo Palluconi, Iron Mountain; Beryl LaPin, Champion, and Merwin White, Manistique.

Delegates also heard an address by State Sen. Joseph Mack (see adjoining story), witnessed presentations of NMSA awards for excellence in conservation and acted on resolutions on game and fish matters submitted by member clubs.

To allow bait fishermen to fish for bait in Keweenaw Bay and to place them under a separate \$25 license instead of requiring them to pay \$250 for a commercial fishing license;

To prohibit the setting of traps on beaver dams;

To urge the state to step up habitat development on state-owned lands and seek to encourage improvement of habitat on privately owned lands through consultant services and other inducements;

To redouble efforts by the NMSA opposing restrictive laws governing sporting arms and ammunition;

To prohibit private development within 16 feet of the mean water line of Great Lakes waters, except in established harbor and moorage areas.

Delegates defeated a proposal to open the deer hunting season on the Saturday nearest Nov. 15.

They also turned down a proposal urging the state to set aside more primitive and semi-primitive areas. A proposal to increase coyote bounty payments to \$30 for males and \$35 for females died for lack of support.

# MANISTIQUE

THE COMBINE WAS BUSY on the Leland Pawley farm in Gulliver this week harvesting cramble, a potential new industrial oil seed crop. The harvesting is being done by the Schoolcraft County Soil Conservation District which intends to use this year's crop for additional experimental plantings throughout the county next year. Jon Haindl of Cooks, SCD chairman, reported a good yield. Cramble, a source of oil rich in erucic acid, is a potentially important new oil seed crop for local farms. "Cramble oil" shows promise as a raw material for continuous steel casting, lubricants, rubber additives, plasticizers, new kinds of nylon, waxes, polymers and other products. (Soil Conservation District Photo)

**Teacher Honored**

Mrs. Clifford Christensen, third grade teacher in Manistique, was presented with the Peter Trudell award given annually to the person judged to be the most outstanding teacher of conservation in the Upper Peninsula. The Manistique Area schools received the NMSA plaque for having conducted the most outstanding conservation education program during the past school year.

The presentations were made by Paul C. Vhallancin, Marquette, regional information officer for the Department of Natural Resources.

Meeting in the Schoolcraft County Sportsman's Club building, delegates passed the following resolutions:

- To return to the one buck law;
- To open the ruffed grouse and woodcock seasons on Oct. 1 instead of Sept. 15 as is now the case;
- To restore the bounty on foxes;
- To close Marquette County to beaver trapping;
- To prohibit all net fishing in Huron Bay, Lake Superior;
- To increase small game license fees by 50 cents and earmark the additional money for payment of bounties;
- To leave coyote bounty fees unchanged;
- To remove the creel limit on whitefish on Lake Superior (it is now seven daily);
- To continue stocking the Great Lakes with lake trout, but to plant more of the fish off shore;
- To urge the Upper Peninsula's congressional delegation to support funding for the Great Lakes sea lamprey control program;

# Mack Asks Support For State Land Bill

State Sen. Joseph Mack, Ironwood Democrat, was in Manistique Sunday to ask support for Senate Bill 428 he has introduced, to criticize Department of Natural Resources and the downstate press, and to defend his proposal that the Porcupine Mountain area be turned over to Michigan Technological University for "preservation."

Speaking to a noon gathering of the Northern Michigan Sportsmen's Association convention, Mack insisted he was "not anti-conservationist since the Conservation Dept. is the core and basis of the Upper Peninsula and I don't want the U.P. destroyed any more than you do."

He sniped at the department's refusal to include three questions on each deer hunter's application as a means of obtaining factual information on the state's deer herd.

"I asked that they include the questions 'Did you shoot a deer last year? A buck or doe? And which county?'" he related. "And the department replied that the answers wouldn't produce a reliable count of the deer herd 'because the sportsmen probably wouldn't tell the truth.'"

**Questions Or Not**

His proposed questionnaire probably would bring the deer count within five or six per cent of actuality, he said.

Mack said the state needs good management in deer herd control and the present counting system -- a conservation officer sitting on a car counting one out of 50 passing cars with a deer strapped to the car -- does not result in "factual information", he charged.

**Asks For Support**

He said he intends to push for his questionnaire on deer kills by putting the proposal in a bill. He also reaffirmed his endorsement on banning the killing of antlerless deer.

Mack asked support of Senate Bill 428 (termed vicious by the downstate press, he said) which would raise the state's payments in lieu of taxes to local units of government from 20 cents to 65 cents per acre on state-owned land. Schoolcraft County would realize an additional \$128,000 and Delta County \$26,000 if the bill becomes law -- and its sponsor is very sure it will, he said.

"The tax base up here leaves much to be desired," he said in deploring the inequities in tax payments on the two million acres of state-owned land in the Upper Peninsula (another two million acres in the U.P. are owned by the federal government.)

**Payments Raised**

If the eight million people of the State of Michigan want to use these lands for recreation, then the eight million people should pay for these lands, he said.

He introduced a bill which raised the state payments to 20 cents per acre last year, but before that the state paid only 10 cents an acre north of Town Line 16. It was a different story south of the imaginary line, however, since those local units of government were reimbursed full value for similar lands under legislation dating back to 1925, Mack said.

As a result of this legislation, the Upper Peninsula got an additional \$750,000 last year, he added.

Support for S. B. 428 has come from county boards of supervisors, and school boards throughout the U.P.

**Let MTU Manage**

Mack wants the Porcupine Mountains "preserved" so that in 50 years that 47,000 acre will be a garden spot," he said.

"Let MTU, who has the finest and best foresters in the nation, make the determination of what should be done to preserve the Porcupines," he said.

Unless something is done, the die back of timber, will be astronomical, he predicted. He also suggested that a 22-mile access road be built into the mountains so visitors can travel into the forest and enjoy its beauties.

Mack said he has never suggested that any logging be done in the Porcupines and was not in favor of any private or commercial development. He said the present condition of the Porcupines is "purely unadulterated waste" with dead timber left lying on the ground and dead trees unattended.

# 200 Adults Attend High School Here

There are 220 reasons why Community School Director Richard Bonifas smiles as he talks about the high school completion courses offered in the area schools. The reasons are the 220 persons who have enrolled to complete requirements for their high school diplomas.

To receive one's high school diploma, one must accumulate the required 16 units of credit. However, many adults may qualify for some portion of the 16 units through four "experience" evaluation areas.

A General Education Development Test (GED) test is one measure of an applicant's skills and records correctness and effectiveness of expression, interpretation of reading materials plus general math ability. A maximum of six of the required 16 credits may be obtained through a decent score on this test.

Adults are charged a token \$1.00 fee per semester for each course in which they enroll. Current offerings include American Literature, auto mechanics, bookkeeping I, drafting, driver education, English 9-12, speech, German I, shorthand I, type I and II, U.S. Government, and welding.

Community School Director Bonifas may be contacted at his office in the high school or by telephone at 341-2195 for more information.

Credit will also be allowed for work completed in other high schools, courses completed in military service (including United Armed Forces Institute courses and physical education), high school correspondence courses, trade and business school courses, and a work-experience evaluation. A total of 12 credit units are possible under these concessions.

Students must demonstrate scholarship and attendance to earn a high school diploma, according to outlined regulations of the program. A minimum resident requirement of two completed courses is also necessary before a diploma will be issued.

# Adult School Classes Will Start Tonight

After-hours lights will again be blazing in the Manistique Area Schools as adult basic education and high school completion courses begin meeting tonight for their opening sessions. Enrichment courses will start in two weeks -- on Oct. 6.

Registrations were on the upswing at the Manistique Community School last week, Community School Director Richard Bonifas said, with contract negotiations concluded between the certified teachers and the school board. Had the stalemate not been resolved, it was doubtful if the two programs -- which must use certified teachers to qualify for state aid -- would be started.

Interested persons may still register for both the adult basic courses -- free to any person who has not completed the eighth grade -- and the high school credit completion courses, Bonifas said. Registrations for enrichment courses will be accepted until Oct. 3.

To register, simply call or stop in at the Community School Director's office in the high school. The telephone number is 341-2195. A revised schedule of course offerings will be published in Tuesday's Daily Press.

Adult basic courses concentrate on the student acquiring the necessary skills in reading, writing, speech and arithmetic. The textbooks used in acquiring these skills are geared to adult interests and exposures and experiences. Classes meet twice weekly -- on Mondays and Wednesdays -- in Room 201 of the high school at 7 p.m.

# Briefly Told

**Ticketed by Michigan State Police** on Friday were Basil Rath, Toledo, speeding; Richard Hermes, Garden, expired operator's license; and Bruce Passinault, Munising, no insurance proof.

**Ovid Swisher** of Germfask reported to State Police the theft of a camera, tire and wheel from his automobile sometime since Sept. 14. Value of the missing items was estimated at \$100. An investigation is underway, troopers said.

**City Council** will meet tonight at 7:30 in council chambers of City Hall. Other than reports and communications, the only action agenda item is consideration of demolition of a building on Deer St.

**The Manistique Rifle and Pistol Club** will hold their regular supper meeting this Wednesday with trapshooting preceding the meeting.

**Robert Ebli, 48**, Manistique, escaped injury Sunday when the car he was driving struck and killed a deer at 9 p.m. on M-35 just north of the Cedar River Bridge.

**James Damitz**, manager of the Michigan Employment Security Commission office in Escanaba, announced today that a representative of the MESCC will be at the Army in Manistique Wednesday from 9 a.m. to noon. The representative will not hold Thursday appointments this week as scheduled.

# Lawyer Offers To Help In Air Pollution Case

WASHINGTON (AP) -- Rep. Leonard Farbstein, D-N.Y., said today he will intervene as "a friend of the court" in a California suit aimed at reducing air pollution caused by automobile engines.

The suit seeks a court order requiring Atty. Gen. John N. Mitchell and Secretary of Health, Education and Welfare Robert H. Finch to take legal action against the big three auto makers.

It also asks them to try to bar the five largest oil companies from producing fuels with high pollutant additives such as lead.

Farbstein said he will intervene in the suit because of the Justice Department's decision last week to drop civil charges against auto manufacturers accused of conspiring to retard development of antismog devices for cars. The case, initiated under the Johnson administration, was settled with a consent decree.

"Since the Nixon administration has apparently given up government's traditional role as defender of the public interest, it is time now for private citizens to act," Farbstein said.

**KERMIT WOLFE**

In loving memory of our beloved father and brother, Kermit Wolfe, who passed away one year ago on Sept. 23. Sadly missed by his sons and daughters, brothers and sisters.

# Ex-Marquette Prisoner In Trouble Again

FLINT (AP) — An ex-convict whose career of crime includes bank robberies, prison breaks and an abortive attempt to take a Michigan governor as hostage is behind bars for another 15 years.

The prisoner, Ralph C. Stearn, 66, already has spent more than half his life in jails and penitentiaries.

Federal Judge Stephen J. Roth sentenced Stearn to two concurrent 15-year prison sentences Friday after he pleaded guilty to two bank robberies in Michigan and Wisconsin — which netted more than \$143,000.

The first holdup took place last Feb. 11 when a lone bandit robbed the Genesee Merchants Bank and Trust branch in Flushing, Mich., and escaped with \$6,000 after spraying tear gas into the building as he backed out the door.

On July 18, two men carrying pistols walked into the Tri-City State Bank of Oak Creek, Wis., forced 16 employees and customers to lay on the floor and made off with \$137,042.79.

Two days later, after the victims had made an identification from old mug shots, FBI agents arrested Stearn in his apartment, where they found \$70,000, three pistols, ammunition and tear gas cartridges.

Stearn pleaded guilty to the Michigan holdup last month and to the Wisconsin robbery Friday, saying he wanted to be sentenced for both offenses at the same time.

Under federal law, a defendant who pleads guilty does not have to be returned to the state where the offense occurred for sentencing.

Stearn's career of crime first attracted attention in 1924, when he was convicted of robbing a speakeasy in Chicago and was sentenced to 3 to 20 years. In 1929, he drew a life sentence for robbing a Detroit shoe store.

Stearn was captured with another convict in an attempted prison break in 1938, and the following year he and two others armed with knives kidnapped the warden, deputy warden and two members of the Michigan Parole Board and escaped from the prison in Marquette.

Stearn's freedom was short-lived, however. He was captured an additional day and sentenced to an additional term of 6 months to 3 years.

In 1950, Stearn and others attempted to take then Gov. G. Mennen Williams as a hostage while the governor was visiting Marquette, but the plot was thwarted by alert guards.

Stearn was given another 3½ to 4 years for felonious assault. In 1964, Stearn was paroled. In 1968, he was discharged from custody after serving 35 years of his life term.

Police are still looking for Stearn's accomplice in the Wisconsin bank holdup.

# Blacks Planning Detroit March?

DETROIT (AP) — The new executive secretary of Detroit's chapter of the National Association for the Advancement of Colored People (NAACP) says black demonstrations at construction sites, similar to those in Pittsburgh, may happen soon in the Motor City.

William H. Penn Sr., 33, made the prediction of demonstrations in a weekend interview in which he said he had received more complaints about job discrimination than anything else.

Penn took over the NAACP post two months ago from City Councilman Robert Tindal, who resigned. The job pays \$13,000 a year.

Penn said blacks hold less than one per cent of the jobs in the skilled construction trades such as brickmason and carpenter, adding that "the atmosphere is ripe" for Negroes to start pushing for higher paying construction jobs.

# Funeral Set

DETROIT (AP) — Funeral services for Fred J. Kennedy, a retired Detroit lawyer and former director of a number of firms, will be held Wednesday in Detroit. Kennedy, 78, died Friday in La Jolla, Calif.

He was a trustee of the Besser Foundation and a director of Stroth Brewing Co. Kennedy formerly was a director of Continental Motors Corp., Kelsey-Hayes Corp., Cunningham Drug Co., Murray Corp. and Sheller Manufacturing Co.

# Bomb Threat

DETROIT (AP) — A telephoned bomb threat delayed for nearly three hours Saturday the departure of a Pan American Airways nonstop flight from Detroit to London. Authorities said the telephone caller told Pan Am's office in New York that a bomb had been placed aboard the plane. No bomb was found in a search. The craft had 65 passengers and a crew of nine.

## Card of Thanks

### Walker

We wish to express our sincere thanks to all who expressed their sympathy in our loss, the death of our mother, Mrs. Lou Walker. We especially wish to thank Fr. Fabian Gerstle, the pallbearers, those who sent flowers, offered their cars for the service, those who sent cards, flowers and other gifts or helped us in many other ways.

Mr. and Mrs. George Rivest & Family

## Auger

Because we cannot thank each of you personally, we take this way of thanking the many friends and neighbors who aided by acts of kindness and sympathy at the time of the death of our beloved wife and mother, Mrs. Angelina Auger. Especially do we wish to thank Fr. Ouellette, St. Anne's, who donated the house, loaned cars and the many friends who sent cards and flowers and other gifts. Your many acts of kindness will always remain with us.

Mr. Victor Auger and Family

# Probe Under Way In Plane Crash Which Killed 2

LAKEVIEW (AP) — Federal officials sought today to pin down the cause of a plane crash a half block from Lakeview's business district Saturday which took the lives of a Lakeview man and his nephew.

Agents from the Federal Aviation Administration and National Transportation Board were summoned to assist in the investigation.

Killed were Ralph Rose, 57, a school bus driver and aerial photographer, and his nephew, William Rose, 42, who was a welder and construction worker in Lakeview.

Montcalm County sheriff's deputies said the small plane reportedly flew between two houses, flipped over and struck a tree bordering Lakeview's main street.

The driver of a car on an adjacent road narrowly missed being injured when he veered away from the crash.

# Jeeps For Sale

BATTLE CREEK (AP) — The Defense Logistics Service Center in Battle Creek has announced that the government will auction off 117 Jeep - type vehicles Oct. 14 at Camp McCoy, Wis. The agency said the four-wheel-drive vehicles are in relatively good condition. Twenty other vehicles in poor condition and two Jeep ambulances also are to be auctioned.

## Ex-Marquette Prisoner In Trouble Again

FLINT (AP) — An ex-convict whose career of crime includes bank robberies, prison breaks and an abortive attempt to take a Michigan governor as hostage is behind bars for another 15 years.

The prisoner, Ralph C. Stearn, 66, already has spent more than half his life in jails and penitentiaries.

Federal Judge Stephen J. Roth sentenced Stearn to two concurrent 15-year prison sentences Friday after he pleaded guilty to two bank robberies — in Michigan and Wisconsin — which netted more than \$143,000.

The first holdup took place last Feb. 11 when a lone bandit robbed the Genesee Merchants Bank and Trust branch in Flushing, Mich., and escaped with \$6,098 after spraying tear gas into the building as he backed out the door.

On July 18, two men carrying pistols walked into the Tri-City State Bank of Oak Creek, Wis., forced 16 employees and customers to lay on the floor and made off with \$137,042.79.

Two days later, after the victims had made an FBI agent arrested Stearn in his apartment, where they found \$70,000, three pistols, ammunition and tear gas cartridges.

Stearn pleaded guilty to the Michigan holdup last month and to the Wisconsin robbery Friday, saying he wanted to be sentenced for both offenses at the same time.

Under federal law, a defendant who pleads guilty does not have to be returned to the state where the offense occurred for sentencing.

Stearn's career of crime first attracted attention in 1924, when he was convicted of robbing a speakeasy in Chicago and was sentenced to 3 to 20 years. In 1929, he drew a life sentence for robbing a Detroit shoe store.

Stearn was captured with another convict in an attempted prison break in 1938, and the following year he and two others armed with knives kidnapped the warden, deputy warden and two members of the Michigan Parole Board and escaped from the prison in Marquette.

Stearn's freedom was short-lived, however. He was captured the next day and sentenced to an additional term of 6 months to 3 years.

In 1950, Stearn and others attempted to take then Gov. G. Mennen Williams as a hostage while the governor was visiting Marquette, but the plot was thwarted by alert guards.

Stearn was given another 3½ to 4 years for felonious assault. In 1964, Stearn was paroled. In 1968, he was discharged from custody, after serving 35 years of his life term.

Police are still looking for Stearn's accomplice in the Wisconsin bank holdup.

## Blacks Planning Detroit March?

DETROIT (AP) — The new executive secretary of Detroit's chapter of the National Association for the Advancement of Colored People (NAACP) says black demonstrations at construction sites, similar to those in Pittsburgh, may happen soon in the Motor City.

William H. Penn Sr., 33, made the prediction of demonstrations in a weekend interview in which he said he had received more complaints about job discrimination than anything else.

Penn took over the NAACP post two months ago from City Councilman Robert Tindal, who resigned. The job pays \$13,000 a year.

Penn said blacks hold less than one per cent of the jobs in the skilled construction trades such as brickmason and carpenter, adding that "the atmosphere is ripe" for Negroes to start pushing for higher paying construction jobs.

## Funeral Set

DETROIT (AP) — Funeral services for Fred J. Kennedy, a retired Detroit lawyer and former director of a number of firms, will be held Wednesday in Detroit. Kennedy, 78, died Friday in La Jolla, Calif.

He was a trustee of the Besser Foundation and a director of Stroh Brewing Co. Kennedy formerly was a director of Continental Motors Corp., Kelsey-Hayes Corp., Cunningham Drug Co., Murray Corp. and Sheller Manufacturing Co.

## Bomb Threat

DETROIT (AP) — A telephone bomb threat delayed for nearly three hours Saturday the departure of a Pan American Airways nonstop flight from Detroit to London. Authorities said the telephone caller told Pan Am's office in New York that a bomb had been placed aboard the plane. No bomb was found in a search. The craft had 65 passengers and a crew of nine.

## Card of Thanks

### Walker

We wish to express our sincere thanks to all who expressed their sympathy in our loss, the death of our mother, Mrs. Lou Walker. We especially wish to thank Fr. Fabian Gerstle, the pallbearers, those who sent flowers, offered their cars for the service, those who sent cards, flowers and other gifts or helped us in many other ways.

Mr. and Mrs. George Rivest & Family

### Auger

Because we cannot thank each of you personally, we take this way of thanking the many friends and neighbors who aided by acts of kindness and sympathy at the time of the death of our beloved wife and mother, Mrs. Angeline Auger. Especially do we wish to thank Fr. Ouellette, St. Anne's Society, those who donated and served lunch, brought food to the house, loaned cars and the many friends who sent cards and flowers and other gifts. Your many acts of kindness will always remain with us.

Mr. Victor Auger and Family

## Probe Under Way In Plane Crash Which Killed 2

LAKEVIEW (AP) — Federal officials sought today to pin down the cause of a plane crash a half block from Lakeview's business district Saturday which took the lives of a Lakeview man and his nephew.

Agents from the Federal Aviation Administration and National Transportation Board were summoned to assist in the investigation.

Killed were Ralph Rose, 57, a school bus driver and aerial photographer, and his nephew, William Rose, 42, who was a welder and construction worker in Lakeview.

Montcalm County sheriff's deputies said the small plane reportedly flew between two houses, flipped over and struck a tree bordering Lakeview's main street.

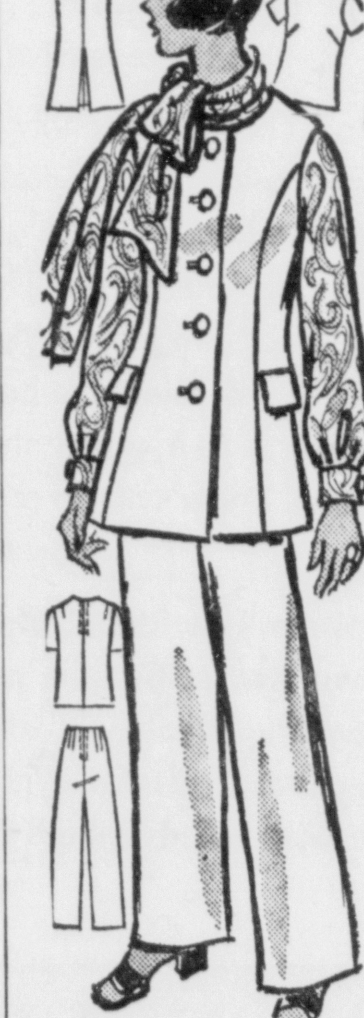

The driver of a car on an adjacent road narrowly missed being injured when he veered away from the crash.

## Jeeps For Sale

BATTLE CREEK (AP) — The Defense Logistics Service Center in Battle Creek has announced that the government will auction off 117 Jeep - type vehicles Oct. 14 at Camp McCoy, Wis. The agency said the four-wheel-drive vehicles are in relatively good condition. Twenty other vehicles in poor condition and two Jeep ambulances also are to be auctioned.

## If You Like Roughing It, U.P. Wilderness Awaits Challenge

MOST PICTURES of the new McCormick Tract show a huge log lodge built by Cyrus McCormick on White Deer Lake. This photo was taken from the lodge, looking back to the boathouse and dock. Car belongs to forest ranger, because the area cannot be entered except on foot. (AP Wirephoto)

CAMPING IS PERMITTED on the McCormick Tract if you can carry your gear on your back, as did Mr. and Mrs. David Lori of Coldwater. No camping facilities have been provided in the new area. Mrs. Lori is the daughter of George Ruwitch, superintendent of East Grand Rapids schools. (AP Wirephoto)

### Extension Agent Is Appointed For Luce County

Daniel A. Napier has been appointed County Extension Director for Luce County.

Announcement was made by the director of Michigan State University's Cooperative Extension Service, George McIntyre, following action by the MSU Board of Trustees.

Napier has been extension natural resources agent for Mackinac County since 1968. Before that he worked for the U. S. Forest Service at East Tawas, Mich., and Neola, W. Va.

He received a bachelor of arts degree from the University of Missouri in 1966 and is a member of the Society of American Foresters.

His office is in the Community Building, Newberry.

### Ex-GM Aide Dies

BIRMINGHAM (AP) — E. Robert Leader, retired general manager of operations for General Motors Corp. in Pontiac, died Sunday in an area hospital. He was 81.

Leader was a former executive vice president of Gar Wood Industries and the Martin Parry Corp.

SHERIFF JAILED — Sheriff Forrester W. Robran of Rio Grande County smiles from behind bars in his own jail in Del Norte, Colo., while serving a 30-day sentence for contempt of court. He was sentenced for permitting "no bail" prisoners to come and go as they pleased in an unauthorized criminal rehabilitation plan.

By RAY VOSS

MICHIGAN (AP) — Wilderness lovers anxious to set foot in, and eye upon, the beautiful McCormick Tract might better wait a couple years but, if you want to rough it, it's there.

The 17,000-acre tract straddling the boundaries of Baraga and Marquette Counties north of Michigan and immediately south of the Huron Mountains is not exactly open to the public, even though the public owns it.

#### Gift To State

It was willed to the U.S. Forest Service a year ago by the late Gordon McCormick, son of Cyrus and grandson of Cyrus Hall McCormick, inventor of reaper. It contains 17,000 acres, about 16 lakes of various sizes, parts of the Yellow Dog and Pesheke Rivers, Baraga Creek and half a dozen other streams of lesser prominence, most of them excellent trout streams.

Cyrus McCormick bought it piecemeal from various owners after he fell in love with the place on a visit around 1885. Some of the previous owners had done some logging, and McCormick also did some selective cutting of prime hardwoods and pines, but it was never "clear cut" as was much of the surrounding terrain and the tract still contains virgin timber.

#### Huge Lodge Built

McCormick built a huge log lodge on an island in White Deer Lake, some 25 yards over water from an also-huge log boathouse and dock which marks the end of the only road into the tract. That road has a locked gate across it at the boundary, where it leaves the Pesheke Grade Road north of Michigan and Champion and threads its one-track way north-easterly through McCormick's hideaway.

#### Several Details Left

He built a foot trail for solitary hiking into the Huron Mountains Club property north and,

reputedly, built another one when he met another hiker on it.

Larry Brown, district forest ranger at Keweenaw, in whose district the tract lies, says development plans for the tract are still undrafted and, in fact, the legal details of final transfer of ownership are not yet completed. Two Forties in the area are owned by others, too, one by the state and the other by an individual.

Because there are no provisions to handle the public, no campgrounds, no launching ramps, no toilets or other facilities, the gate is kept locked to protect the buildings, forest and lakes from uncontrolled public use at this point.

However, the tract is open to those who choose to do it the hard way, under the following rules posted by Ralph Kizer, supervisor of the Ottawa National Forest which includes the McCormick Tract.

#### Authorization Needed

"Overland vehicles of all type may not enter unless authorized in writing by the forest supervisor, except that ice and snow vehicles under 42 inches in width are allowed when there is a uniform snow cover of six inches or more.

"Watercraft equipment or other personal property not being used in connection with a current visit may not be stored or moored and left unattended.

"Camping is permitted but, please, no camping or campfires within 100 feet of the water's edge of any lake or stream (junk and destruction, that's why).

"Please leave a clean camp and carry out all you packed in."

#### Used For Research

After all, the McCormick Tract is not a dedicated or developed public recreation area and, in fact, might never be in the complete sense that a state park or the Sylvania Tract is. One of its uses will be forest research conducted by the Hardwoods Research Laboratory of the U.S. Forest Service at Northern Michigan University in Marquette, but recreation surely will be part of the picture.

A study committee of interested citizens and leaders, many of them local, is being formed now for a meeting in December to help the service draft plans for the tract's management and the uses to which it will be put. Meanwhile, it's just there.

## Dubcek's Fate To Be Voted On

PRAGUE (AP) — The political fate of Alexander Dubcek and others prominent in Czechoslovakia's short-lived liberal movement last year has been settled.

Now the Communist party's 181-member Central Committee will vote on it at a meeting Thursday and then the public will find out.

This was the meaning of an announcement Friday night that the party's 11-member Presidium has called for the meeting Thursday to discuss "the present situation and tasks facing the party."

The Presidium's decision is enough to assure approval by the Central Committee. Minority opinion or dissent will not be made public.

The announcement by the Presidium, to which Dubcek still belongs, indicated that after weeks of postponement and disagreement among party chief Gustav Husak, Dubcek and an anti-Dubcek extremist faction, a decision has been reached on fixing blame for events that led to the Soviet invasion.

Speculation was that Dubcek will lose at least his Presidium seat, and Josef Smrkovsky and a host of other Dubcek supporters probably will be purged from the Central Committee.

Dubcek is reported prepared to resign his remaining party posts and his government office, president of the federal Parliament. However he is said to have resisted demands to perform the Communist ritual of self-criticism.

Dubcek, 47, led the party until April when Husak took over. He is still one of Czechoslovakia's most popular figures.

## Inflation Curb Plans To Affect National Parks

DENVER, Colo. (AP) — Citing President Nixon's anti-inflation spending curbs, the chairman of the House Interior and Insular Affairs Committee says he has canceled consideration this year of proposed new national parks.

Rep. Wayne Aspinall, D-Colo., said Friday night he would not hold hearings for the parks both because of administration cutbacks and a request by Budget Director Robert Mayo for a halt in authorization of funds for land acquisition.

Proposed new parks affected by Aspinall's decision include Voyageurs National Park in Minnesota, Apostle Island National Lakeshore in Wisconsin, Sleeping Bear Dunes National Lakeshore in Michigan and the Big Thicket National Park in Texas.

Proposals also are pending in Congress to authorize appropriations for further land acquisitions in three established recreation areas. These are the Point Reyes National Seashore in California, Cape Cod National Seashore in Massachusetts, and Sawtooth National Recreation area in Idaho.

More people get more news from newspapers than all other sources combined.

# Happiness is a doll at Christmas

Enter our Dress-a-Doll Contest.

Together we'll bring happiness to little girls this Christmas.

We have a supply of beautiful dolls which we plan to give free to as many deserving little girls as we can this Christmas. Each doll needs a dress, however, and here is where you come in.

Take home a doll. They are carefully boxed for easy storage. At your convenience, dress the doll and return it to us by November 21. As a guide, we have chosen six design categories that will help you decide on the type of dress or outfit to make. When all the dolls are returned judges will select the best dressed doll in each category plus a grand champion of the entire contest. There will be prizes, of course, to reward the winners.

Then the dolls will be identified and placed on display for two weeks. But the real purpose, of course, is to provide as many children as possible with an exciting gift at Christmas. With your help and the help of those who will distribute these dolls, we will do just that.

Come in soon. The dolls are available for pick up now.
